Cultural Affairs Board

Training/Experience related to Board(s)/Committee(s) to which appointment is being sought

I have chaired the Cultural Affairs Board for the past 2 years, so I'm quite familiar with the advisory board process. In that capacity, I've helped shepherd the Vision 2020 Master Plan and the 352 Arts initiative to fruition. Keeping abreast of Community Redevelopment Agency (CRA) projects has given me insight into various planning aspects of the city and has increased my interest in this area.

Training/Experience related to Board(s)/Committee(s) to which appointment is being sought

I am a community planner, management consultant, and sustainability professional with ten years of experience serving both local government and private sector clients through my position with an international architecture and engineering firm. I am a native of North Central Florida and 2001 graduate of the University of Florida. I moved back to Gainesville in February 2014 after living in a variety of other places (including Austin, TX, and Tampa, FL) because of my love for this city and the unique quality of life that it offers. I would like to become more involved in our community and contribute to its success, and I see participation in this City Advisory Board as one way to accomplish that goal. As a professional planner, I have a special interest in the City Plan Board. I work with local governments here in Florida, around the country, and around the world on a daily basis on planning related issues. I also have formal training in the field of City Planning through my graduate level work at the University of Texas at Austin, Community and Regional Planning Department. In addition, I will be sitting for the American Institute of Certified Planners (AICP) Exam in May 2016. Given the opportunity, I know I can be a positive and effective contributor to this Board and play a part in our City's continued economic, social, and environmental success.

Training/Experience related to Board(s)/Committee(s) to which appointment is being sought

Being a lifelong Gainesville resident, I feel that I understand the city and doing what's best for our Citizens and businesses alike. Professionally, I am thankful to work with many Gainesville residents and unique businesses. Because the insurance industry is so diverse, we are able to learn from our neighbors and hear challenges that businesses might face in Gainesville.

Training/Experience related to Board(s)/Committee(s) to which appointment is being sought

I manage the construction and maintenance of University of Florida (IFAS) facilities both on campus and throughout the state. I am familiar with building codes, plan reviews, and associated variance request processes and potential impact analysis.

I've worked in federal government, department of defense / military, private industry, and state government positions so I have seen building and construction from all sides. This unique perspective allows me to see the big picture and understand the conflicting priorities of stakeholder groups.

Educational Background

PhD – Leadership & Organizational Development, University of Florida, 2015

University of Florida Leadership Academy – 2011

IFAS Leadership Enhancement & Administration Development Program (LEAD) – 2011

Master of Business Administration, Leadership – Baker College, 2004

Six Sigma Belt Training Certification – 2003

Bachelor of Science, Business Management – University of Phoenix, 2000

Associate in Applied Science, Logistics – Community College of the Air Force, 1998

I've provided extensive leadership development and training for multiple businesses and non-profit organizations throughout north and central Florida.

Development Review Board

Training/Experience related to Board(s)/Committee(s) to which appointment is being sought currently the chair of the Development Review Board and would like to serve another term on this Board. My concern is that of the seven members on the current DRB, five have served one year or less. There is a large number of current and future developments coming to the DRB for review and though an excellent group is now in place with a full complement of volunteers, a continuation of experience would be beneficial.
