EXPLANATION: I made contact with Media 100 the sole manufacturer of the Media 100 XR system. They recommended we purchase the system through one of the resellers in our area. The manufacturer stated that their price would be higher than the local resellers and we would have to ship the equipment to them for repairs and maintenance. We contacted the three businesses in the Jacksonville, Tampa, and Orlando area. The Tampa based representative works for the Orlando office. These are the only two resellers within a reasonable distance for maintenance and repair issues. The award was based on price and conformance to specifications.

Bids were received via fax, and are on file at The Gainesville Police Department.
