RE: Cost Estimate for GIS Services

Dear Mr. Posey:

3001, Inc. is pleased to provide the Gainesville Police Department (GPD) with this formal cost estimate for the development of the DataTrac GIS implementation as outlined in the plan we prepared with you. 3001 will perform the following services under the first task work order:

<u>ITEM DESCRIPTION</u>	<u>COST</u>
Custom ArcView 8.1 SCAS	
- Database Schema	\$2,720
- Visual Basic Interface	\$25,500
- Importing/Exporting Tools for H.T.E.	\$3,400
- Geocoding tool for ad-hoc Addressing	\$1,360
- Interface to ArcPress for Plotting/Printing	\$1,700
- 3-Day Training Program for 1 person	<u>\$1,500</u>
Total:	\$36,180.00

This cost does not include any data scrubbing, Internet-based applications, or GIS equipment.

3001 anticipates receiving a notice-to-proceed from GPD in September and completing the project by mid-February, 2002. Please let me know if you have any questions. Thank you.

Sincerely,

3001, INC

Jay S. Arnold

# NON-COMPETITIVE SITUATION WAIVER OF COMPETITIVE BIDDING

VENDOR NAME & ADDRESS:

3001 the spatial data company  
3601 SW 2<sup>nd</sup> Ave. Suite U  
Gainesville, FL 32607-2802

COMMODITY (GENERAL DESCRIPTION)

DataTrac GIS database design and programming

PLEASE CHECK ENTRY BELOW THAT APPLIES TO THE PROPOSED PURCHASE AND PROVIDE EXPLANATION.  
ATTACH ADDITIONAL DATA OR SUPPORT DOCUMENTATION AS MAY BE NECESSARY.

\_\_\_\_\_ Sole Source: The only source through which the materials and services may be purchased (not available from any other vendor).

Explanation:

X Specified Source: A source selected without competitive bidding for justifiable reasons.

Explanation: 3001 has a local office that currently is under contract with the Alachua County Property Appraiser's office to provide orthographic photograph and street centerline data for all of Alachua County as part of a countywide GIS mapping project. Funds for the countywide project have been provided by the City of Gainesville, Alachua County 911 system, GRU and the Property Appraiser's Office. The Gainesville Police Department recently contracted with 3001 to develop the plan for our DataTrac GIS database project. As the developer of our projects plan and the vendor under contract to provide the photographs and centerline data for the county, 3001 is the only company able to provide the services requested without the need for the City to expend additional funds and resources to obtain the information and services that 3001 is already under contract to provide to the Property Appraiser. Contracting with 3001 will provide a seamless integration with the data and photographs being developed for the countywide project.

\_\_\_\_\_ Only Approved Source: Only one source meets the stated requirements of a specification based on a thorough qualitative and/or quantitative evaluation.

Explanation:

Of

Evaluation:

I RECOMMEND THAT COMPETITIVE PROCUREMENT BE WAIVED AND THAT THE SERVICE OR MATERIAL BE PURCHASED FROM THE VENDOR INDICATED BASED ON THE EXISTENCE OF A NON-COMPETITIVE SITUATION AS DESCRIBED ABOVE.

RE: GIS Services

Dear Mr. Posey:

This letter is to provide information on the single-source requirements for the delivery of the DataTrac GIS implementation for the Gainesville Police Department (GPD). The following information pertains to the unique capabilities of 3001, Inc., the firm that will deliver the implementation.

3001 is the only private company in Florida that has experience working with GPD on its DataTrac GIS program. 3001 recently completed an implementation plan for the GPD DataTrac system.

Furthermore, the GPD DataTrac GIS will require integration with additional GIS data layers that 3001 is developing as part of a countywide GIS mapping project for the Alachua County Property Appraiser and partner agencies. 3001 is the only firm providing these mapping services. 3001 will include the requirements of the DataTrac program in the mapping methodology for the most efficient system integration.

3001 is also a local Gainesville company, providing same-day-service onsite at GPD. GPD also can visit our facilities to work directly with the 3001 development staff throughout the project.

Please let me know if you have any questions. We look forward to getting underway on this most important project. You may contact me at 379-3001. Should you wish to consider contracting these services under a teaming agreement with the property appraiser, please contact Mr. Bob Bates at 338-3260.

Sincerely,

3001, INC.

A handwritten signature in black ink, appearing to read "Jay S. Arnold". The signature is fluid and cursive, with the first name "Jay" being particularly prominent.
