Commissioner Warren: 1) market nationally is responding and providing fair cost on replacement of styrofoam; 2) discuss what the hardships are; 3) identify as a city and doing what is right; and 4) moving forward with paper waste.

Commissioner Ward: 1) feels a sense of urgency to get something done, but be careful that doing something doesn't stop us from doing everything; 2) likes the idea of a master plan; 3) educate consumers, as well as commercial folks as to what we want to achieve; 4) workshops (Chamber, GRU, Solid Waste, etc) to get a good result; and 5) coordinate ordinances with the County, School Board, UF, Santa Fe, etc.

Mayor-Commissioner Pro-Tem Budd: 1) workshop sessions (buy-in with the community); and 2) need to be warned, before a fine is accessed.

Commissioner Arreola: 1) approach this from a very thoughtful manner to design a model that works for Gainesville - it could also be a model for other communities; 2) supports the bag ban; 3) move towards recyclable materials only; and 4) costs - review thoughtfully and slowly.

Mayor Poe: 1) find ways to achieve the goals through non-legislative action; and 2) revenue-neutral way to increase composting.
