Subject: Gainesville Cultural Affairs Board

Dear Russell,

After much reflection, I am tendering my resignation from the Gainesville Cultural Affairs Board. This is absolutely no negative reflection on the Board, the Members or the Administration. I have enjoyed my time and participation on the Board and it's activities.

I'm resigning because I'm 80, I no longer feel safe driving after dark and I have limited energy for participating in the diverse activities that are planned by the Board, which I think should be strongly requested of its Members. I loved being able to bring information about the community theaters to the group. I really enjoyed hearing about upcoming events sponsored by the city and its environs. I just cannot participate due to family responsibilities and my own limitations.

Thanks for your support and if I need to send/forward this resignation letter to a more proper place, please let me know.

Regretfully,
Suzanne Kiker
