Misc Info:

Occupation: Student

Boards Applying For:
 Gainesville Human Rights Board
 City Beautification Board

Training/Experience:

I believe that I have had a lot of experience in dealing with human rights issues, not in an institution, but in everyday practices.

I am

a student at UF, and believe that human rights issues there aren't being represented. I feel that I can contribute to the representation of my fellow students, and citizens of Gainesville.

I also feel that

I will be able to contribute to the city by means of making sure that it will stay beautiful. I feel that I could view decisions in construction and development in the city with the aspect of apperance of the city in mind.

I have had some experience through the university in relation to politics. I was the Murphree Area Council President in the summer of 1999. I have volunteered in such organizations as Rock the Vote, GatorPac, helping to organize Student Government's Why Care Day, and volunteered for the Democratic Coordinated Campaign.

To show my dedication when being involved, I will explain how I am an active member in my fraternity, Zeta Beta Tau.

In the fraternity I hold several chairs, including T-shirt chair (which creates the design of the shirt, and the organization of the selling of them), Dance Marathon Chair (makes sure my fraternity is active in this event which benefits Shands and the children's miracle network), Historian Chair (takes pictures and film to record the historical events in the fraternity), and I am Chapter Room Chair, (which maintains the place where we hold our meetings).

I have been

very active in the university, now I would like the opportunity to be active at the city level.
