**Subject:** FW: trespass tow rates

Paul,

Please prepare a consent item for June 21 referring Mr. Forrón's request to increase towing rates to the Public Safety Committee. Please coordinate with Mr. Forrón and GPD to prepare and place the item on the Committee agenda.

Thanks,

Russ

**Subject:** trespass tow rates

Mr. Blackburn

Due to extreme rising expenses I am asking for a rate increase. The city has raised its rates for the contracts so the towers should also get a raise. The rate was set in 1994 at 70.00 its been increased twice since then in very nominal amounts to 76.00. The cpi from 1994 would be 56.1% that would bring the tow rate to 109.00. While I do think we are due a raise I think that might be high. I would propose an increase to 100.00. As I am sure you are aware expenses for all of us have increased exponentially. Please contact me so we can proceed in accordance with city regulations.
