Mayor and Commissioners:

The ordinance governing the Historic Preservation Board (Section 30-3.5) provides guidance on the required and recommended membership for that board (30-3.5(B)(1).

The Historic Preservation Board requires the appointment of at least one registered architect, and whenever possible, representatives from the following areas of expertise:

- a. History
- b. Real Estate/Property Appraisal or finance
- c. Urban Planning or Law
- d. Engineering or Building Construction
- e. Landscape Architecture

There is good reason the ordinance recommends, that whenever possible, appointees have experience in those areas of expertise. The members of the Historic Preservation Board are making quasi-judicial decisions about the properties of residents and business owners. They are required to review architectural plans and must interpret both Federal and State historic preservation guidelines and the city's own ordinances.

Attached is a matrix created to assist you in the review of the applications for the open positions on the Historic Preservation Board. If needed, the full applications, and applicant resumes if provided, are also available for your review.

There are nine member slots available. The current six members, while up for reappointment, have all expressed interest in staying on the Historic Preservation Board. There are three additional applicants that also have an area of expertise which are currently unrepresented on the board, including Urban Planning and Building Construction.

Thank you for your consideration of these important appointments.

## Interests & Experiences

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

As an educator and historian, I have a true passion for preservation and history. I am a Civics Teacher here in Gainesville, and I have a master's degree in history from Florida A&M University. It is with this knowledge and passion that I implement the historical consciousness of this community into my curriculum. Furthermore, as an active member of this community, I understand the importance of preserving the historical integrity of certain communities and landmarks. I will serve this board with enthusiasm, drive, creativity, and an open mind.

Mr. Nathaniel S Courtney Jr.

Question applies to Gainesville Cultural Affairs Board

**Why are you interested in serving on the Gainesville Cultural Affairs Board?**

---

As an educator and artist, I firmly believe in the importance of embracing multi-culturalism and celebrating the arts. I am a co-founder and the Executive Director of Nathan Ross, Inc. The mission of the organization is "To promote the rich legacy and heritage of African-American history and culture through the arts, education, and entertainment." Here in the city of Gainesville, it is important to find ways for artists and culture coordinators to create and present their work to the community. I want to be apart of the positive development and enhancement of cultural arts and affairs in Gainesville, Florida. If chosen, I will work diligently to help create and produce events that showcase the wide-array of talent and diversity among artists and entertainers in Gainesville and the surrounding areas.

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

I served on the Historic Preservation Board for the City of Eustis in 2018 before moving to Gainesville and found it to be a very rewarding experience. I used to own a 108 yr old home in the historic district of Eustis and am also a licensed real estate sales agent in Florida (currently inactive). Previously, I was the Executive Assistant to the City Manager in Tavares, Florida for several years and am well acquainted with the structure, hierarchy and procedures of local government. I would like to continue to use these past experiences to save local historic architecture and improve my community.

## Interests & Experiences

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

I have a long history and passion for old homes and building architecture. As a licensed contractor I feel that my years of experience restoring and remodeling older homes would be beneficial to the board. I am well versed with Florida building codes , building procedures, and materials. I have been a resident of Gainesville for over 10 years and the local historic architecture has kept me in love with my city.

## **Interests & Experiences**

### **Why are you interested in serving on the Historic Preservation Board?**

---

I currently work for the College of Design, Construction, and Planning which houses the program of Historic Preservation. As my children grow in age, I am considering a degree in Historic Preservation. My interest in historic preservation is not just on doors, windows, and materials used in construction. My interest is in the very fabric of the neighborhoods the board is tasked with preserving. Currently, our historic neighborhoods are under great pressure from outside development. New construction is filling empty lots, and developers are pushing the boundaries of what is acceptable. I see more and more houses being torn down and new expensive construction going in, outpricing the very residents who have existed within these communities since the founding of the city. The historic preservation board is a vitally important piece of preventing poor development, and balancing property rights with neighborhood preservation and the statutes set out by the state of Florida. This is a very delicate balancing act. I want to continue serving on the board because I have vision that the HP board can be more than a stamp of approval for windows and doors- I see it as a vibrant board that can start really making progress in protecting our buildings, homes, and neighborhoods. I also want to continue to serve on the board because I am one of the FEW members who is not an architect or realtor but a community member who cares about our neighborhoods. I never have to recuse myself because my 'projects' are before the board, and I feel not having those connections makes me a more impartial judge. I also am the only member who makes close to the median income of most Gainesville residents so I understand the concerns of neighbors who fear development will price them out. I did have a debate with myself before reapplying, as many of the projects we approve are in historically black neighborhoods and there is NOT A SINGLE AFRICAN AMERICAN member of the board, however, my term was only a half term and was interrupted by COVID, so I would like the opportunity to continue to serve, though I encourage the commission to take matters of representation into consideration.

I would like to be a member of the Historic Preservation Advisory Board because I have an abiding interest in architectural histories and the conservation of cultural resources. Having lived in Gainesville since 1987, I would like to be able to contribute to the protection, enhancement, and perpetuation of our city historic, archaeological, and cultural artifacts. Further, I am interested in how contemporary architecture and development can be informed by histories in order to foster a more culturally inclusive approach to designing. As 'owner-builders' myself and my husband over a four year period (2002-2006) conceived, designed and constructed a vernacular-style residence in Southeast Gainesville, inspired by research conducted by Ronald Haase (Classic Cracker: Florida's Wood-Frame Vernacular Architecture, 1992). Thus, I have some insight into traditional common frame building construction and house forms. I received a B.A. in Anthropology from the University of Florida in 2009, with a special focus on archaeological questions. My research interests included, but were not limited to, historical archaeology as it relates to the African diaspora. My experience in archaeology has a wide breadth, but has been deeply informed by both field and laboratory work at Kingsley Plantation and the San Juan del Puerto sites within the Timucuan Ecological and Historic Preserve National Park in Jacksonville Florida; sites associated with plantation occupation and the early contact period respectively. I believe I am well suited to sit on the Historic Preservation Board as a member with expertise and interest, in history, archaeology, and architecture. I would be very honored to serve the community in this capacity and to help stimulate public interest in the conservation of a wide range of Gainesville's cultural resources.

## **Interests & Experiences**

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

I have served as an appointed Commissioner to the Historic and Design Advisory Committee (HDRC) at the City of San Antonio, TX. I have experience in the federal guidelines of the Ministry of the Interiors that govern development activities in historic districts. I am a practicing urban planner and have practiced architecture for almost ten years. I understand how critical the decisions to build or expand existing structures are in historic districts, thus I am very interested in bringing my experience to serve the City of Gainesville.

## JAMES "JAY" D. REEVES

YEARS OF EXPERIENCE: 29

REGISTERED ARCHITECT, State of Florida, 1991 AR-0013462  
HISTORIC PRESERVATION ARCHITECT

### PROFESSIONAL HISTORY

1994-Date:	PRINCIPAL ARCHITECT	JAY REEVES ARCHITECT
1990-1994:	PRINCIPAL ARCHITECT	BHHR, ARCHITECTS, Gainesville, FL
1986-1990:	ARCHITECTURAL DESIGNER	RS&H, Jacksonville, FL
1986	GRADUATE ASSISTANT	Preservation Institute, Nantucket, MA

### QUALIFICATIONS SUMMARY

In his 29 years of experience, Mr. Reeves has been a Project Architect and Designer. He has specialized in Historic Preservation and Redevelopment Planning and Design for the last 29 years. He is experienced in HABS documentation, rehabilitation and restoration work including special category grant work with the Florida SHPO. He is versed in the Secretary of the Interiors Standards for Historic Preservation, he has presented Federal Tax Credit projects in Tallahassee and Washington DC on behalf of Clients. He has assisted with both grant writing and administration for State Historic Preservation Special Category Grants for Haile Plantation House and the Matheson Center Museum totaling approximately \$1,000,000. He is experienced in master planning projects, phased implementation of projects, relocation and stabilization of structures, tax certification and National Register nominations. He is also experienced in programming and adaptive use design including historic research and documentation of historic structures, including applying LEED to historic adaptive use.

His specialty is wood and masonry structures from the 1850's through the 1950's. His specialization in Historic Preservation is complemented by further specialization in Urban Redevelopment and has worked extensively with the Gainesville CRA on numerous urban projects, proposed a Downtown Historic/Redevelopment District that was not adopted. He is a strong advocate of New Urbanism and Downtown redevelopment and has worked with The McGurns here and in St. Augustine, and AMJ on various redevelopment and new developments and also with John Flemming of Trimark in University Heights. The proposed San Sebastian Redevelopment project at the utility brown field site in St. Augustine, a mixed use development of hotels, housing, retail and a marina located off King Street at the winery for Ken and Linda McGurn though not built offered a large redevelopment project adjacent to Lincolnville in a historic context.

He also has unique experience with the design and construction of four clock and bell towers with the largest at 110 feet tall, and the most recent the clock tower at Santa Fe College. Additionally several new Structures for Santa Fe College including developing architectural guidelines for, and then helping with the exteriors of the soon to be built Blount Hall working with Harvard Jolly Architects on West University Ave.

**RESTORATION OF THE ANDERSON HOUSE 2017.** My historic research had dated the large two story house to the 1854 where it originally was a 300 acre tract with Alachua County's first sawmill making it a timber plantation predating the city, and likely the 2nd oldest in the city. Today located at 306 NE 7<sup>th</sup> Ave facing the Thomas Center. Tillman Ingram who ran the saw mill also built all of the city's first buildings including courthouse, school commercial buildings and early residences including Oak Hall his own mansion located at the present Hippodrome site at the foot of Main Street.

**PRESERVATION ARCHITECT :** Seven- structure moving projects, three structure lifting projects, two burned building renovations and numerous Historic Restorations/adaptive use projects.

## **PLANNING EXPERIENCE:**

1985 Visited Miami as a student and spent a day touring projects of, and hanging out at the Coral Gables office of young visionary Architect/Planner Andreas Duanny who profoundly influenced my career and cemented my New Urbanist attitude.

1986-1990 RS&H Master Planning of many large and unique projects including airports worldwide, office complex developments in Jacksonville, Riverfront large scaled redevelopment projects including North Bank River walks. Sat the Jacksonville Airport and surrounding area: World trade port master planning including architectural design of trade port Clock Tower. Design team on Terminal expansion, parking garages and road way circulation system.

1990- Present Savannah pointe neighborhood planning entry gates, design guidelines and all early residential structures.

1998- Commerce Building site, adjacent Row Houses and unbuilt parking garage all spec designed prior to locating a developer or engagement of Civil Engineers. Project developed partnering with CRA Director.

2000 - Redevelopment of the former Scotty's lumber warehouse on West University Ave. I masterplan the project using existing paved parking, existing warehouse structure, introduced new linear street front retail buildings. The project was fully planned out prior to hiring the Civil Engineer. The project team worked with City planning staff to create the TCEA (TMPA) for this project and others to follow.

2000- Worked with Andreas Duanny team as the project Architect for conceptual master planning. Gave a personal tour of Downtown and Duck Pond to Duanny and the team.

2005 – Stienhatchee Villages Neighborhoods, including river front Florida cracker vacation homes and marina.

2006 – River gate Mixed Use Project- Steinhatchee, Residential, Retails Marina 6 story, 500 Million Development stopped in permitting due to the recession.

### **CITY OF GAINESVILLE PRESERVATION EXPERIENCE:**

He has been an ongoing member of the Historic preservation for approximately 25 years and has worked closely with Rick Smith, Dee Henricks, Sal Cumella, Cleary Larkin, and Jason Simmons. Has been Chairman and Vice Chair numerous times. Originally asked to be on the board by Norm Bowman City Manager.

Has participated in the expansion of the North East Historic District, The addition of University Heights North and South expansion districts and has advocated for protection of our downtown structures through a historic/redevelopment district or other means such as a conservation district.

Participated in the writing of Historic Guidelines specific for each district and continues to push for improvements.

Has faced legal challenges to the board from developers. Has dealt with Local Land marking of buildings and the legal shortfalls in the current ordinances. Has been working with code enforcement for years to prevent demolition by neglect since the early 1990's and continues to push for legal remedies or this ongoing threat to historic structures.

Has worked directly with the CRA in the redevelopment districts always with an eye to protection and featuring historic structures. Believes strongly that redevelopment should work hand in hand historic districts and structures.

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

I grew up on Northwest 5th Avenue from 1979-1990 and there are ZERO traces that black families lived there. Families and history has been erased all over the Gainesville I grew up in and I would like to preserve some areas before Developers buy up all of the Real Estate from people like myself who can only remember Mom's Kitchen but can't visit the building because it was not deemed of Historical value. Many families grew up eating there and many politicians got deals done there but the world and Gainesville will never know now.

Question applies to Historic Preservation Board

**Why are you interested in serving on the Historic Preservation Board?**

---

I Interned with the City of Fort Pierce and I attended the board meetings with the planners each week and the Historic Preservation Board meetings were always very interesting. After taking a Florida History class here at UF I was able to learn about Gainesville's history and just how many areas around town are deeply rooted in the cities history. I empathize with the importance of keeping the original character of the town and I would love to learn even more about Gainsville's history.

Question applies to Gainesville Community Reinvestment Area Advisory Board

**Why are you interested in serving on the Gainesville Community Reinvestment Area Advisory Board?**

---

Having lived in Gainsville for a few years now I enjoy frequenting Depot Park. I took some time and learned about its history and how it was developed I'm really impressed with the reinvestment in the area, in fact, I even showed the park to the planners at the City of Fort pierce to use as an example/reference for a project we were working on. I think the City of Gainsville does a great job at reinvesting in their city and would like to learn and be a part of that process.

Question applies to Historic Preservation Board

**How many terms have you served on this board or committee previously?**

---

0

Members of all City of Gainesville Advisory Boards and Committees must only serve two (2) consecutive terms, except for the City Plan Board, Development Review Board and Historic Preservation Board. Members of the State Housing Initiatives Partnership must only serve three (3) terms.
