I have nearly completed the requirements for an Urban and Regional Planning minor from the University of Florida. I have taken twelve credits in courses ranging from Housing Policy and Affordability to Geographic Information Systems and have thorough knowledge of what Gainesville has to offer. As a former intern at Grooveshark Inc. and a student at UF, I have had the opportunity to speak with a wide range of Gainesville residents, from professionals to students, and have good idea of what the citizens of the area are looking for in their community.

**Educational Background**

I am currently in a combined degree program at the University of Florida and will graduate with a B.A. in Business Administration-Information Systems as well as a M.S. in Information Systems and Operations Management. I am also minoring in Urban and Regional Planning.

**Professional Organizations**

I am a member of Students for the New Urbanism at UF, the Association for Information Systems, the Student Finance Group, and Gators for Happiness.
