ARTICLE IV. BOARD OF DIRECTORS; EXECUTIVE COMMITTEE

Section 1: Board of Directors.

The Board of Directors shall be composed of one Director from each of the Members, from which the Board of Directors shall elect a Chair who shall serve at the will of the Board of Directors. The appointment of a Director to represent a Member shall be determined by the governing body of each Member. An alternate Director may also be appointed by each Member who shall serve in the absence or inability of a Director to act or serve at any time during that Director's term. Each Director and alternate Director shall serve at the pleasure of the governing body of the respective appointing Member and may be removed as Director and alternate

Director at any time by action taken with the same formality as the appointment and with the same such notice to FGU. In case of removal of a Director before completion of the term of such Director, unless the alternate Director shall be available to serve, a successor shall be appointed by the Member to serve for the balance of the term. In the event that a Director has been removed, the alternate Director shall serve until a successor Director has been duly appointed. The membership of the Board shall be known as the Florida Gas Utility Board of Directors, herein called the "Board" or "Board of Directors" or an individual member may be known as a "Director." The Board shall establish policies and adopt bylaws necessary to accomplish the purposes of this Agreement. The Board shall also approve the annual budget, however the Executive Committee may approve any amendments to the annual budget to be effective after fifteen (15) business days written notice to each member of the Board of Directors of such proposed revision, together with a copy thereof. Any change to this Agreement, the schedule of fees and charges, the membership policy included in the FGU bylaws, the adoption and amendment of the bylaws to carry out the intent and purposes of this Agreement, and the issuance of any bonds, notes or other such debt obligations of FGU, other than current operating indebtedness shall be approved by the Board. The Executive Committee may carry out the issuance of such debt obligations after initial approval by the Board.

The Board of Directors may by general resolution, delegate to the Executive Committee, powers in addition to the powers set forth in this Agreement and the bylaws, it being the general intent of the bylaws and this Agreement that the Executive Committee shall be responsible for the executive duties and general management of the business, operations and affairs of FGU. The weighted votes to be exercised by the Director for each Member shall be determined in accordance with each Member's percentage of total annual firm gas transportation entitlements assigned to FGU, together with the other votes accorded to each Member, in each case, as set forth below:

1. Membership in FGU will entitle each Member to one (1) vote.
2. If any Member has ceded or transferred all of its firm gas transportation entitlements to FGU and if the annual amounts of its firm gas transportation entitlements ceded or transferred to FGU through aggregation, as a percentage of the total of the aggregated annual firm gas transportation entitlements of FGU, is equal to or less than five (5%) per cent, then that Member will be entitled to one (1) additional vote, for a total of two (2) votes.
3. If the percentage of any Member's annual firm gas transportation entitlements transferred or ceded to FGU is greater than five (5%) per cent but less than twenty (20%) per cent of the total of the aggregated annual firm gas transportation entitlements of FGU, then that Member will be entitled to two (2) additional votes, for a total of three (3) votes.
4. If the percentage of any Member's annual firm gas transportation entitlements transferred or ceded to FGU is equal to or greater than twenty (20%) per cent of the total of the aggregated annual firm gas transportation entitlements of FGU, then that Member will be entitled to three (3) additional votes, for a total of four (4) votes.

5. Members not receiving additional votes under paragraphs 2, 3, and/or 4 shall nevertheless be entitled to one additional vote if that Member contracts with FGU to purchase all of its gas requirements for such Member.

In no event shall any Member have less than one (1) vote nor more than four (4) votes.

Section 5: Vacancies on the Board of Directors.

Any vacancy on the Board of Directors shall be filled by the Member who appointed the Director by written notice to FGU (Attention: the Secretary) in accordance with the provisions of Article IV, Section 1 hereof. The filling of any vacancy on the Board of Directors shall be effective upon receipt of such notice.

Section 6: Bylaws.

The Board of Directors shall adopt bylaws governing rules of order and other subjects required for the conduct of FGU's business in a manner not inconsistent with this Agreement.

Section 7: Executive Committee.

The Board of Directors shall select the members of the Executive Committee and one (1) alternate member of the Executive Committee, based on nominations from a nominating committee selected by the Chair and on nominations from the floor. Each member of the Executive Committee and the alternate shall be a Director. Members of the Executive Committee shall be subject to recall by the Board regardless of whether or not the member's term has expired. The terms of the initial Executive Committee members, subsequent Executive Committee members and the method for recall of members shall be as designated in the bylaws. The Board shall select, recall and replace members of the Executive Committee in accordance with the bylaws. The Executive Committee shall be composed of the Chair of the Board, the Vice Chair (each of whom may be selected from any Member classification), two (2) Directors representing municipal gas distributors (LDCs), two (2) Directors representing municipal electric power generators, one (1) at large Director and one (1) alternate Director (each of whom may be selected from any Member classification). Members of the Executive Committee shall serve at the will of the Board. The Executive Committee shall meet at least one time per quarter or more often if necessary upon call of the Chair, or upon request of two (2) or more members of the Executive Committee. Any such meeting may be cancelled as provided in the bylaws. Five (5) members of the Executive Committee shall constitute a quorum. Each member of the Executive Committee will have one (1) vote and the vote of a majority of those members of the

Executive Committee who are present shall be necessary to decide any question. The alternate member of the Executive Committee will not serve as a member except to fill any vacancy on the Executive Committee for the remainder of the term of a departing member.

Section 8: Duties and Powers of the Executive Committee.

The Executive Committee shall have the authority to manage the executive and business affairs of FGU directly or through a contract with a Member for management services, or through a combination of direct management and contractual services. The Executive Committee shall have all of the power and authority granted by this Agreement and as provided by the bylaws or other action of the Board, and not reserved exclusively to the Board. The Executive Committee may make revisions to the annual budget for FGU which will be effective after fifteen (15) business days written notice to each member of the Board of Directors of such proposed revision, together with a copy thereof. The Executive Committee shall establish all operating procedures necessary to conduct the daily business of FGU and shall have the authority to approve all contracts on behalf of the Board and to delegate the approval of operational contracts as necessary to facilitate the daily business of FGU. The Executive Committee shall approve all operating procedures used by FGU in carrying out its duties and obligations. The Executive Committee shall have the authority to direct the Chair of the Board or the General Manager to execute all contracts approved in accordance with this Agreement or the bylaws and to direct FGU's staff to execute all operational contracts whether specifically approved by the Executive Committee or approved by staff in accordance with operating procedures established by the Executive Committee.

The Executive Committee shall appoint a General Manager for FGU subject to approval by the Board of Directors. The General Manager may be a direct employee of FGU, an employee of a Member providing management services under contract to FGU, a contract employee of FGU or a contract employee of a Member providing management services under contract to FGU. The General Manager may select or hire agents or employees as the Executive Committee may from time to time determine to be necessary to follow the policies of the Board, but except for the General Manager, the Executive Committee shall have no direct supervisory authority over any direct employee of FGU, any employee of a Member providing management services under contract to FGU, or any contract employee of a Member or FGU.

The business and affairs of FGU shall be managed by the General Manager under the general direction of the Executive Committee through the Chair in accordance with policies established by the Board of Directors, and subject to the restrictions imposed by law and this Agreement. The General Manager shall

receive direction from the Chair on behalf of the Executive Committee but shall not receive direction from any single member of the Executive Committee except through the Chair.

The Executive Committee may accept and disburse funds for FGU on behalf of the Board which are appropriated to FGU either by any governmental body or from whatever source.

The Executive Committee may apply for and receive grants and donations of all kinds on behalf of FGU, and it may expend all such funds for any lawful purpose consistent with the general purposes and policy of the Board.

Section 9: Meetings by Electronic Communications.

Meetings of the Board of Directors, except for the Annual Meeting, and meetings of the Executive Committee may be held by telephonic conference call or other electronic communications by means of which all persons participating in the meeting can hear the other at the same time. The Board may agree to undertake a project involving investment of capital, other than minor capital expenditures, and for the investigations of the desirability of establishing a project or taking other action ("Study Project") and may elect to establish a separate budget or budgets for such projects. All Members shall be afforded an opportunity to participate on an equitable basis in any project and the Board may permit other public entities to participate. When a project is operational, if less than all Members, or if non-members, are participants, FGU may maintain a separate subsidiary operating account on each such project which will demonstrate the financial relationship between the project and FGU's general operating budget. Special projects shall be implemented and carried out as provided by the Executive Committee.

Section 2: Termination of Projects.

Upon the termination of any project of FGU (other than a Study Project) and after

(a) all bonds, notes or other evidences of indebtedness of FGU with respect to such project, and the interest thereon, shall have been paid or adequate provision for such payment made in accordance with the provisions of such bonds, notes or other evidences of indebtedness, and

(b) all contractual obligations undertaken by FGU with respect to such project and all liens, charges and encumbrances to which the property constituting a part of such project is subject shall have been satisfied, released or adequately provided for,

then all property, real, personal, tangible and intangible of FGU constituting a part of such project shall promptly be divided among and distributed to the parties participating in such project in the proportion that each party's participation in such project bears to the participation of all parties participating in such project, or in such other manner as such parties shall agree.

ARTICLE VII. MISCELLANEOUS

Section 1: Recovery of Costs.

FGU shall be a not-for-profit entity, whose actual operating costs will be reimbursed by the Members and customers in accordance with policies adopted by the Board. In addition, each Member will be obligated to reimburse FGU for its share of all gas or other energy supply, transportation and other costs incurred by FGU for the primary benefit of such Member in accordance with the bylaws and policies adopted by the Board.

Section 2: Accumulated Net Revenues.

After all expenses and obligations of FGU are provided for, any surplus revenue over and above expenses of FGU and any reserve fund established by the Board and funded by the budget will be proportionately returned to the Members or other entity in accordance with the bylaws and policies adopted by the Board, or as provided by any bond resolution or trust indenture adopted by FGU for the issuance of bonds or other indebtedness.

Section 3: Fiscal Control.

FGU shall maintain its financial records in accordance with generally accepted accounting principles. An annual budget shall be adopted by the Board. Members shall be furnished copies of the annual audit and all other financial records they may from time to time request.

Section 4: Filing with Clerk of Circuit Court.

A copy of this Agreement and all subsequent amendments thereto shall be filed with the Clerk of the Circuit Court of each County in which each of the Members is located and with such other agencies of the State of Florida as may be required by law.

Section 5: Amendments.

This Agreement may be amended when initiated by any Director by notifying the Board and providing the text of the proposed change in writing to the Board at least twenty (20) business days prior to a vote thereon. No proposed amendment shall be effective unless approved by a weighted vote of seventy per cent (70%) of the Member votes of FGU as specified in Article IV, Section 4 hereof.

Section 6: Prohibited Transactions with Staff.

Except for routine communications dealing with service personnel pursuant to gas service or supply agreements, no Director, member of the Executive Committee, in each case, except for the Chair, or Member shall give orders or directives to the staff of FGU.

Section 7: Seal.

The Board of Directors may adopt a seal of FGU and shall have the authority to change or alter such seal.

Exhibit B

DESCRIPTION OF SYSTEM (including gas burning, distribution facilities or other operations)

THE UTILITIES SYSTEM

General

Under its home rule powers and pursuant to the Charter, the City owns and operates the System, which provides the City and certain unincorporated areas of the County with electric, natural gas, water, wastewater, and telecommunications service. Natural gas service is also provided to retail customers within the corporate limits of the City of Alachua, Florida ("Alachua"). All facilities of the System are owned by the City, and all facilities, except the City's undivided ownership interest in CR-3, are operated by the City. The System is governed by the City Commission.

The electric system was established in 1912 to provide street lighting and electric service to the downtown area. Continuous expansion of the electric system and its generating capacity has resulted in the electric system serving an average of 87,260 customers in the fiscal year ended September 30, 2005 and having a maximum net summer generating capacity of 611 MW.

The natural gas system was acquired from the Gainesville Gas Company in 1990 to provide gas distribution throughout the City. The gas system served an average of 31,706 customers in the fiscal year ended September 30, 2005.

The water and wastewater systems were established in 1891 to provide water and wastewater service to the City. The water and wastewater systems served an average of 64,692 and 57,553 customers, respectively, in the fiscal year ended September 30, 2005. The water system has a nominal capacity of 54 Mgd and the wastewater system has a treatment capacity of 22.4 Mgd AADF.

The telecommunications system, GRUCom, was established in 1995 to provide communication services to the Gainesville area in a manner that would minimize duplication of facilities, maximize interconnectivity, simplify access, and promote the evolution of new technologies and business opportunities. GRUCom operates a state-of-the art fiber optic network and current product lines include telecommunications transport services, Internet access services, communication tower antenna space leasing services, and public safety radio services.
