

INTER-OFFICE COMMUNICATION
General Manager's Office

DATE: October 28, 2010

TO: CDC Chair Commissioner Hawkins, Commissioner Wells and
Commissioner Donovan

FROM: Bob Hunzinger, General Manager GRU

SUBJECT: Energy Efficiency Standards and Requirements Item# 050761

Executive Summary:

On January 28th, the CDC made a presentation to the City Commission recommending adoption of an ordinance amending the minimum housing code to include a minimum efficiency standard of R19 insulation in the attic. This recommendation was referred back to the Community Development Committee for further discussion. Subsequently, on August 19th the CDC presented recommendations to the City Commission which were passed on consent. The recommendations included Education, Social Pressure and Multi Dwelling Unit components. The remaining item regarding "R19 Attic Insulation as a Standard of the Minimum Housing Code" was kept in Committee.

Recommendation:

The CDC hear a presentation on energy efficiency measures in single and multi-family rental units.

Explanation:

The City Commission referred the Energy Efficiency Standards and Requirements back to the CDC on January 28th, 2008.

Fiscal Impact:

N/A
