**Subject:** Levy Nuclear Plant  
**Importance:** High

Mr. Hunzinger,

It was nice to talk to you this morning.

As I mentioned, Gainesville is a member of our Board of Directors but not our Executive Committee (All-Requirements Project participants). Only FMPA's 15 cities who are All-Requirements Project participants will be considering whether or not to participate in the Levy County Nuclear Plant with Progress Energy.

Let me know if you need further information.

Best regards,

Sue
