Russell,

Thank you so much for your time on the Board! As I expressed in our phone conversation, you are greatly appreciated for what you bring to the table.

I can understand your situation, and I too hope you will be able to join us again in the future. We welcome your input to the Board as a private citizen / neighbor.

Let's keep in touch.

Dave

Subject: Tree Advisory Board Membership.

Dave,

I regret to inform you, that due to an increasing workload and my situation with parents in failing health in Georgia, I can no longer fulfil my obligations as a City of Gainesville Tree Advisory Member.

I have missed several meetings lately and the prospect of missing more in the future is great.

It is not fair to the citizens of Gainesville or to the other board members not to have full representation on this important board.

I would like to remain as active as I can and will attend as many meetings as possible as a private citizen.

I will offer comments and suggestions when asked, and if appropriate, may ask questions of the board and presenters.

I hope there is a time in the future that I may become a Tree Advisory Board Member again.

Please let me know if I need to do anything further regarding this matter.

Respectfully

Russell Adams
