My apologies for sticking my nose in as a non Gainesville resident, but am one of many TP fans from around the world. (Scotland in this case)	3/29/2018 1:21 PM

87	Statue	I live in east Texas, and I can drive over to Navasota where there is a really nice life-sized statue of Mance Lipscomb. He is sitting on a park bench, just off the main street, at the edge of a little green space, and I always sit on the other end of the park bench, just for a few moments, and "listen" to him play his guitar. I don't generally like statues, but I really like the Mance Lipscomb statue. I don't know if this helps you with your project, but it seems to me that Tom Petty is the kind of fellow who would sit on a park bench and strum a few tunes for folks. And it seems to me that folks would appreciate that. Peace.	3/29/2018 9:47 AM

103	<b>Non-City Agency Facility</b> <b>Rename non-City Road</b> <b>Rename Northeast Park</b> <b>Rename Park</b> <b>Statue</b> <b>Think bigger</b> Yesterday I could not think of other suggestions; today- 1. Statue at Northeast park; this is his park; the northeast was the city that shaped him, Duck Pond et al. 2. If possible make the mudcrutch farm site a park; with statue for all it represents. Let noone underestimate how much tom petty represented the best of gainesville. I travel the world and tom petty was loved everywhere and everybody knows he always was proud in stating he was from gainesville; his songs prove it-- 441, dog woods, glenwood springs--everywhere there is gainesville. And in Benmonts interview last summer in London; how have you stayed together;"cultural DNA" referring to the upbringing of all in Gainesville. Best remembrance piece by Milwaukee paper titled: the Reluctant Rock Star" Just Do this right please	3/27/2018 9:09 AM

168	<b>New Facility/Stage</b> <b>Non-City Agency Facility</b>	Tom Petty was all about music. We need to honor him by honoring what made him famous. We have a Bo Diddle Plaza, we need a Tom Petty venue, a gathering place for music, laughter and fun. Maybe at GHS. He should also receive an honorary diploma for his dedication to his music beginning in the 60's. This year would have been his 50th High School Reunion. 187	<b>Music Scholarship</b> <b>NO Statue</b>	Dear City of Gainesville: First off, a commemorative statue is an old-fashioned, potentially controversial idea (Petty was neither heroic nor the most illustrious example of good decision making) and an enormous investment in mediocre (or worse) art. Please please don't do it. Petty was an artist and musician whose early talent was nurtured in the rich stew of the Gainesville music scene, so why not commemorate him with an annual award/investment in a young musician? Use the funds that would be wasted by foisting a 'statue' on the community to provide financial support in the form of a residency, a recording opportunity, a scholarship or flat-out monetary award that grants opportunity at the perilous start of a musical career. Commemorating the artist by supporting the arts with direct reward to young talent is meaningful, long-lasting, and an investment in the cultural richness of our community. It makes a statement that talent, not merely celebrity, is valued in our city.	3/20/2018 10:42 AM

## Tom Petty Memorial Survey

238	<b>Concert/Festival</b> <b>Music Program/Camp</b> <b>Music Scholarship</b> <b>Tom Petty Month</b>	Naming the Month of October Tom Petty Month leaves Gainesville with many options to celebrate Tom's musical legacy throughout the month. Many of the other ideas could be incorporated such as the music festival, but nothing would honor Tom Petty and his musical legacy more than passing the chance to create new music onto the next generation. As part of this celebration Gainesville should consider a music scholarship to a deserving student, so song writing and the playing of instruments and using them to write original music, two things Tom held sacred, and made him such an important part of the musical fabric of the world, can be carried forward by future generations. Also, making sure music programs are available in the public schools in his honor. He was an extraordinary visionary with his music and there are surely young people out there who are poised to carry his love a music forward and honoring him through future generations would be the most meaningful and respectful way of ensuring he is remembered in a way he would have loved. He was very humble and if you listen to his interviews he was adamant that it was time for future generations to pick up the reins, learn how to really play their instruments, and write and create new music of their own. We were all very lucky to be in the midst and live in a time when Tom's music became the soundtrack of many of our life events and Gainesville was lucky to call him a hometown son. He will be forever missed, but forever loved and remembered.	3/19/2018 7:51 PM

307	<b>New Facility/Stage</b> <b>Statue</b> I agree strongly with Dan App: A venue for concerts named after Tom is best. Best locale: Depot Street, as this was a the title of a song Tom wrote early on. Second Choice: Statue. Before Tom passed away, I was in communication with an esteemed atelier, named Mr. Seward Johnson, whose statues are displayed worldwide, both indoors and outdoors. He is in Santa Monica. He and his office were excited to create a statue of Tom, being hardcore fans of his. They proposed a price of \$120,000, which I believe could be raised, e.g., via goFundme or a similar site. Why? Fans were paying minimum of \$100 per ticket and filled often arenas with 10,000 seats per concert in the latter years of Tom's life. Also, his fans number in the millions and are worldwide. If you Google Seward Johnson, you can see his works and contact his curator. Thank you.	3/19/2018 1:21 PM

410	<b>Concert/Festival</b> <b>Museum or exhibit</b> <b>Music Program/Camp</b> <b>Non-City Agency Facility</b> I am a native of Gainesville, having been born in Alachua County Hospital in 1959. I have always loved and admired Tom Petty and the Heartbreakers and saw them both shows at Summerfest last summer. Tom's legacy needs to be preserved; that is the most important thing. While a museum of sorts would serve that purpose, for Tom it was and now always will be about ... the MUSIC. Establish the Tom Petty Performing Arts Center on the U of F Campus and have an annual tribute concert featuring the music of TP&HB. Have song-crafting (writing) symposia. Invite prominent musicians to conduct Master Classes. And over a four-day weekend, have 100 live performances in multiple venues. That would be a fitting tribute to Gainesville's favorite son, as wished by its long lost son on this St. Patrick's Day.	3/17/2018 7:22 AM

453	<b>Other Event</b> <b>Tom Petty Day</b>	What I think really ought to happen is for the city of Gainesville to declare Oct. 20 as "North Florida Rock 'n' Roll Day." The reason being, Oct. 20 is both Tom Petty's birthday (1950) and the date of the Lynyrd Skynyrd plane crash (1977). Because Petty's old band Mudcrutch often shared gigs with Skynyrd in the early '70s, it seems appropriate to commemorate both Petty and Skynyrd throughout North Florida on that date. If a North Florida Rock 'n' Roll Day were established, any interested North Florida communities could mark the occasion on Oct. 20 as they saw fit. The whole idea ought to be run past the Jacksonville city leadership, I suppose, just in the name of transparency.	3/16/2018 7:03 PM

## Tom Petty Memorial Survey

476	<p><b>Concert/Festival</b> <b>Rename Northeast Park</b> <b>Statue</b> <b>Tom Petty Day</b> <b>Tom Petty Month</b> Mine would be to carry out all of the suggestions above, and here is why I, and others too, have had this readily come to mind We see it as being "potentially" quite possible, and also a logical idea. For example the naming of October 20th as Tom Petty day, and the naming of October as Tom Petty Music Month are both ideas that do not cost anything significant to do. And, forgive me for saying that I'm surprised they weren't done already. (For example, I lived most of my life in Austin Texas, and in October the City of Austin proclaimed October 20th as "Tom Petty Day!" ♡) That option, plus having October as TP Music Month could certainly be readily achieved fairly soon. Next, re: "erecting a statue in a park." Why not combine the option of the naming of Northeast Park to Tom Petty Park, with the "erecting a statue to Tom and placed in the park," option, and have the "park" be the newly renamed "Tom Petty Park!" I'm sure there are many creative ways that Gainesville residents, and people outside of Gainesville could &amp; would come up with money to fund the statue. It certainly sounds logical also. The option of an "annual music festival with various Petty tribute bands" is highly desired by those fans that have contacted me today, or I've contacted them re this survey. Tom Petty's driving force in life was wholly "creating &amp; performing Music!" Having a musical event in his honor is the very greatest way you can honor Tommy! ♡ There are any number of ways that the funds for an annual festival could be created by the residents, and by fans from all over as well! Not to mention that having Fans from all over come to Gainesville will boost your city's economy tremendously, during whatever date these annual Music Festivals are held in Tom's honor. The only things that involve initial financial cost would be the statue, and the Music Festival. Those could both be possible. Lastly, if the residence of Gainesville so desired I don't know what involves the net renaming of a street 2 Tom Petty but I would think once again that that is something that is not terribly complicated and not significantly expensive. If that is the case I also don't see why that couldn't be achieved readily as well. I think I've given logical reasons how it could be possible to achieve every item on the survey, or at least the majority of the items. Tom Petty holds the title of "Gainesville's No 1 Son," and his legacy deserves to be honored by Gainesville in multiple ways. Thank you for seriously thinking about the points I've made.</p>	3/16/2018 4:36 PM

It might spur them to stop and see the town for that reason. If you do choose to have an annual concert you should advertise it on the Tom Petty fan club website, on other music/concert sites as well. Also, you could incorporate the local school music programs into it and have students come and play some of Toms music - the local schools music programs could prepare for it all year. Tom went to GHS and they have an excellent band program, you could talk to the music teacher there (Mr. Pirzer) about it. I am full of ideas, it's what I do, I am a brainstormer.....let me know if you want any more ideas or help putting things together, I'd be happy to help.	3/16/2018 8:58 AM

I've been trying to get a return phone call from the Gainesville Town Hall about the street dedication. Hundreds will gather in Gainesville on Tom's birthday on Sat Oct 20 so that afternoon would be a great day for the dedication and you'd get worldwide exposure.
