## The x2 Police: A rugged partner

The Segway® Personal Transporter (PT) x2 Police is a versatile and productivity-enhancing policing solution, designed specifically for the needs of police officers and security personnel who work in a variety of terrains. Based upon the rugged Segway x2, it features the new LeanSteer technology, the wireless InfoKey controller, long-lasting Saphion® lithium-ion batteries and includes the following components:

- Accessory Bar is perfect for mounting lights, sirens, a GPS unit, and other accessories that utilize round handlebar clamps
- Police/Security Reflectivity helps establish your presence and enhance officer visibility in the dark or in high-traffic locations
- Handlebar Bag offers various storage options for emergency and other patrol equipment
- LED Tail Light attaches with versatile clip and alerts traffic to your presence
- Universal Cargo Plates allow easy attachment of various cargo solutions, including Segway Hard Cases by Givi (not included)

The x2 Police maximizes an officer's visibility, as well as his or her ability to be seen by others. Raising an officer an additional 9.5 inches off the ground, it places an officer a clear head above the
