KRAUS
KRAUS CARPET MILLS LIMITED

October 17, 2005

Dear Valued Kraus Customer,

Unprecedented increases from our raw material suppliers continue due to the horrific weather situations in the Gulf Coast. Shipping, refining, gasoline and other fuel prices are still being adversely affected. Due to such volatility in the market, we are uncertain as to when these prices will stabilize.

As a result of all the increases on raw material costs, Kraus is announcing a price increase on all residential and commercial products by 5 - 8%. This increase will be effective with all orders and shipments as of November 21, 2005.

We thank you for your understanding during this challenging time.

Sincerely,

Walter Eckhardt
