EXHIBIT A
ALACHUA COUNTY'S SCHOOL RESOURCE OFFICER PROGRAM

The Alachua County School Resource Officer Program is an intervention, prevention, and public safety program focused on educating and counseling students. This program also provides public safety education for staff, students, and faculty as well as other parties associated with the schools. The program is a collaborative effort between the Gainesville Police Department and the School Board of Alachua County. The primary objectives of this program are:

1. Provide law enforcement and public safety assistance to school personnel, parents, and students;
2. Develop a positive image of Law Enforcement Officers among students and parents;
3. Help students with problems through personal and group counseling;
4. Gather information about criminal activity or potential problems within the school or community;
5. Educate students in the areas of crime prevention, personal safety, substance abuse and law.

School Resource Officer Guidelines

1. The School Resource Officer (SRO) has five major roles in the school to which he/she is assigned: a) intervention and prevention activities for the students; b) counseling students; c) delivering curriculum in a classroom setting; d) providing public safety information; and e) providing law enforcement assistance.
DRAFT
 - a) SRO's provide intervention services such as referrals to social service agencies and prevention services such as classroom lectures and the distribution of pamphlets of educational information.
 - b) Students, parents, teachers, school administrators, or the SRO may initiate counseling sessions. The officer has the discretion about what action he/she may take if he/she becomes aware of a criminal act.
 - c) Special topics which the SRO will discuss in the classroom setting upon request are listed in the School Resource Officer curriculum as prepared by the SROs.
 - d) The SRO will investigate crimes which take place on the school property and may participate in the investigation of crimes, on or off campus, which concern known students. Should it become necessary to conduct formal law enforcement interviews or investigations with students, the SRO shall adhere to those legal requirements, policy and procedures established by the State of Florida, the Gainesville Police Department, and the School Board. The SRO shall inform the student's parent(s) and the principal, or his or her designee of the investigation/interviews occurring on campus, as soon as practical, if not prohibited by confidentiality provisions of state law.

- e) The SRO will provide law enforcement assistance at the school site to school personnel, parents, and students.
2. Visibility is critical to the success of the SRO. This means that it is important for the officer to move throughout the school, taking advantage of lunch-time and other breaks. Visibility should be assigned to the officer with consideration that the officer's movement should be random in the patrol to avoid being predictable by the students of the campus. The School Resource Officer should also schedule visibility times before and after school. This item applies only to the police officers/corporals described in 1A.
3. The SRO Program's hours should be set by the principals with the following understandings:
- a) The Officer works a 40-hour week.
 - b) Special duty, before or after school, may be requested on a limited basis through the SRO of his/her immediate supervisor. Security for special activities, such as sporting events and social activities, shall be scheduled through the supervisor of the SROs and principal, and should be inclusive of work week when possible.
 - c) The officer may be required to set certain times aside for training, inservice court appearances, etc. Training and inservice will normally be scheduled for times other than regular school hours.
 - d) If the officer is not going to be in school, he/she will inform the principal as soon as possible. Gainesville Police Department will make a good faith effort to assign a substitute SRO to the school.
4. While the SRO should be considered a resource for the principals and administrative staff, the SRO shall not be required to participate in school discipline. He/she should work closely with the principal or an administrator appointed by the principal.
5. To coordinate the exchange of information between SROs in various schools, regularly scheduled meetings should be held for all SROs. It is hoped that this will eliminate the potential problems which might arise because a School Resource Officer's department does not patrol the neighborhood in which the students live.
6. The School Resource Officer Program will not be identical in each school. The character of the program in each school will be greatly influenced by the collaborative agreement between the Principals and the respective SRO.
7. While on campus, in the capacity of SRO, the officer will wear the approved uniform.

School Resource Officer Curriculum

1. Law Enforcement as a Career
2. Juvenile Law
3. Juvenile Crime to include any or all of the following:
 - a. Shoplifting

 - c. Assault and Battery
 - d. Trespass

6. Substance Abuse
7. Rape Prevention
8. Crime Prevention
9. Other topics which the SRO may be requested to cover by the school as needs develop.

Selection Criteria

Each potential SRO shall be interviewed by the Officers in charge of the District the school is located in. The following factors will be considered in the selection process:

- a. The officer's desire to work with youth.
- b. The officer's prior experience in law enforcement and youth work.
- c. The officer's interpersonal skills.
- d. The officer's academic background and/or other pertinent training.

Preservice Training

School Resource Officers shall attend the 40-hour "SRO Basic Training" offered by the State of Florida Attorney General's Office.

The report will be sent to the District Security Chief of the School Board.
