As a Gainesville resident since 2010, I am deeply invested in ensuring the trajectory that development takes in Gainesville will benefit all of our citizens and enrich our community as a whole. As Gainesville continues to grow, I believe each of us has a responsibility to ensure that the welfare of the community is carefully considered in development decisions. My hope is to fulfill this duty by providing my personal perspective, considering and advocating for the perspectives of my neighbors, and facilitating continued development that benefits all citizens of Gainesville.
