**RECOMMENDATION**

*The RUC approve the minutes of the September 19, 2012 meeting as circulated.*

[2012-09-19 RUC Minutes](#)**CURRENT ACTION ITEMS**[110665](#)

Review of the GRU Cost Allocation Study

*Explanation: The Cost of Service Studies for the electric, gas, water and wastewater systems are performed annually by GRU staff, as is typical of many utilities. It is prudent to have independent analysis periodically to ensure the validity of the studies' methodologies and results. It has been more than 10 years since an independent cost of service has been conducted for GRU, thus, management felt it was appropriate to engage a consultant to perform independent studies at this time. These studies are underway and will soon be complete to share with the RUC and the City Commission. During this October meeting, Baker Tilly will give a presentation covering the methodology of their studies in preparation for a more in depth presentation in November, after the report is finalized.*

**RECOMMENDATION**

*The Regional Utilities Commission (RUC) receive a presentation from Baker Tilly Virchow Krause, LLP, to discuss the fundamentals of the Cost of Service Studies performed on behalf of GRU.*
