Interests & Experiences

Why are you interested in serving on a board or commission?

I'd love to serve on the Gainesville Regional Transit System Advisory Board as I think the RTS is a critically valuable part of our community and should be strengthened and improved so as to better serve the needs of the people of Gainesville. I've been lucky to have lived near a number of RTS routes (especially the 20, 21, 28, 33, 34, 117, and the old 125!) during the 4 years I've lived in Gainesville and have relied and continue to rely on its service for both my daily commutes and occasional errands. I think the RTS is an important part of improving the city's health, social, economic, and environmental well-being and that expanding mobility is crucial to bettering people's lives. I'm currently in my last year as a student at UF studying civil engineering with a focus on transportation engineering. I'm passionate about transit and other sustainable, safe, and accessible modes of transportation that are improvements over our current status quo which too often results in people using single-occupant vehicles for all their needs. After I graduate I hope to work professionally at creating and implementing improvements to the transportation system in our country that result in better outcomes for everyone. Extensive, safe, and reliable transit can be transformative for people's lives and I hope to one day contribute to its successes. I hope you'll consider me for this position. I'd be honored to serve the city I love in this way and give back to a system that I've used so heavily.

How many terms have you served on this board or committee previously?

0

Members of all City of Gainesville Advisory Boards and Committees must only serve two (2) consecutive terms, except for the City Plan Board, Development Review Board and Historic Preservation Board.

Interests & Experiences

Why are you interested in serving on a board or commission?

I have truly enjoyed serving on the Student Community Relations Advisory Board for the last four years; however, I want to find additional ways to serve the City and our constituents. I believe my lens as a current part time graduate student, a full time staff member at UF, and a member of the Gainesville community enables me to bring a unique voice to working with the RTS Advisory Board.

How many terms have you served on this board or committee previously?
