RE: Fiscal Year 2006 Highway Safety Funds

Dear Chief Botsford:

Your agency has been selected to receive highway safety funds in the amount of \$39,276. In order to receive this funding, you must complete the enclosed *Subgrant Application for Highway Safety Funds*. Send **one completed copy of the application** and **three additional signature pages with original signatures** to the Florida Department of Transportation (FDOT) Safety Office for processing.

Instructions for completing the application form are also enclosed, along with copies of your approved *Project Detail Budget* pages and the *Quarterly Progress Report of Performance Indicators* page. Please use the following information when completing the highway safety subgrant application:

Project Title: DUI Enforcement Specialist
Project Number: FA-06-22-08

Please return the completed application to the DOT Safety Office as soon as possible. You will be notified as soon as your agency's subgrant is awarded. While we strive to award as many subgrants as possible on October 1, the award could be delayed if your application is not submitted in a timely manner, if your application has to be returned for corrections, or if federal highway safety funds have not been released for award.

We look forward to working with you on this project. If you have any questions, please call Roger Doherty at (850) 245-1522.

Sincerely,

A handwritten signature in black ink that reads "Carla G. Sims".

Carla G. Sims
Traffic Safety Administrator
