A true survivor

Sheila Rochelle rebuilds her life and business with help from Gainesville Housing Authority program

By AIDA MALLARD
Special to the Guardian

Like a true survivor, Sheila Rochelle rebuilt her life after divorcing her husband and losing her business and her home.

But Rochelle didn't give up. Instead, she worked to rebuild her life with faith and hard work.

And now she is back on top with a thriving business and is in the process of purchasing a home, thanks to the "Paint Your Way into Business" program offered through the Gainesville Housing

Authority.

In 2005, Rochelle owned and operated Rochelle's Cleaning Service, a thriving business that employed 20 people, had a contract with Paradigm Properties, now Collier Properties, and earned \$150,000 a year. She owned a home in northeast Gainesville and life was great.

Then came the divorce and the 2009 economic downturn that caused her business to suffer.

In 2010, she lost her home and had to move to Lamplighter Trailer Park near the Gainesville Regional Airport and later to Lake

Terrace Apartments in east Gainesville.

Fast forward to now: Rochelle is in the process of buying a home and is the owner and operator of her own cleaning business — SheilaShine Cleaning Service Inc. — with three employees and a thriving residential and commercial cleaning service with contracts with Collier Properties, Saul Silver Properties, Bellamy Grand Apartments, The 400 Building, and the Gainesville Housing Authority. She specializes in cleaning, painting,

drywall, stripping and waxing floors, windows and pressure washing. Her business is bonded and insured and she offers various levels of service, including one-time, weekly, monthly, or other options.

"I'm reasonable and I give free estimates," said Rochelle, adding that she offers her services in Gainesville, Alachua County, Keystone Heights, Melrose, Starke, Palatka, Lake City and other areas.

"I don't turn work down," Rochelle said. "I make it happen."

Rochelle, 49, grew up in Woodland Park in the Sugarhill community and always dreamed of having a cleaning service and owning her own home. She said her mother, Fannie Williams, cleaned houses, and at the age of 13, Rochelle began helping her mother in the evenings and on Saturdays.

Rochelle, who has an adult son, credits her success to the "Paint Your Way into Business," a 172-hour program that focuses on technical skills and business basics leading to opening a commercial painting contracting business. The program is offered in partnership with the Gainesville Housing Authority, Santa Fe College Center for Innovation and Economic Development and FloridaWorks.

Rochelle learned about the program through a Gainesville Housing Authority brochure.

"I took advantage of this opportunity," said Rochelle, adding that she completed the program, earned a painting certificate and learned to start and run a business.

"It's a wonderful program," Rochelle said. "I've met knowledgeable people who gave me the tools I needed."

Pamela Davis, executive

director of the Gainesville Housing Authority, said Rochelle is one of 10 Gainesville Housing Authority residents who participated in the program, which teaches fundamental skills needed to become residential/commercial painters.

Davis said Gainesville-based Targeted Training Solutions provided the training, which included a classroom portion at the SF College CIED. For much of the hands-on program, participants cleaned, painted and provided minor repairs to get units ready for Gainesville Housing Authority tenants.

"The program has been successful," Davis said. "We're excited for the partnership we have formed here in Gainesville. Without the partnership, we couldn't have the level of success we have achieved."

Through the hard times, Rochelle said her faith sustained her as she continued to provide cleaning servic-

es alone. "I never gave up, even when I lost everything," Rochelle said. "God has brought me this far."

Rochelle's work ethic and professionalism have been praised.

"Sheila is enthusiastic, diligent and conscientious," said Davis. "There is no job too big or too small."

Sheila Greene, the property manager for Bellamy Grand Apartments, said Rochelle has pride in her work and wants to make sure her customers are satisfied.

"She is hard-working, very professional and customer friendly," Greene said. "She takes a lot of pride in what she does and that's very unusual these days."

Rochelle said success comes with hard work, faith and motivation.

"I want to grow my business so I can help and employ others," Rochelle said. "You have to want to succeed and it takes motivation and hard work."

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.
Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

[The Following Requirements are Conditional Based Upon Value and/or Item/Service:]

10.11 Termination - *If this solicitation or contract is valued at \$10,000 or greater (with the exception of contracts with nonprofit organizations and institutions of higher education, for which the applicable threshold is \$100,000):*

- a. **Termination for Convenience (General Provision)** The City of Gainesville, Florida may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to City of Gainesville, Florida to be paid the Contractor. If the Contractor has any property in its possession belonging to the City of Gainesville, Florida, the Contractor will account for the same, and dispose of it in the manner the City of Gainesville, Florida directs.

Non-Construction:

City shall have the right to terminate this Contract, in whole or in part, without cause, upon seven (7) calendar days' written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against City shall be limited to that portion of the contract price earned through the date of termination, together with any retained funds and direct and immediate termination expenses incurred, but Contractor shall not be entitled to any other or further recovery against City.

Termination of the Contract or a portion thereof, for cause or convenience, shall neither relieve the Contractor of its responsibilities for the completed work nor shall it relieve his/her surety of its obligation for and concerning any just claim arising out of the work performed.

- b. **Termination for Default [Breach or Cause] (General Provision)** If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the City of Gainesville, Florida may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the City of Gainesville, Florida that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the City of Gainesville, Florida, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

Non-Construction:

If the Contractor fails to observe or perform or is guilty of a substantial violation of any provision of the Contract documents, then the City, after serving at least ten days' written notice to the Contractor of its intent to terminate and after such default shall continue unremedied for a period of ten days, may terminate the Contract without prejudice to any other rights or remedies it may have under this Contract.

If, after default under this subsection, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that City is not entitled to the remedies against Contractor provided herein, then Contractor's remedies against City shall be the same as and limited to those afforded Contractor pursuant to the subsection title TERMINATION FOR CONVENIENCE.

- c. **Opportunity to Cure (General Provision)** The City of Gainesville, Florida in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to City of Gainesville's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Contractor of written notice from City of Gainesville, Florida setting forth the nature of said breach or default, City of Gainesville, Florida shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude City of Gainesville, Florida from also pursuing all available remedies against Contractor and its sureties for said breach or default.

- d. **Waiver of Remedies for any Breach** In the event that City of Gainesville, Florida elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by City of Gainesville, Florida shall not limit City of Gainesville's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
- e. **Termination for Convenience (Professional or Transit Service Contracts)** The City of Gainesville, Florida, by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the City of Gainesville, Florida shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.
- f. **Termination for Default (Supplies and Service)** If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the City of Gainesville, Florida may terminate this contract for default. The City of Gainesville, Florida shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the City Manager or designee shall be binding upon the Contractor and the Contractor shall abide by the decision.

Claims for Damages – Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury of damage.

Remedies – Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the City of Gainesville, Florida and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the City of Gainesville, Florida is located.

Rights and Remedies – The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the City of Gainesville, Florida, the Architect or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Issue Date: January, 2003

For 24-hour emergency, call Chem-Tel, Inc.: 800-255-3924

USE OF PRODUCT: An all purpose cleaner and degreaser used undiluted or diluted in water for direct, spray, and dip tank procedures.

II. INGREDIENT INFORMATION

The only ingredient of Simple Green® with established exposure limits is undiluted 2-butoxyethanol (<6%) (Butyl Cellosolve; CAS No. 111-76-2): the OSHA PEL and ACGIH TLV is 25 ppm (skin). Note, however, that Butyl Cellosolve is only one of the raw material ingredients that undergo processing and dilution during the manufacture of Simple Green®. Upon completion of the manufacturing process, Simple Green® does not possess the occupational health risks associated with exposure to undiluted Butyl Cellosolve. Verification of this is contained in the independent test results detailed under "Toxicological Information" on Page 3 of this MSDS.

The Butyl Cellosolve in Simple Green® is part of a chemical category (glycol ethers) regulated by the Emergency Planning and Community Right-to-Know Act (SARA, Title III, section 313); therefore, a reporting requirement exists. Based upon chemical analysis, Simple Green® contains no known EPA priority pollutants, heavy metals, or chemicals listed under RCRA, CERCLA, or CWA. Analysis by TCLP (Toxicity Characteristic Leaching Procedure) according to RCRA revealed no toxic organic or inorganic constituents.

All components of Simple Green® are listed on the TSCA Chemical Substance Inventory.

III. HAZARDS IDENTIFICATION

UN Number: Not required
Dangerous Goods Class: Nonhazardous

Hazard Rating (NFPA/HMIS)

Health = 1* Reactivity = 0
Fire = 0 Special = 0

Rating Scale

0 = minimal 1 = slight
2 = moderate 3 = serious
4 = severe

*Mild eye irritant, non-mutagenic and non-carcinogenic. **None of the ingredients in Simple Green® are regulated or listed as potential cancer agents by Federal OSHA, NTP, or IARC.**

IX. PERSONAL PROTECTION

Precautionary Measures: No special requirements under normal use conditions.

Eye Protection: **Caution, including reasonable eye protection, should always be used to avoid eye contact where splashing may occur.**

Skin Protection: No special precautions required; rinse completely from skin after contact.

Respiratory Protection: No special precautions required.

Work and Hygienic Practices: No special requirements. Wash or rinse hands before touching eyes or contact lenses.

X. PHYSICAL AND CHEMICAL PROPERTIES

Appearance/odor: Translucent green liquid with characteristic sassafras odor.

Specific Gravity: 1.0257 **Vapor Pressure:** 17 mm Hg @ 20 °C; 22 mm Hg @ 25 °C

pH of concentrate: 9.5 **Vapor Density:** 1.3 (air = 1)

Evaporation: >1 (butyl acetate = 1) **Density:** 8.5 lbs./gallon

Boiling Point: 110 °C (231 °F)

Freezing Point: -9 °C (16 °F) If product freezes, it will reconstitute without loss of efficacy when brought back to room temperature and agitated.

VOC Composite Partial Pressure: 0.006 mm Hg @ 20 °C

Volatile Organic Compounds (VOCs): 7.96 g/L per ASTM Method 3960-90. Per California AQMD's VOC test method, product must be diluted at least 4 parts of water to 1 part Simple Green® in order to meet SCAQMD Rule 1171 & Rule 1122 and BAAQMD Regulation 8-16 VOC requirements for solvent cleaning operations.

Water Solubility: Completely soluble in water. The higher salt concentrations in marine ecosystems will lead to complexes with Simple Green® that may become visible at ratios above one part Simple Green® to 99 parts seawater.

Ash Content: At 600 °F: 1.86% by weight.

Nutrient Content: Nitrogen: <1.0% by weight (fusion and qualitative test for ammonia).

Phosphorus: 0.3% by formula.

Sulfur: 0.6% by weight (barium chloride precipitation method).

Detection: Simple Green® has a characteristic sassafras odor that is not indicative of any hazardous situation.

XI. STABILITY AND REACTIVITY INFORMATION

Nonreactive. Simple Green® is stable, even under fire conditions, and will not react with water or oxidizers. Hazardous polymerization will not occur.

XII. TOXICOLOGICAL INFORMATION

Nonhuman Toxicity**Acute Mortality Studies:**

Oral LD₅₀ (rat): >5.0 g/kg body weight // Dermal LD₅₀ (rabbit): >2.0 g/kg body weight

Dermal Irritation: Only mild, but reversible, irritation was found in a standard 72-hr test on rabbits. A value of 0.2 (non-irritating) was found on a scale of 8.

Eye Irritation: With or without rinsing with water, the irritation scores in rabbits at 24 hours did not exceed 15 (mild irritant) on a scale of 110.

Subchronic dermal effects: No adverse effects, except reversible dermal irritation, were found in rabbits exposed to Simple Green® (up to 2.0 g/kg/day for 13 weeks) applied to the skin of 25 males and 25 females. Only female body weight gain was affected. Detailed microscopic examination of all major tissues showed no adverse changes.

Fertility Assessment by Continuous Breeding: The Simple Green® formulation had no adverse effect on fertility and reproduction in CD-1 mice with continuous administration for 18 weeks, and had no adverse effect on the reproductive performance of their offspring.

XIII. BIODEGRADABILITY AND ENVIRONMENTAL TOXICITY INFORMATION

Biodegradability:

Simple Green® is readily decomposed by naturally occurring microorganisms. The biological oxygen demand (BOD), as a percentage of the chemical oxygen demand (COD), after 4, 7, and 11 days was 56%, 60%, and 70%, respectively. Per OECD Closed Bottle Test, Simple Green® meets OECD and EPA recommendations for ready biodegradability.

In a standard biodegradation test with soils from three different countries, Butyl Cellosolve reached 50% degradation in 6 to 23 days, depending upon soil type, and exceeded the rate of degradation for glucose which was used as a control for comparison.

Environmental Toxicity Information:

Simple Green® is considered practically non-toxic per EPA's aquatic toxicity scale. Simple Green® is non-lethal to any of the marine and estuarine test animals listed in the following table at concentrations below 200 mg/L (0.02%). This table shows the Simple Green® concentrations that are likely to be lethal to 50% of the exposed organisms.
