\$1,078.60

2005

\$760.13  
\$158.25  
\$918.38

The above tabulation represents a sampling of Industrial Hose and Fittings frequently used by RTS. As no contract was in place last year these items were purchased from various suppliers based on who responded to each request with the lowest bid. Based on the one bid received July 12, 2005 as compared to the cost to purchase these items last year indicates a seventeen percent decrease. I feel this bid represents a fair market value for Industrial Hose & Fittings and recommend the award to Trident Supply Co. Inc.
