Item Number: 1

FROM:

Planning Department Staff

DATE: November 2, 2010

SUBJECT:

Petition BA-10-7 APP. Sondra Randon, Esquire, agent for Bruce Wayne

Baber, appealing an administrative decision of Planning Staff's

determination that a dog sitting business is not a legal nonconforming use or a use by right in the RSF-2 (4.6 units/acre single-family residential district)

zoning district. Located at 1713 NW 7th Avenue.

Explanation

On April 21, 2010, Mr. Baber applied for a home occupation permit for a dog sitting/care business, Mr. Baber stated that he started the business on October 15, 2006 at his home (see Exhibit 1). The application was denied by Code Enforcement because it did not meet the requirements for a home occupation permit. On June 4, 2010, Mr. Baber reapplied for a home occupation permit that was approved by Code Enforcement to have an office in his home for a dog walking business in which Mr. Baber goes to the client's home to walk the dogs. The June 4, 2010 application also indicates that the dog walking business was started at his home on October 15, 2006 (See Exhibit 2).

On June 8, 2010, after receiving a complaint, Code Enforcement investigated and cited Mr. Baber for conducting a dog sitting and dog care business in a single family zoned structure. The "Warning Notice to Correct Violation" (see Exhibit 3) cited three code section violations: Sec. 5-3 keeping or harboring animals for purpose other than pets; Sec. 30-45 any uses not permitted in a zoning district shall be prohibited; and Sec. 30-357(a) establishing a business without a zoning compliance permit is unlawful. According to the Code Enforcement Division, Mr. Baber came in to compliance by ceasing to operate the dog sitting and dog care business in his home, except for a home office (Permit #CE-10-01806), and now operates his business by visiting his client's homes to dog sit and walk. As a result of his compliance, the Code Enforcement Division closed the matter.

On September 13, 2010, Mr. Baber, through his attorney Sondra Randon, requested the Planning & Development Services Department render a determination that Mr. Baber's use of his home for operation of a dog sitting business is a legal nonconforming use and/or a use by right (see Exhibit 4). This request is essentially the same as requesting a zoning compliance permit. On September 14, 2010, the Planning & Development Services Department issued a response denying the request for the reasons stated therein (see Exhibit 5). Pursuant to Section 30-354(h), Mr. Baber (the "applicant") is now appealing the September 14, 2010 decision made by the Planning & Development Services Department to the Board of Adjustment.

Given that the City never issued Mr. Baber a home occupation permit or a zoning compliance permit for such a use at the location named above and that Mr. Baber did not apply for an occupational license for the use when he started the business, and that the use is not permitted in a single family zoned area, the City can not establish the use as a legal use. Based on the City's zoning regulations that do not list dog sitting as a permitted use in the RSF-2 (residential-single family) zoning district, and absent the issuance of any permits or licenses, the use is an illegal use in the RSF-2 district. The Land Development Code specifically states; "any use not permitted by right, by zoning compliance permit, by special use permit, as a special exception or as an accessory use in the zoning district shall be prohibited in such district." The list of permitted uses in the RSF-2 district is attached (Exhibit 6 and 6A), and the uses have virtually remained unchanged since 1982. The dog sitting and care business can not be considered an accessory use as a home based business because it would not qualify under section 30-58 (d) (1),(6),(9) and (14) of the land development code (see Exhibit 7).

Petition BA-10-7APP November 2, 2010

In summary the basis for the staff determination on September 14, 2010 is as follows:

- The City of Gainesville never issued Mr. Baber a permit for the use;
- The land development code does not allow a dog sitting and care business as a use by right, special use permit or accessory use in the RSF-2 zoning district;
- The applicant is in clear violation of Section 30-45 of the land development code which states: Any use not permitted by right, by zoning compliance permit, by special use permit, as a special exception or an accessory use in a zoning district shall be prohibited in such district;
- The dog sitting and care business can not be established as a home occupation because it would not be able to meet the conditions established in Section 30-58(d) (1), (6), (9) and (14); and
- The applicant has not presented any evidence that support the claims that the use was every a permitted use (no permits or licenses).

Staff notes that Mr. Baber's attorney cites the City Code of Ordinances Section 5-3, as authority for her clients position that, since prior to October 23, 1995 a person could keep animals other than "pets" in their home, if Mr. Baber can prove that he kept animals other than "pets" prior to that time, his keeping of such animals is a legal non-conforming use. However, this argument misapprehends Sec. 5-3, which is an Animal Control section enforceable by the Code Enforcement Division and enacted to make clear that persons in the City could not keep fowl, livestock or other animals for labor or food within a residential district. This argument ignores the RSF-2 zoning district, which as far back as 1982 and perhaps earlier, has not allowed the operation of a business, other than a permitted home occupation. So even assuming that Mr. Baber could, prior to 1995, keep animals other than pets at his home, if he were doing so as a business he would have to have met the requirements of and been issued a home occupation permit for such business use in order to be a lawful use in the RSF-2 zoning district. Staff can find no support for the assertions of Mr. Baber's attorney that Section 5-3 can or should be read to "indirectly amend" the Land Development Code or "inherently establish" business uses that are and were, even in 1995, unlawful in a residential zoning district.

In summary, staff finds no legal or factual basis for a determination that Mr. Baber's dog sitting and care business was ever a legal use by right, or use by special use permit, or a use allowed as an accessory use in single family residential district. The applicant has not submitted any evidence that proves otherwise as part of the application submitted on September 16, 2010 (Exhibit 8).

Respectfully submitted,

Ralph Hilland

Re: Request for Determination

To Whom It May Concern:

Bruce Baber respectfully requests the City of Gainesville Planning and Development Services Department to render a favorable recommendation to his request for a legal nonconforming use and/or a use by right on his property located at 1713 NW 7th Avenue under the additional analysis.

In essence, Section 5-3 of the Animal Control Code, created a prohibited use in all residential and mixed-use districts as defined in sections 30-41(a)(1) and 30-41(a)(4), respectively. Although the prohibition did not amend Chapter 30 of the Land Development Code, it clearly established a prohibited use in certain zoning districts within the City of Gainesville. Prior to the adoption of Section 5-3 (10/23/1995), a similar or consistent prohibited use did not exist in the City of Gainesville Code of Ordinances. In fact, in 1987, when Mr. Baber began dogsitting, the City Code was entirely silent as to the care of animals in residential districts.

Furthermore, Section 5-3 permits the use Mr. Baber previously enjoyed for the past 22 years by right or as a legal nonconforming use existed on October 23, 1995.

It is Mr. Baber's position that Section 5-3 indirectly amended the Land Use Code in a way that inherently established Mr. Baber's use as a implicit use by right or a legal nonconforming use due to the existence of his use prior to the adoption of the use prohibition on October 23, 1995 and the continuation of same without incident until he received a City of Gainesville Warning Notice to Correct Violation on June 8, 2010.

Subject: RE: Request for determination

Mr. Hilliard:

I apologize for the delay in returning this message. I was in a trial all day and just returned to my desk.

Bruce Baber is requesting clearance to use his property to keep other people's dogs on his property for certain periods of time (dog-sitting) for a monetary amount.

I understand your position that BOA can only review issues relating to Chapter 30, however, it is our position that Section 5-3 creates a prohibited use that directly effects operation of Chapter 30.

If you have any questions, please feel free to contact me.

Thanks,

Sonára

Subject: Request for determination

Ms. Randon, I received your request for a determination. However, the first paragraph of your letter does not clearly state for what purpose the request is being made. Your letter specifically states, "request the City of Gainesville Planning and Development services Department to render a favorable recommendation to his request

for a legal nonconforming uses and/or use by right on his property located at 1713 NW 7th Avenue under the additional analysis." The request does not state the specific use for which a determination is being request. Please state the specific use for which you are requesting a determination. You can do this via return e-mail to me that I will attach to your letter dated September 13, 2010. Given the quasi-judicial nature of the proposed request we need to make sure the record is clear about the request. Please be advised that the Board of Adjustment can only review issues related to Chapters 6 and 30 of the City Code of Ordinances.

Subject: Request for Determination (Dog Sitting)

City Staff has reviewed your letter dated September 13, 2010 and follow-up email requesting a determination that Mr. Baber's dog sitting business is either a legal nonconforming use and/or a use by right on property located at 1713 NW 7th Avenue.

Given that the City never issued Mr. Baber a permit for such a use at the location named above and that Mr. Baber did not apply for an occupational license for the use when he started the business, and that the use is not permitted in a single family zoned area, the City can not establish the use as a legal use. Based on the City's zoning regulations that do not list dog sitting as a permitted use in the RSF-2 (residential-single family) zoning district, and absent of the issuance of any permits or licenses, the use is an illegal use in the RSF-2 district. The Land Development Code specifically states," any use not permitted by right, by zoning compliance permit, by special use permit, as a special exception or as an accessory use in the zoning district shall be prohibited in such district."

The list of permitted uses in the RSF-2 district is attached, and the uses have virtually remained unchanged since 1982. The use can not be considered an accessory use as a home based business because it would not qualify under section 30-58 of the land development code.

Sincerely,

Ralph Hilliard

Sec. 30-58. - Home occupation permits.

- (a) Findings. The city recognizes that there are benefits to be gained from allowing residents to earn income from occupations conducted within their homes. These benefits include but are not limited to:
 - (1) A reduction in work-related and other automobile trips.
 - (2) Permitting more citizens, including the handicapped, aged and mothers of small children, to participate in the workplace.
 - (3) Allowing many of these citizens to have jobs while meeting various family obligations.
 - (4) Providing individuals and families income necessary to own and properly maintain homes in the city's neighborhoods.
- (b) Purpose. At the same time the city recognizes that its residents should expect their neighborhoods to be quiet and safe places to live and that home occupations should not be allowed to alter the primarily residential character of these neighborhoods or to endanger the health, safety or morals of residents of the neighborhood. For these reasons, it is the purpose of this section to:
 - Protect residential areas from the adverse impacts of activities associated with home occupations.
 - (2) Permit residents of the community a broad choice in the use of their homes as a place of livelihood and the production or supplementing of personal and family income.
 - (3) Establish criteria, development standards and performance standards for home occupations conducted in dwelling units.

It is not the intent of this section to regulate the teaching of fine arts, family day care homes and community residential homes, as defined in article II.

- (c) Permits.
 - (1) A person desiring a permit for a home occupation shall make an application in the departments designated by the city manager. A person may only apply for a home occupation permit to be used at his/her primary place of residence. An initial filing fee to cover the cost of an inspection issuing a permit shall be paid at the time of submitting the application, an annual permit processing fee shall be paid for each and every year, and an additional fee shall be paid every three years to cover the cost of reinspection. All fees shall be in accordance with Appendix A. Any person exempt from the payment of a license tax under the provisions of subsection 25-50 (a) shall also be exempt from the payment of the above-mentioned fees. Such application for a permit shall include the following:
 - a. Name of applicant;
 - b. Location of dwelling unit where the home occupation will be conducted;
 - c. Total floor area of the dwelling unit;
 - Area of room or rooms to be utilized in the conduct of the home occupation;
 - e. A sketch with dimensions showing the floor plan and the area to be utilized for the conduct of the home occupation. This sketch will show the location and nature of all equipment to be utilized in the conduct of the home occupation, as well as the locations for storage of materials used in the conduct of the home occupation and the identity and nature of these materials; and
 - f. The exact nature of the home occupation.
 - (2) If the proposed home occupation complies with all of the requirements of subsection (d) of this section, the enforcing officer shall issue the home occupation permit. Once such home occupation permit is issued to an applicant, it cannot be transferred to another person through the sale, leasing or rental of the premises on which the home occupation is located or in any other manner; except that, in the case of death, should a surviving spouse or child residing at the same address desire to continue the home occupation, written notice to that effect shall be given to the enforcing officer and the permit may be transferred. Such home occupation permit cannot be used by the applicant for any premises other than that for which it was granted.
 - (3) All persons possessing a home occupation permit at the effective date of this section shall be phased into the annual process upon expiration of their current permit. Any home occupation permit issued after the effective date of this section shall expire on September 30, 1989, and be renewable for October 1 through September 30 for all successive years. The city shall not automatically renew each home occupation permit previously granted, but shall scrutinize all applications, either original or renewal, to ensure that permitted home occupations are in compliance with this section.
 - (4) Any person may seek revocation of a home occupation permit by making application therefor to the enforcing officer, who shall cause an investigation to be made to determine whether the permit holder is conducting such home occupation in a lawful manner as prescribed in this section. In the event that the enforcing officer determines that the permit holder is in violation of the provisions of this section, the permit shall be immediately revoked by the enforcing

100057

officer. The decision of the enforcing officer shall be subject to appeal to the board of adjustment as prescribed in section 30-354. During such an appeal, the action of the enforcing officer is stayed. If the enforcing officer determines that the public safety is at risk, appropriate regulating agencies and authorities shall be immediately notified.

- (5) The following shall be considered as grounds for the revocation of a home occupation permit:
 - a. Any change in use or any change in extent or nature of use, or area of the dwelling unit being used, that is different from that specified in the granted home occupation permit form, that is not first approved by the enforcing officer shall be grounds for the revocation of a home occupation permit. The operator of a home occupation must apply for a new home occupation permit prior to any such changes.
 - b. Any change in use, extent of use, area of the dwelling unit being used, or mechanical or electrical equipment being used that results in conditions not in accordance with the provisions of the required conditions of subsection 30-58(d) shall result in immediate revocation of the home occupation permit.
 - Failure to pay the annual permit processing fee or the reinspection fee required every three years shall result in the loss of the home occupation permit.
- (6) The following conditions shall apply for home occupation permits which have been revoked:
 - Initial revocation: Reapplication may only occur when the condition(s) causing the revocation has been abated.
 - Second revocation: Reapplication may only occur after one year and when the condition (s) causing the revocation has been abated.
 - c. Third violation: The home occupation permit shall not be reissued.
- (d) Required conditions. All permitted home occupations shall comply with the following standards and criteria:
 - (1) The home occupation shall be conducted only within the principal building, except for any related activities conducted off the premises.
 - (2) No more than one additional person other than the residents residing on the premises shall be employed or engaged in the home occupation at the premises.
 - (3) There shall be no alteration or change to the outside appearance, character or use of the building or premises, or other visible evidence of the conduct of such home occupation. There shall be no display of products visible in any manner from the outside of the dwelling.
 - (4) No home occupation shall occupy more space than 20 percent of the total floor area of a dwelling unit, exclusive of any open porch, attached garage or similar space not suited for or intended to be occupied as living quarters, provided that in no event shall such home occupation occupy more than 500 square feet. Rooms which have been constructed as additions to the dwelling unit and any attached garage or open porch which has been converted into living quarters shall not be utilized for such home occupation, nor shall they be considered as floor area, until two years after the date of completion thereof, as shown on the city's records.
 - (5) No commodities or goods of any kind shall be sold on the premises, nor displayed on the premises for sale elsewhere, with the following exceptions:
 - a. The sale and display of items produced or fabricated on the premises as part of the home occupation, such as art and handicrafts, is permitted.
 - b. Orders made by phone, mail or sales party may be filled on the premises.
 - c. If sales parties for the purpose of selling merchandise or taking orders take place at the location of the home occupation, such parties shall not take place more than four times in any one calendar year, and each party is limited to one 24-hour period.
 - (6) No equipment or process shall be used in such home occupation which creates noise, vibrations, heat, glare, fumes, dust, odors or electrical interference detectable to the normal senses outside the dwelling, or, in the case of attached dwelling units or multiple-family dwellings, detectable to the normal senses beyond the walls of the dwelling unit; nor shall there be any combustible materials located anywhere on the premises which are in violation of the city's fire code. In the case of electrical interference, no equipment shall be used which creates any visual or audible interference in any radio or television receivers off the premises, or causes fluctuations in line voltage off the premises.
 - (7) No articles or materials used in connection with such home occupation shall be stored on the premises other than in the principal building so used, and any area used for storage shall be counted toward the maximum permissible floor area used for such home occupation.
 - (8) No more than one automobile or truck, which shall not be larger than a stock three-quarter-ton panel or pickup truck, used in conjunction with such home occupation shall be permitted to park on the premises in question or off the premises in question and within view from surrounding properties. Such vehicle may only have two signs, not exceeding two square feet in area, each mounted flat against or painted on the sides.

(9)

- No home occupation shall be permitted which involves the visitation of clients, customers, salesmen, suppliers or any other persons to the premises which would generate vehicular traffic in excess of two vehicles concurrently or more than ten vehicles per day.
- (10) Deliveries from commercial suppliers shall not be made more than twice a week to the dwelling unit in question, and the deliveries shall not restrict traffic circulation.
- (11) In no case shall a home occupation be open to the public at times earlier than 7:00 a.m. nor later than 10:00 p.m.
- (12) The total number of home occupations conducted within a dwelling unit is not limited, except that the cumulative impact of all home occupations conducted within the dwelling shall not exceed the limits of one home occupation as established in subsection 30-58(d).
- (13) There shall be no illegal discharge of any materials, fluids or gases into the sewer system or any other manner of discharging such items in violation of any applicable government code.
- (14) Home occupations shall comply with all local, state or federal regulations pertinent to the activity pursued, and shall not be construed as an exemption from such regulations.

APPEAL OF ADMINISTRATIVE DECISION

The process for requesting an appeal is documented in the Land Development Code Chapter 30-354(h).

Please provide the following: A copy of the administrative official's written decision (e.g., written interpretation of code, denial of permit, etc.). NOTE: An appeal must be filed within 20 days from the date of the written decision. Date of Administrative Decision: 9/14/2010 Reduced images or digital submission for oversized paper documents (greater than 11x17) Any additional information to support the application for appeal
(1) Please describe the nature of the administrative decision that was rendered and how the petitioner is adversely affected by the decision. City Staff determined Petitioner's dog care use can not be established as a legal use because (1) he was never issued a permit for use, (2) he did not apply for an occupational license for the use when he started, and (3) the use is not permitted in a single family residence.
The Petitioner is adversely affected by this decision due to the unreasonable hardship he endures from losing the business he depended on for so many years as well as the companionship and enjoyment he shared with the dogs and his customers.
(2) Please provide a statement of all disputed issues of material fact or state that there are no disputed issues of material fact.
There are no disputed issues of material fact.
3) If there are disputed issues of material fact, the petitioner is entitled to have the dispute heard by a hird party hearing officer or by the Board of Adjustment. Please indicate if the right to a hearing officer is waived in which case the Board of Adjustment will decide on the matter of the disputed ssues of material fact. Third party hearing officer Refer to procedures in 30-354(h)(5)b
4) Please provide a concise statement of the ultimate facts alleged, including specific facts that the pplicant contends would warrant reversal by the board or would warrant modification of the dministrator's decision.
In essence, Section 5-3 of the Animal Control Code, created a prohibited use in all residential and mixed-use districts as defined in sections 30-41(a)(1) and 30-41(a)(4), respectively. Although the prohibition did not directly amend Chapter 30 of the Land Development Code, it is the position of Petitioner that it established a prohibited use in specific zoning districts, thereby indirectly amending Chapter 30-41(a)(1) and (a)(4).
Even though Chapter 30 did not expressly provide that dog sitting was a permitted use in the RSF-2 district at the time Petitioner began his use in 1987, adoption of Section 5-3 established that such use

was previously permitted in Residential districts. Further, Section 5-3 prohibited this use after October 23, 1995, unless such use was allowed by right, or special use permit or if such use existed as a legal non-conforming use on October 23, 1995.
City Staff correctly stated in their decision that dog-sitting was not an expressly permitted use in RSF-2 districts at the time Petitioner began dog-sitting. However, it is Petitioner's assertion that dog-sitting was a permitted use until the date it was found to be prohibited, thereby inherently establishing Petitioner's use as a implicit use by right; or in the alternative, a legal nonconforming use due to the existence of his use prior to the adoption of Section 5-3 and the continuation of same without incident until he received a City of Gainesville Warning Notice to Correct Violation on June 8, 2010.
Furthermore, prior to the adoption of Section 5-3, a similar or consistent prohibited use did not exist in the City of Gainesville Code of Ordinances. In fact, in 1987, when Mr. Baber began dog sitting, the City Code was entirely silent as to the care of animals in residential districts.
5) Please provide a statement of relief sought by the applicant, stating precisely the remedy the applicant seeks from the board.
Petitioner respectfully requests the Board:
(1) find that he has a right to use his property to operate a dog-sitting business, in addition to its current permitted residential use; and/or
(2) find that his use is permitted by operation of a legal nonconforming use based on the existence of same use prior to the use restriction created by Section 5-3 and the continuation of the same use until he received Notice from Code Enforcement; and
(3) reimburse the filing fee associated with filing this appeal; and (4) permit his dog-sitting business to resume upon a finding that he has a right to use or a legal
nonconforming use; and
(5) award any other remedy that the Board deems appropriate and just.

Subject: Request for Determination (Dog Sitting)

City Staff has reviewed your letter dated September 13, 2010 and follow-up email requesting a determination that Mr. Baber's dog sitting business is either a legal nonconforming use and/or a use by right on property located at 1713 NW 7th Avenue.

Given that the City never issued Mr. Baber a permit for such a use at the location named above and that Mr. Baber did not apply for an occupational license for the use when he started the business, and that the use is not permitted in a single family zoned area, the City can not establish the use as a legal use. Based on the City's zoning regulations that do not list dog sitting as a permitted use in the RSF-2 (residential-single family) zoning district, and absent of the issuance of any permits or licenses, the use is an illegal use in the RSF-2 district. The Land Development Code specifically states," any use not permitted by right, by zoning compliance permit, by special use permit, as a special exception or as an accessory use in the zoning district shall be prohibited in such district."

The list of permitted uses in the RSF-2 district is attached, and the uses have virtually remained unchanged since 1982. The use can not be considered an accessory use as a home based business because it would not qualify under section 30-58 of the land development code.

Sincerely,

Ralph Hilliard

DIVISION 2. RESIDENTIAL ZONING DISTRICTS

Sec. 30-51. Single-family residential districts (RSF-1, RSF-2, RSF-3 and RSF-4).

- (a) Purpose. The single-family districts are established for the purpose of providing areas for low density single-family residential development with full urban services at locations convenient to urban facilities, neighborhood convenience centers, neighborhood shopping centers and activity centers. These districts are characterized by single-family residential structures designed and located so as to protect the character of single-family residential neighborhoods.
- (b) Objectives. The provisions of these districts are designed to:
 - Protect and stabilize the essential characteristics of such existing development;
 - (2) Encourage such future development to occur on vacant land where the natural characteristics of such land are suitable for this type of development;

- (3) Enable single-family development to occur at appropriate locations and with sufficient density so as to facilitate the provision of urban services and facilities in an economical and efficient manner;
- (4) Encourage low density development where higher density development would be detrimental to the health, safety and welfare of the community by reason of environmental constraints, open space or other factors; and
- (5) Discourage any activities not compatible with such residential development.
- (c) Permitted uses.
- (1) Uses by right.
 - Single-family dwellings and customary accessory buildings incidental thereto.
 - b. Occupancy of a single-family dwelling by one family.
 - c. Community residential homes, in accordance with article VI.
 - family child care homes, in accordance with state law.
 - e. Adult day care homes, in accordance with article VI.
 - f. Home occupations, in accordance with article IV.
 - g. Large family child care homes, in accordance with article VI.
- Uses by special use permit.
 - a. Places of religious assembly, in accordance with article VI.
 - Private schools, in accordance with article VI.
 - c. Public schools, other than institutions of higher learning, in accordance with section 30-77, educational services district (ED).
- (d) General requirements. All structures and uses within this district shall also comply with the applicable requirements and conditions of section 30-56 and article IX.
