### [120508.](#) Creating Buffer Zones Around Medical Clinics (B)

RECOMMENDATION *The Public Safety Committee continue to discuss the issue of drafting an ordinance creating a buffer zone around medical clinics.*

Highlights from a memorandum provided at the January 8, 2013 meeting from the City Attorney's Office were reviewed to remind those present of First Amendment implications and existing laws regarding buffer zones around medical clinics. There is abundant case law on the issue.

Committee members expressed that they were not in favor of proceeding with creating a buffer zone based on the input of the City Attorney's Office and GPD.

The Committee requested that Bread and Roses send them weekly updates as to the progress of their efforts to ease the problems they are having including calls to the police, what action was taken, and safety efforts the clinic is making when recommended by a Crime Prevention Through Environmental Design (CEPTED) survey. The Committee requested a copy of the CPTED survey and recommendations when completed.

Christine Davy, Andrew Scholberg, Donald Shepherd, Jamine Questa, and Nathan Scott spoke to the issue.
