## **Interests & Experiences**

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

During my time as an intern for the Greater Tallahassee Chamber of Commerce, I learned that a city's history has a considerable impact on its future. People prefer to move to a city that has history and uniqueness, and Gainesville is one such example. The four NRHP Districts in Gainesville add a unique character and flavor to the city and serve as an important driver of future growth. Many UF students that I have spoken to during my time at UF have all agreed that one of the aspects of Gainesville that they enjoyed the most were its historic buildings since they gave Gainesville a distinctiveness. With Gainesville having been my home for the past 5 years, I wish to apply for a position on the Historic Preservation Board to work towards preserving the historic beauty of this city to ensure its future success. As for my qualifications, I would be a strong addition to the committee due to my previous experiences in UF Student Government, UF Inter-Residential Housing Association (IRHA), the Greater Tallahassee Chamber of Commerce, and the UF Campus Student Housing University Committee. My time spent in UF Student Government as a student senator was valuable experience because I learned parliamentary procedure, and my time on the UF Campus Student Housing University Committee makes me a strong addition to the committee because it provided me with the experience of serving on an advisory committee. My previous internship with the Tallahassee Chamber and involvement IRHA also provided valuable experience for use on the Historic Preservation Board because I possess experience interacting with city and state government from my internship at the Tallahassee Chamber, and I know how to develop programs to simulate interest from my time as member of IRHA. During my involvement in IRHA, I had to create programs to engage students within the dorm community and get students involved in events around campus, which will translate well to developing programs to stimulate public interest in urban neighborhood conservation policies if selected to be a member of the board. If you have any questions regarding my qualifications, I can be reached at [nlomurro@gmail.com](mailto:nlomurro@gmail.com) or 904-704-5004. Thank you for your time and consideration.

Question applies to Student Community Relations Advisory Board

**Why are you interested in serving on the Student Community Relations Advisory Board?**

---

I am interested in serving on a City of Gainesville Advisory Board because I want to do my part in the community and give back to a city that has given so much to me during my time here in college. I specifically want to serve on the Student Community Relations Advisory Board because students are a large proportion of Gainesville's population and have a considerable impact on the city's future development. I want to work on this committee to ensure that college students in Gainesville feel that the city is responsive to their needs to succeed in college. By being responsive to student needs and building strong relations with the local student community, the city can attract future students to move to Gainesville, continuing the future growth of the city and its development into a thriving community. As for my qualifications, I would be a strong addition to the committee due to my experiences in UF Student Government, the Greater Tallahassee Chamber of Commerce, the UF Campus Student Housing University Committee, and as a UF student. My time spent in UF Student Government as a student senator is valuable experience because I learned parliamentary procedure and I gained experience serving as a liaison for students, and my time on the UF Campus Student Housing University Committee is valuable because it provided me the experience of serving on an advisory committee. My previous internship with the Tallahassee Chamber is also valuable experience because I have experience interacting with city and state governments. If you have any questions regarding my qualifications, I can be reached at nlmurro@gmail.com or 904-704-5004. Thank you for your time and consideration.

## **Interests & Experiences**

Question applies to Student Community Relations Advisory Board

**Why are you interested in serving on the Student Community Relations Advisory Board?**

---

There are two main reasons why I would like to continue serving on the committee: the first of which is to finish a lot of the projects and ideas we had talked about during previous meetings before COVID-19 ended our regular in-person meeting schedule. The second of which is just to continue being a good liaison between the students at the University of Florida and the City of Gainesville government. I feel like I have been able to do a good job spreading information I learned during committee meetings to other students at UF so far, so I would like to continue learning and continue informing.
