

### Section 30-5.1. Permitted Uses within Transect Zones

Buildings in each Transect Zone shall conform to the uses listed in Table V-1. The uses listed shall be conducted within buildings and sites that meet the requirements of this code. No modifications or variances from the requirements of this section shall be allowed. Uses and activities must also conform to the performance of standards in 30-9.45.

- 1 When located along a Type 3 Urban Street.
- 2 Where adjacent to Single Family Residential land use a Special Use Permit is required. Additionally, the associated tasting/taproom cannot exceed 2,500 square feet and is limited to an occupancy load of 99 or less.
- 3 Office uses as a home occupation, limited to ten percent of the office owner's residential unit (first floor only).
- 4 Office uses up to 20% of the building square footage and must be secondary to a principal residential use. No outdoor storage allowed.

### Section 30-5.2. Building Form Standards in Transect Zones

Table V-2 contains the building form standards, which determine the location, scale and massing of buildings. The standards apply to all buildings within the transect zones, except for civic buildings, which are exempt from certain standards. Section 30-5.2. **Error! Reference source not found.** through **Error! Reference source not found.** contain a description of each standard, supplemental regulations, and the exceptions applicable to civic buildings.
