Miscellaneous Information:

Experience/Training Information

Related to Board/Committee: My life long history of community involvement and volunteer leadership as well as my experience as a Park Commissioner have prepared me well t serve on the Gainesville Energy Advisory Committee.

My community involvement gives me access to a cross section of Gainesville citizens and GRU Ratepayers allowing me to consider and represent a broad spectrum of thoughts, ideas, and concerns to the committee.

I know how to gather information from relevant sources in order to contemplate decisions that I faceGEAC will face. During the past year and a half I have spent much time learning about GRU and the issues with which it deals. This experience will serve me and the citizens he of Gainesville and GRU ratepayers, in carrying out the mission of GEAC as outlined in the City of Gainesville's ordinances.

As a member of GEAC
