June 26, 2002

Doug Murdock, Building Official  
City of Gainesville  
P.O. Box 490, Station 9  
Gainesville, FL 32602-0490

Mr. Murdock,

The North Central Chapter of FAPGMI voted on June 25, 2002, to support the proposed fee increase to fund a new Mechanical Inspector position. We understand that the fee increase will affect all mechanical/gas type permit applications. The \$25.00 fee increase will assist in creating this new position. The inspector will be responsible for doing time certain mechanical inspections on occupied residential uses.

As an organization, we strive to develop a good working relationship between the contractors and the governing agency. This is a great occasion to show that we are achieving our goals.

Sincerely,

Linda Patrick  
President
