| | | | | | | | |

Note: Price points for Extensys were applied using only the base price of \$355,200 and are not fully accurate. Their quoted price was \$355,200 + Time & Material and Expenses. There are no estimated hours to further calculate the time cost or a way to estimate materials and actual expenses. As an example: the lowest quoted salary, working full time, for 3 months would add \$93,600.
(\$195/hr x 40 hours x 12 weeks)

Note: BerryDunn was the only vendor invited to oral presentations.
