Re: APPT Committee Resignation

Dear Erin
I am writing to resign from the APPT committee. It has been a rewarding experience to have worked with you and the rest of the APPT committee members. I especially am proud of the work the committee was able to accomplish in helping to bring Art to the lives of the citizens and visitors of Gainesville on such projects as the 8th Ave. Solar Walk and the Downtown Plaza Improvement. It has been an honor to have been selected by the City of Gainesville to serve on this committee, however as I will be out of the country for a year I feel that it would be best if I were to resign my position. Please accept this letter as my official resignation letter effectively immediately. Please contact me if you have any questions and please give my regards to the rest of the APPT members.
Sincerely,

Shivjit Sidhu
Asst. Professor
UF School of Architecture
