Currentness

(1)(a) The declaration of a state of emergency by the Governor tolls the period remaining to exercise the rights under a permit or other authorization for the duration of the emergency declaration. Further, the emergency declaration extends the period remaining to exercise the rights under a permit or other authorization for 6 months in addition to the tolled period. This paragraph applies to the following:

1. The expiration of a development order issued by a local government.
2. The expiration of a building permit.
3. The expiration of a permit issued by the Department of Environmental Protection or a water management district pursuant to part IV of chapter 373.
4. The buildout date of a development of regional impact, including any extension of a buildout date that was previously granted pursuant to s. 380.06(19)(c).

(b) Within 90 days after the termination of the emergency declaration, the holder of the permit or other authorization shall notify the issuing authority of the intent to exercise the tolling and extension granted under paragraph (a). The notice must be in writing and identify the specific permit or other authorization qualifying for extension.

(c) If the permit or other authorization for a phased construction project is extended, the commencement and completion dates for any required mitigation are extended such that the mitigation activities occur in the same timeframe relative to the phase as originally permitted.

(d) This subsection does not apply to:

1. A permit or other authorization for a building, improvement, or development located outside the geographic area for which the declaration of a state of emergency applies.

2. A permit or other authorization under any programmatic or regional general permit issued by the Army Corps of Engineers.

3. The holder of a permit or other authorization who is determined by the authorizing agency to be in significant noncompliance with the conditions of the permit or other authorization through the issuance of a warning letter or notice of violation, the initiation of formal enforcement, or an equivalent action.

4. A permit or other authorization that is subject to a court order specifying an expiration date or buildout date that would be in conflict with the extensions granted in this section.

(2) A permit or other authorization that is extended shall be governed by the laws, administrative rules, and ordinances in effect when the permit was issued, unless any party or the issuing authority demonstrates that operating under those laws, administrative rules, or ordinances will create an immediate threat to the public health or safety.

(3) This section does not restrict a county or municipality from requiring property to be maintained and secured in a safe and sanitary condition in compliance with applicable laws, administrative rules, or ordinances.
