Good afternoon Vian,

I have just recently graduated from the University of Florida and will be moving out to Las Vegas. I apologize for the short notice and unfortunate timing, but I believe my seat would be better represented by a Gainesville resident with a vested interest in this wonderful city. It is with that sentiment that I will be resigning from my seat on this board.

Thank you for all your help and guidance during this pandemic and my term on the board.

Sincerely,

Mark Mulhall
