10 **NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE**
11 **CITY OF GAINESVILLE, FLORIDA:**

12 **Section 1.** The Future Land Use Map of the City of Gainesville 2000-2010 Comprehensive
13 Plan is amended by overlaying the “Planned Use District” future land use category on the following
14 described property with the underlying land use category of “Mixed-Use Low-Intensity (8-30 units per
15 acre)”:

16 See legal description attached hereto as Exhibit "A", and made a part
17 hereof as if set forth in full.

18
19 **Section 2.** A planned development zoning ordinance is required to implement the overlay
20 Planned Use District Category, and must be adopted by the City Commission within five years of the
21 effective date of the land use designation, as provided in Section 8 of this Ordinance.

1 **Section 3.** The planned use district category of the property described in Section 1 of this
2 ordinance is subject to the following terms, conditions and restrictions:

- 3 1. The property described in Section 1 of this Ordinance is limited to a minimum density of 30
4 dwelling units per acre, and a maximum density of 40 dwelling units per acre.
- 5 2. The development on the property is limited to a maximum lot coverage not to exceed 60
6 percent.
- 7 3. The development on the property is limited to no less than 20 percent pervious, open space.
- 8 4. The development on the property is subject to a maximum building height of 70 feet, with a
9 corresponding maximum building height of 6 stories.
- 10 5. The permitted uses are limited to those uses allowed by the MUL (Mixed-Use Low-Intensity:
11 8-30 units per acre) land use designation in the City of Gainesville, 2000-2010 Comprehensive
12 Plan, and which are further limited by the PD (Planned Development District) zoning used to
13 implement this Planned Use District.
- 14 6. Outdoor storage and drive-through facilities are prohibited.
- 15 7. Hazardous materials shall be disposed of in accordance with the Alachua County Hazardous
16 Materials Management Code.
- 17 8. Accessory uses considered customarily incidental to a permitted principal use on the subject
18 property are limited to the uses permitted within the planned development by the planned
19 development zoning ordinance.
- 20 9. The owner/developer shall construct a bus shelter that is architecturally compatible with the
21 building constructed on the subject property to meet concurrency. The location and size of the

1 bus shelter shall be subject to the approval of the City Manager or designee. Construction of
2 the bus shelter shall be completed prior to the issuance of a Certificate of Occupancy for any
3 building on the subject property.

4 10. The owner/developer shall construct new sidewalks along Old Archer Road and the paved
5 portion of Southwest 23rd Street in accordance with applicable design standards, subject to the
6 approval of the appropriate regulating agencies. The owner/developer shall be required to
7 extend the construction of the new sidewalk along the full length of the eastern boundary of the
8 subject property concurrently with the expansion of Southwest 23rd Street.

9 11. A maximum of three driveway connections shall be allowed onto public right-of-way, one from
10 Old Archer Road and two from Southwest 23rd Street, subject to approval by the relevant
11 regulating authorities.

12 12. The owner/developer shall commence construction of the planned development within 24
13 months of the adoption of the ordinance implementing the PD (Planned Development District)
14 zoning on the subject property. Failure to comply with this requirement shall cause the PUD
15 land use classification to expire and be deemed null and void. The City may then commence
16 the process to remove the PUD (Planned Use District) land use classification on the subject
17 property from the Future Land Use Map, leaving the original and underlying land use in place,
18 or other appropriate land use category.

19 13. The owner/developer shall obtain a final development order for the planned development
20 within 12 months of the effective date of the ordinance rezoning the property to PD (Planned
21 Development District) zoning on the subject property. Failure to comply with this requirement

1 shall cause the PUD land use classification to expire and be deemed null and void. The City
2 may then commence the process to remove the PUD (Planned Use District) land use
3 classification on the subject property from the Future Land Use Map. The city commission
4 may, upon good cause shown, approve a one-time, one-year extension of the aforesaid time
5 period, after review by the City Plan Board, only if the request is in writing and filed with the
6 Commission prior to any expiration date. This extension also includes the time period for
7 commencing construction as provided in Paragraph 12 above. Failure to comply with these
8 time requirements shall cause the development order approved with this ordinance to be null
9 and void and of no further force and effect. In this event, the City shall initiate a petition to
10 change the land use to the appropriate category.

11 **Section 4.** The underlying land use category of “Mixed-Use Low-Intensity (8-30 units per
12 acre)” on the property described in Section 1 of this ordinance is neither abandoned nor repealed; such
13 category is inapplicable as long as the property is developed and used in accordance with the
14 development plan approved in the ordinance rezoning this property to Planned Development “PD”. In
15 the event, however, the property described in Section 1 of this Ordinance is not rezoned by ordinance
16 to Planned Development “PD” within five years of the effective date of this Ordinance, as provided in
17 Section 8 of this Ordinance, then the Planned Use District Category imposed by this Ordinance shall be
18 deemed null and void and of no further force and effect, and the Future Land Use Map shall be
19 amended accordingly upon proper notice and action in accordance with the Future Land Use Element
20 of the Comprehensive Plan.

1 **Section 5.** The City Manager is authorized and directed to make the necessary changes in
2 maps and other data in the City of Gainesville 2000-2010 Comprehensive Plan, or element, or portion
3 thereof in order to comply with this ordinance.

4 **Section 6.** If any section, sentence, clause or phrase of this ordinance is held to be invalid or
5 unconstitutional by any court of competent jurisdiction then said holding shall in no way affect the
6 validity of the remaining portions of this ordinance.

7 **Section 7.** All ordinances, or parts of ordinances, in conflict herewith are to the extent of such
8 conflict hereby repealed.

9 **Section 8.** This ordinance shall become effective immediately upon passage; however, the
10 amendment to the City of Gainesville 2000-2010 Comprehensive Plan shall become effective thirty one
11 (31) days after passage and adoption of this Ordinance unless a petition is filed with the Division of
12 Administrative Hearings pursuant to § 163.3187(3), F.S. In this event this Ordinance shall not become
13 effective until the state land planning agency issues a final order determining the adopted amendment to
14 be in compliance in accordance with § 163.3187, or until the Administration Commission issues a final

1 order determining the adopted amendment to be in compliance in accordance with § 163.3187, F.S.
