Honorable Mayor and Commissioners,

Please find attached a copy of the analysis of phone-in commission meeting participants over the last year in connection with our use of Kearns & West.

Please note, our use of this service has decreased dramatically by eliminating boards and committees from our allowed meetings and only using it for regular Commission meetings and those with anticipated high call volume.

The Commission may want to decide if they would like to continue the practice of allowing participants to dial in with their comments live during the meeting, or if the board is comfortable with inviting the general public to offer their comments in person only. Please keep in mind, we are still taking callers on our recorded line, and eComment on our website in addition to the other ways neighbors can reach out to you directly with their thoughts.

I am happy to facilitate the next steps.

Best,

Omichele D. Gainey, IIMC-CMC
City Clerk
