CALL TO ORDER

AGENDA STATEMENT

"Citizens are encouraged to participate in City of Gainesville meetings. In general, speakers will be limited to 3 (three) minutes per agenda item. Additional time may be granted by the Mayor or by the City Commission as directed. The City of Gainesville encourages civility in public discourse and requests that speakers limit their comments to specific motions and direct their comments to the Chair. Signs or Props are not permitted in the meeting room. Citizens are encouraged to provide comments in writing to the Clerk of the Commission before meetings and/or during meetings for inclusion into the public record. Citizens may also provide input to individual commissioners via office visits, phone calls, letters and e-Mail, that will become public record. In some instances, i.e., Quasi-Judicial Hearings, these particular contacts may be prohibited.

City/County Issues - Event Center and Trunked Radio Systems (B)

Explanation: The City/County relationship or partnership is of great importance as the City and County have many common interests and existing partnerships that work to the benefit of both the City and County. Among those are the Event Center and Trunked Radio System.

On January 24, 2019, the General Policy Committee discussed the Event Center and Trunked Radio System and approved both for further discussion at a Joint City/County Commission meeting on January 31, 2019.

Please refer to Item#170908 Trunked Radio System Update for legislative history or reference.

Fiscal Note: None.

RECOMMENDATION

The Joint City and County Commission discuss the Event Center and Trunked Radio Systems.

Trunked Radio System Update (B)

This item requests the City Commission and the Board of Alachua County Commissioners (BOCC) Discuss the Trunked Radio System.

Explanation: The City of Gainesville approved a study in January 2017 regarding the needs of the existing trunked radio system and actions to replace the existing system.

Subsequently, to address larger coverage issues, at the Joint City/County Commission meeting on December 7, 2015 the City Commission agreed to share in the cost of a radio systems consultant to study the countywide radio system.

Federal Engineering, Inc. was selected through an RFP process to assess the system and review alternatives to upgrading or replacing the system. The Alachua County, Florida Needs and Alternatives Report was completed August 13, 2018 and the Board of Alachua County Commissioners (BOCC) heard presentations from Federal Engineering and Alachua County Fire Rescue on October 23, 2018.

Two alternatives were offered: 1) Enhance the existing GRUCom system; or 2) Create a standalone County system. County staff recommended the BOCC select Alternative 1 and authorize staff to begin negotiations with GRU. The BOCC voted to accept the consultant's recommendation to use the GRUcom system and to begin negotiations to expand its capabilities in the County.

On January 24, 2019, the General Policy Committee discussed Trunked Radio System and approved further discussion at a Joint City/County Commission meeting on January 31, 2019.

Fiscal Note: None

RECOMMENDATION

The Joint City and County Commission discuss Trunked Radio System.

Legislative History

3/12/18 City Commission Approved, as shown above
12/6/18 City Commission Referred to the General Policy Committee
