Dear Gilbert

I reviewed with great interest the attached slides prepared for the training. It really helped me to understand the parameters of our role as members of the board.

While I appreciate the opportunity to participate and learn about this board, I have been questioning for a while whether this is a good fit for me. I've been looking for a pro-bono engagement where I could make some real contribution to change the status quo to advance social inclusion and justice. After studying the slides I strongly feel it is time for me to start looking for another place to fulfill my goal. I enjoyed meeting you all and wish you well.

Please accept my resignation through this email. I will no longer be attending the meetings. Please let me know if you need additional paperwork from me.

Best regards

Cristina
