EP, Let's b sure to invite Tyler to the food truck item.

EB, after speaking with the cdc chair and recognizing the 8/20 meeting is only scheduled for 2 hours, it is unlikely the food truck item will be on the 9/3 cdc. We can chat more this afternoon.

Thanx, sd

Tyler,

The updated version of the food truck ordinance can be found by going to the city's website, clicking the "Agendas and Minutes" button at the top and finding the item on last weeks meeting agenda. The ordinance will be a link at the end of the item. You can also contact the city manager's office for help or to answer any question you may have. I would love to attend a future meeting, so let me know when you will next meet.

Best,  
Lauren

Hey no problem. We are having our first "alliance" meeting this Sunday. It's mostly going to be a brain storming meeting. Where could I find transcripts of the meeting discussing food trucks, and a copy of the ordinance? And other ordinances regarding food trucks?

Tyler,

We just updated our food truck ordinance, expanding frequency and locations for events. I am happy to discuss this with you, but it may be difficult to arrange something in person before Sunday. I will try to find a time. In addition, I feel that we will be best served if we allow the changes (which just went into place last week) be allowed to function so we can see what is working and what needs improvement.

Best,  
Lauren

Hello! My name is Tyler Black. I am the owner of Ameraucana Wood Fire a food truck based in Gainesville. I was born and raised in Gainesville and recently returned to start a food truck. I am having a hard time setting up certain places, and I was recently complaining to a Writer for the Gainesville Sun and your name came up as someone that would probably be interested in helping the food truck culture. Anyway, I have a meeting this coming Sunday with all of the owners of Alachua County based food trucks and I was hoping we could meet before this sunday. Thanks!!
