**Reserve for Grant Match \$250,000**

Throughout each fiscal year, the City of Gainesville pursues many grant funding opportunities. The majority of these grants require a local match. We do not include these match requirements in our operating budget due to the normal uncertainty of success in competing for grants. This reserve would provide funding for local match requirements as grant opportunities arise during the year. \$250,000

**Reserve for Southern Pine Beetle Suppression \$30,145**

**Reserve for Annexation Transition – Route 35 \$220,000**

The City of Gainesville is currently providing bus service to an area that is outside the City's corporate limits. The cost of operating that route is \$440,000. In FY2002, the State of Florida is providing 50% of the funding of that route. The County informed the City that they would not provide the other 50% in FY2002. The City hopes to annex this area in FY2002. City funding is necessary to operate the route through FY2002 should annexation be successful. \$220,000

**Reserve for Annexation Transition – Other \$310,512**

Should the City be successful in annexing the Southwest area in FY2002, many cost will be incurred before revenues are received in order to provide service to the annexed area. These include hiring 20 police officers in advance in order to have them fully trained and on the street on the effective date of the annexation. Other cost include capital and operating cost to provide street sweeping, garbage collection, and other services prior to receipt of revenues.

**Reserve for FY2002 Combined Communications Center Budget \$250,000**

City staff have recently received final numbers for the operating cost of the new Combined Communications Center for FY2001. Staff anticipated increased cost in FY2001 as a result of start-up costs. FY2001 came in under budget. However, the budget for FY2002 was lowered. According to the contract, The City is to submit 1/12 of the operating budget each month to the County. A final true-up will be performed after the close of the fiscal year. In order to meet that amount as submitted by the Sheriff, the City must use the unspent funds from FY2001. A refund is anticipated after the true-up is completed, however, funds must be submitted in advance.

**Reserve for Fire Salary Increase FY2001 \$150,000**

As bargaining continues with the IAFF union, sworn Fire personnel did not receive general increases in FY2001. The bargaining team anticipates that negotiations will be completed in the next 2-3 months and will include an increase for FY2001. Therefore, the City should set aside funds to cover the increase budgeted last fiscal year.
