

Memo

To: Mayor and City Commission
From: Russ Blackburn, City Manager
CC: Marion Radson, City Attorney
Date: 5/5/2009
Re: Ordinance #080748 Urban Services Report for Tax Parcel Numbers 07176-020-000 and 07176-020-001 (Idylwild/Serenola Area)

Staff is recommending that first reading of ordinance #080748, on the May 7, 2009 City Commission agenda, be continued to a time and date certain. A request has been received by the applicant to have this item delayed. Because the ordinance is advertised, staff is recommending that it be noted at the start of the City Commission meeting when modifications to the agenda are addressed, that the Commission will continue the first reading of the ordinance to a time and date certain. If the City Commission concurs with staff's recommendation to continue the ordinance, those present at the time the ordinance is introduced who wish to speak to the item should be offered the opportunity to do so.
