### **POLICY STATEMENT**

The City of Gainesville recognizes its responsibility to the citizens and employees to ensure equal opportunity and access to City services, programs, activities, and employment for all qualified persons and to work to ensure diversity in its employment, services, programs, and activities. The implementation of this Equal Opportunity Policy is intended to identify programs and strategies to bring about positive and proactive change in the workplace and work at ensuring diversity.

The City of Gainesville (hereinafter referred to as the City) has and will continue to develop policies to afford equal opportunity and access to appropriate City services, programs, and activities for all qualified persons to prohibit discrimination in employment because of race, color, religion, gender, national origin, marital status, sexual orientation, age, or disability, and to ensure the full realization of equal opportunity and diversity through a positive continuing program of equal opportunity throughout the City.

Equal opportunity and diversity, however, can only be achieved through committed leadership and committed administration of viable policies and procedures. It is through the development and carrying out of effective policies and procedures that the concepts of equal opportunity and diversity can become an integral part of the culture of the City organization. The City shall promote equal opportunity and diversity through nondiscriminatory practices by: (1) recruiting, hiring, training, transferring and promoting persons in all job classifications without discrimination based upon race, color, religion, gender, national origin, sexual orientation, marital status, age, or disability; (2) ensuring that employment and promotion decisions are in accordance with equal employment laws, policies, and procedures; and (3) ensuring that all personnel actions, benefits, and programs are administered without discrimination. In addition, the City will make every good faith effort to identify, recruit, and employ qualified applicants, including women and minorities. This policy does not imply that anyone can be employed who lacks the qualifications.

The City encourages employee development for the purpose of facilitating internal upward mobility through the promotion and transfer process. The City's internal training program will provide training for all employees consistent with equal employment opportunity laws, policies, and procedures. The City will also take action through the adoption of a Plan that sets goals and objectives, which address underutilization of groups within the City's work force. Underutilized job groups at a minimum will be determined by annual work force analysis. The policies, goals and objectives established by the City shall be implemented through its administrative staff.

The City shall employ a full-time Equal Opportunity Director to direct the development and implementation of a comprehensive Equal Opportunity Program, adherence to equal opportunity laws, policies, and procedures, and to develop strategies, training, and workshops to ensure diversity in employment, services, programs, and activities. This program shall apply to every

Charter Officer and all employees working under the Charter Officers. In carrying out the responsibilities related to investigations, the Equal Opportunity Director should make all reasonable efforts to ensure that investigations are supported by factual information and impartial judgment. During the investigation of complaints, the Equal Opportunity Director is neither an advocate for management nor for the complainant. The Equal Opportunity Director will work to ensure that Commission policies and department policies and procedures are adhered to.

It shall be the responsibility of the City's Charter Officers, managers, supervisors, and employees to assist the Equal Opportunity Director with implementation and adherence to equal opportunity laws, policies, and procedures. Nothing in the City's policies or procedures will abrogate the provisions of any collective bargaining agreement or the City's responsibility to negotiate terms and conditions of employment.

It is the hope and intent of the City to reduce the City's liability to lawsuits, litigation, and to resolve any problems, wherever possible within the City, before these problems are taken to an outside agency or agencies. ~~Thus, the City has established this policy handbook. However, an employee, applicant, or other individual maintains the right to file a complaint with an outside agency or to use existing collective bargaining procedures, as applicable, at any stage in the complaint process. Election by an employee to exercise his/her right for external redress (including procedures set forth in a collective bargaining agreement) of a complaint as indicated above, may at the discretion of the Equal Opportunity Director based upon the totality of the circumstances, preclude the employee from utilizing the Complaint Policy in this handbook when the allegations arise out of the same or similar operative facts.~~

The City of Gainesville believes in equal opportunity for all persons and the prompt redress of complaints in a fair and impartial setting. It is the City's goal to foster an employment atmosphere where all people are treated equally and fairly without discrimination based upon race, gender, color, age, national origin, religion, sexual orientation, marital status, or disability. In this environment the City Commission believes that City employees can cooperatively work together in the mutual interest of providing the highest level of public service to the citizens of Gainesville. To assist in this regard, all officers and employees of the City shall furnish to the Equal Opportunity Director any information and records within their custody and respond to any questions regarding powers, duties, activities, organization, property and methods of business that in the Equal Opportunity Director's opinion are required to perform an investigation and requisite duties, except as prohibited by law. If such Charter Officer or employees fail to produce the aforementioned access and/or information, the Equal Opportunity Director may call upon the City Auditor to resolve the situation in whatever manner deemed appropriate. Nothing in the City's policies or procedures waive either the confidentiality of any document or any other exemption as provided by law.

To ensure that the Equal Opportunity Director stays in contact with the work force, has another avenue for assessing the needs of the workforce, and the proper framework to ensure diversity throughout the organization, there shall be two Equal Opportunity Advisory Committees that shall be advisory to the Equal Opportunity Director with regards to matters relating to Equal Employment and diversity. The primary duties of the Advisory Committees shall be as follows: (I) Relay appropriate and pertinent information, discussed in Committee meetings to co-workers

and (2) Provide recommendations on Equal Employment Opportunity and Diversity issues presented to them by the Equal Opportunity Director. From applications received and with input from the Equal Opportunity Director, the City Manager shall appoint on an annual basis members to the Equal Opportunity Advisory Committee. The City Manager's appointments shall consist of a diverse group of at least seven (7) and no more than thirteen (13) employees under the management authority of the City Manager. A majority shall be non-management employees, at least one of whom has been recommended by collective bargaining representatives of employees reporting to the City Manager. From applications received and with input from the Equal Opportunity Director, the General Manager for Utilities shall appoint on an annual basis members to the Equal Opportunity Advisory Committee. The General Manager's appointments shall consist of a diverse group of at least seven (7) and no more than thirteen (13) employees under the management authority of the General Manager. A majority shall be non-management employees, at least one of whom has been recommended by collective bargaining representatives of employees reporting to the General Manager. The Equal Opportunity Advisory Committees shall meet at least quarterly.

~~Because the Equal Opportunity Director is responsible for directing the development and implementation of the City's comprehensive Equal Opportunity Program and adherence to equal opportunity laws, policies and procedures, proposed amendments to this Policy Handbook shall be reviewed by and commented on by the Equal Opportunity Director prior to submission to and approved by the City Commission.~~

### DISCRIMINATION, HARASSMENT AND CONDUCT POLICY

#### **[City Policy 27)**

The City of Gainesville does not discriminate on the basis of race, color, gender, age, religion, national origin, marital status, sexual orientation, or disability (protected characteristics) and will not tolerate any such discrimination by or against its employees or citizens utilizing City services, programs, and activities. This policy against discrimination applies to all aspects of employment with the City, including recruitment, hiring, training, working conditions, compensation, promotion, discipline and termination and all City services, programs, and activities.

One type of discrimination occurs when the terms and conditions of an individual's employment are based on these protected characteristics and not on the qualifications and abilities of the individual to do the job. Examples of this type of discrimination include basing hiring and firing decisions on the protected characteristics of an individual and not offering available opportunities to an individual because of a protected characteristic.

Another type of discrimination occurs when an individual is subject to harassment in the work environment or while utilizing City services because of a protected characteristic. As with any other form of discrimination, the City will not tolerate inappropriate behavior by or against its employees based on a protected characteristic. This includes inappropriate behavior by other employees, elected and appointed officials, customers, vendors, contractors, or citizens coming into the workplace.

Inappropriate behavior becomes actionable in a court of law when it is severe or pervasive enough to create a work environment that is hostile or abusive. However, the City desires to provide for its employees and citizens utilizing its services an environment that is free of all inappropriate behavior as described below as opposed to tolerating the inappropriate behavior until it becomes severe or pervasive.

It is inappropriate for an employee or citizen to be subject to unwelcome speech, conduct, or other behavior that interferes with the conditions of work or City services and is based on one of the protected characteristics. Inappropriate behavior includes such things as making insulting or derogatory comments based on a protected characteristic, frequent teasing regarding a protected characteristic, or any other behavior based on the protected characteristic of another that may create an intimidating, hostile, or offensive working or service environment. Inappropriate behavior based on gender may include not only the above, but such things as unwanted physical touching, unwelcome sexual advances or requests for sexual behavior, the display of sexually suggestive objects or pictures in the workplace, and basing employment or service decisions on an employee's or citizen's refusal to engage in sexual conduct.

Employees or citizens utilizing City services who believe that they are being discriminated against or being subjected to inappropriate behavior or harassed, whether by

City employees, co-workers, supervisors, managers, elected or appointed officials, may firmly and promptly notify the offender that the behavior is improper or unwelcome. At the same time, or in the alternative, if the employee or citizen does not desire to confront the offender, the employee or citizen may notify any manager with whom the employee or citizen is comfortable discussing the matter or may directly notify the Equal Opportunity Director of the situation. For City employees, there is no requirement to adhere to the chain of command in making complaints under this policy. Notices will be placed in appropriate work and service areas notifying employees and citizens that they have a right to notify the City's Equal Opportunity Director if they believe or have observed someone being harassed or discriminated against.

The City will swiftly and thoroughly investigate any complaints brought to the attention of management or the Equal Opportunity Director. In order for this to occur, it is recommended that the complainant contact City management or the Equal Opportunity Director as soon as possible. The investigation of the complaint will be handled as confidentially as possible, taking into account the desires of the complainant, the rights of the accused, the nature of the investigation, and the need to take corrective or disciplinary action. If the City determines that applicable policies, laws, or procedures have been violated, the City will take appropriate corrective action, including, but not limited to, disciplinary action up to and including termination, or in the case of citizens, necessary steps to prevent any inappropriate behavior.

Participants involved in the complaint investigation will be treated courteously. The making of a good faith complaint shall in no manner be used adversely against the complainant. The City will take corrective action that is effective and appropriate to the circumstances, including, but not limited to, disciplinary action up to and including termination against any person attempting to retaliate against the complainant, or in the case of a citizen, whatever legally appropriate steps are necessary to prohibit retaliation.

All employees have an obligation to report observed discrimination or harassment so that the City can take appropriate action. Supervisors and managers have an obligation to report and take appropriate action in regard to discrimination, harassment, or inappropriate behavior observed or reported. Such failure to report observed discrimination or harassment may result in corrective action. Managerial and supervising employees will be trained regarding their responsibility upon receiving a verbal or written complaint and their responsibility to advise the complainant of available avenues to resolve the complaint. All new employees will receive training as to ~~this the City's Equal Opportunity Discrimination, Harassment, and Conduct Policy~~. This Policy will be distributed to employees and available in City workplaces. Copies of the Equal Opportunity Ceomplaint Policy and Procedures process shall be available to employees and distributed to the participants in an investigation.

As stated above, it is the City's policy to prevent and prohibit inappropriate behavior based on an individual's protected characteristics whether or not the behavior is severe or pervasive enough to become actionable in a court of law. Thus, employees and managers are encouraged to deal with inappropriate behavior as soon as it occurs so as to prevent any similar behavior from occurring. Managers and supervisors who have been made

aware of prohibited inappropriate behavior shall within three days communicate that information directly to the City's Equal Opportunity Department Director or designee for training and compliance purposes. Employees engaging in inappropriate behavior may be subject to counseling, discipline, or other corrective action regardless of whether their behavior rises to the level of harassment or discrimination actionable in a court of law. In the case of citizens utilizing City services who engage in inappropriate behavior, they will be dealt with in accordance with any legal remedy available to the City that may prevent the inappropriate behavior.

This policy applies to elected and appointed officials, managers, supervisors, employees, contractors, or vendors. Employees of the City who violate this policy will be subject to corrective action that is effective and appropriate to the circumstances, including, but not limited to, disciplinary action up to and including termination. Elected and appointed officials, contractors, or vendors whose actions are deemed to constitute violations of this policy will be dealt with as provided for by law, contract, or other available means.

The Equal Opportunity Director or designee shall be responsible for formal and informal investigations as requested or needed under this policy and shall be the custodian of ~~all formal complaints filed under the Equal Opportunity Complaint Policy~~ policies contained in the Equal Opportunity Policy Handbook.

## Exhibit D

### RETALIATION POLICY

(Policy No. 33)

The City of Gainesville has adopted an Equal Employment Opportunity Policy, a Disability Policy, and a Discrimination, Harassment, and Conduct Policy. In order to encourage and assist in the implementation of these policies, it is important that City employees or citizens who bring to the City's attention apparent or real violations of these policies, or employees or citizens who otherwise participate in the investigation or resolution of these matters, be protected against retaliation for (their good faith efforts in this regard.

Therefore, this policy prohibits retaliation by City officials, managers, supervisors, or employees because they have engaged in protected activities. For the purpose of this policy, protected activity consists of: (1) opposing a procedure or practice prohibited by the City's Equal Employment Opportunity Policy, Disability Policy; Discrimination, Harassment, and Conduct Policy; Title VII of the 1964 Civil Rights Act; the Equal Pay Act, or (2) making a complaint, providing evidence, providing assistance in filing a complaint; assisting or participating in any manner in an investigation, proceeding, or hearing authorized under City policies or procedures relating to the Equal Opportunity Complaint Policy, City's Equal Employment Opportunity Policy, Disability Policy; Discrimination, Harassment, and Conduct Policy, Title VII of the 1964 Civil Rights Act; or the Equal Pay Act. Retaliation prohibited by this policy would occur if (1) an employee or citizen opposes a violation of the aforementioned policies or laws, or participates in a proceeding brought under one of the policies (protected proceeding), (2) there is an adverse action against the employee or citizen, and (3) there is a causal connection between the protected activity and the adverse action taken against the employee or citizen.

The following are some examples of how an employee or citizen might oppose a violation of one of the aforementioned policies, or participate in a proceeding brought under such:

- 1) Filing a complaint or otherwise making a complaint in accordance with City policies and/or procedures or federal or state law regarding discrimination, or harassment.
- 2) An employee or citizen refuses to participate in, condone or support a discriminatory employment or service decision.
- 3) An employee or citizen makes a request for reasonable accommodation in an employment or service situation, or proposes an accommodation to provide fair access to facilities, programs, activities, or services for qualified individuals who have disabilities.

An example of protected proceedings would be:

- 1) Making a complaint of discrimination in accordance with City policies and/or procedures or federal or state law.

- 2) Providing evidence or testimony to an investigator in the course of investigating such complaint,
- 3) Rendering a decision or providing advice during the investigation or resolution of a complaint,
- 4) Providing assistance in the filing of a complaint.

The City will take corrective action that is effective and appropriate to the circumstances, including, but not limited to, disciplinary action up to and including termination of any City employee who retaliates against another employee or citizen. The Equal Opportunity Director or designee shall be responsible for formal or informal investigations as requested or needed under this policy and shall be the custodian of all ~~formal~~ complaints filed under ~~policies contained in~~ the Equal Opportunity Complaint Policy Handbook.

## **Exhibit E**

### **DISABILITY POLICY** **(Policy No 34)**

In accordance with the Rehabilitation Act of 1973, Section 504, and the 1990 Americans with Disabilities Act regarding persons with disabilities, no otherwise qualified person with a disability shall, solely by reason of the individual's disability, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any City program, service, or activity. The Equal Opportunity Director will work to ensure that in every public area there is posted a notice that states individuals have a right to file a complaint with the Equal Opportunity Department if they believe their rights have been violated by the City based upon a disability. The Equal Opportunity Director will work to ensure the City's compliance with this policy.

#### ***Covered Individuals***

The City, in conformance with Title I of the Americans with Disabilities Act (ADA), requires the fair treatment of qualified individuals with disabilities. A disabled person is defined as an individual with a disability who, with or without reasonable accommodation, can perform the essential functions of the employment position that such individual holds or desires. The ADA covers people with current or past physical or mental impairments as well as people who are not disabled but are regarded as such.

The ADA prohibits employment discrimination against qualified disabled individuals, while ensuring that employers can continue to require all applicants and employees, including those with disabilities, to be able to perform the essential, non-marginal functions of the job in question.

#### ***Essential Job Functions and Reasonable Accommodations***

A qualified individual with a disability is someone who is able to perform the "essential functions" of a job, with or without a "reasonable accommodation". To determine if a person is "qualified" to perform a particular job, the employer must identify, in advance, the essential and non-essential functions of the job, and then determine whether the individual can perform them.

Determining the "essential functions" of a position is critical in evaluating whether or not a disabled person is qualified for the position he or she holds or desires. If an individual with a disability can perform the essential job functions, with or without reasonable accommodation, he or she may be considered qualified for the position held or desired. An employer is not required to eliminate or transfer essential functions - in other words, fundamentally change the job - to accommodate a disabled employee who cannot perform them.

Essential functions are the fundamental job duties of the employment position the individual with a disability holds or desires. Marginal duties are not included. Essentially, employers must figure out what employees actually do in their jobs.

#### ***Determining Essential Functions of a Job and Examples***

Essential functions of a job are determined as follows: First, a task may be essential because the

position exists to perform the function. For example, the ability to proofread documents is an essential function of a proofreader's job. Removing that proofreading function would fundamentally alter the job. An employer may state that typing is an essential function of a certain job. However, if people holding that job never actually type, typing would not be an essential function.

Second, a function may be essential based on the number of other employees available to perform that task or among whom the responsibility of doing so can be distributed. This may be a factor either because of few available workers, or because of the fluctuating demands of an operation. With a small work force, the need to perform several tasks is more critical than with a larger staff, where work perhaps can be redistributed with less impact.

Finally, a function may be essential if it requires a certain degree of skill or specialization. In some professions, people are hired for their expertise or ability to perform certain functions, e.g.; an interpreter is hired because of fluency in a foreign language. As with much of the ADA, deciding what is an essential function will be determined by the City on a case-by-case basis.

### ***Determining Reasonable Accommodations and Examples***

The concept of "reasonable accommodation" is critical to understanding the actions that an employer may be required to take to comply with the ADA. Disabled applicants and employees may need to be accommodated, by law, as long as it is reasonable.

The City must make reasonable accommodations to the known physical or mental limitations of an otherwise qualified applicant or employee, unless the City can demonstrate that the accommodation would impose an "undue hardship." Also, the City cannot deny any employment opportunity, (i.e., refuse to consider for employment), or deny a benefit to a qualified person with a disability if the denial is based on the need to make reasonable accommodation. Reasonable accommodation applies to all phases of employment.

Reasonable accommodation is defined as any change in the work environment or in the way things are customarily done that enables an individual with a disability to enjoy equal employment opportunities.

### **Examples of reasonable accommodations include:**

- 1) Accommodations that are made to ensure equal opportunity in the application process;
- 2) Accommodations that allow disabled employees to perform the essential functions of the job such as acquiring or modifying equipment or devices, providing readers or interpret;
- 3) Accommodations that enable employees with disabilities to enjoy employment benefits and privileges equal to those of other non-disabled employees such as making facilities used by employees readily accessible and usable and restructuring jobs;
- 4) Making existing facilities used by employees readily accessible to and usable by individuals with disabilities;
- 5) Job restructuring, part-time or modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

Actions that fall within the concept of "reasonable accommodation" range from purchasing equipment to modifying company policies to reallocating space.

### ***Employee Rights and Responsibilities***

When requested by qualified applicants or employees, supervisors and managers will attempt to make reasonable accommodations as needed. The Equal Opportunity Director or designee shall develop procedures to assist supervisors and managers in providing reasonable accommodations. Employees who seek an accommodation are encouraged to initially discuss the matter with their supervisor, manager, or department head. Employees maintain the right to directly contact the Equal Opportunity Director.

A person who wishes to file a complaint under this policy should consult the Equal Opportunity Complaint Policy in this handbook. ~~However, an employee or applicant maintains the right to file a complaint with an outside agency or to use existing collective bargaining procedures, as applicable, in lieu of the procedures provided by this City policy.~~

### ***Access***

To ensure compliance in accordance with Section 504 of the Rehabilitation Act of 1973 and the ADA, the Equal Opportunity Director shall work with the appropriate City departments in conducting "self-evaluations" of City buildings, services, programs, and activities pursuant to federal regulations. The Equal Opportunity Director shall be responsible for coordinating with other affected City departments planning implementation dates for a "Transition Plan" which lists access barriers and dates for corrective action. The Equal Opportunity Director will also assist the Regional Transit System, Community Development Block Grant Office, and any other departments that are required by the federal or state governments to submit a disability plan.

### ***Citizens Disability Advisory Committee***

The Citizens Disability Advisory Committee shall consist of persons selected by the Equal Opportunity Director and appointed by the City Manager. Members should be individuals with disabilities or have some experience working with or expertise about persons who are disabled. Members shall be appointed annually. The committee will be responsible for evaluating and providing assistance in implementing Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Acts and also give advice or assistance to the Equal Opportunity Director on accessibility and utilization as it relates to all City programs, services, activities, and facilities.

The Equal Opportunity Director will serve as the City's liaison and render assistance to persons with disabilities or organizations advocating the needs of persons with disabilities.

~~The Equal Opportunity Director or designee shall be responsible for investigations under this policy and shall be the custodian of all formal complaints filed under policies contained in the Equal Opportunity Policy Handbook.~~
