City of Gainesville, Florida  
Fiscal Year 2019

# **City Manager's Budget Message**

**CITY MANAGER’S BUDGET MESSAGE**

**THEME: Investing in Our Future**

**DATE:** June 29, 2018

**TO:** THE CITY OF GAINESVILLE COMMISSION AND THE CITIZENS OF GAINESVILLE

**FROM:** Anthony Lyons, City Manager, City of Gainesville, Florida

The City Manager’s recommended Fiscal Year 2019 budget is the second year of a two-year budget. The approved FY18 Budget included an approved FY19 Plan, which is the foundation for the FY19 proposed budget. This recommended budget has been developed collaboratively with the City Commission, City Charter Officers, department leaders, budget and finance staff, and with public input. Much like last year’s adopted budget, the proposed FY19 budget reflects our community’s continued interest in building a transformational and equitable future for all citizens. Moreover, as we build on last year’s budget, we continue to focus on strategic investments that help us to plan for a better future. With the adoption of the two-year budget, we promised we would diligently pursue operational excellence in the quest to become the most citizen-centered city in the world. The budget message for FY19 outlines the key investments we are making through the framework of our four strategic guiding principles which are:

How might we...

- Support a strong economy?
- Foster Greater Equity?
- Plan for a better Future?
- Be a Community Model?

The FY 19 Budget continues to invest in citizen-centered approaches that either begin or continue to improve on programs, projects, and services that address City Commission priorities as framed by each principle.

*How can I  
empower you?*

CITYOFGAINESVILLE.ORG

### **Supporting a Strong Economy**

First, under the guiding principle of supporting a strong economy, we are identifying ways to cultivate job diversity and economic vitality in Gainesville. Out of the budget process, we reaffirmed that a FY 19 budget priority is to “Vitalize the local economy through increased employee wages.” As an organization, we recognize the journey toward operational excellence begins with people, notably via important investments we are making in our workforce. The City Commission approved a minimum living wage of \$12.25 per hour in FY 17 with annual increases approved in the FY 18 budget and FY 19 budget plan to take the city’s hourly wage from \$12.75 per hour to \$13.25 per hour. The proposed \$126.22 million General Fund FY 19 budget includes \$3.66 million of incremental funding for pay adjustments, and an allocation for a Total Rewards Study, designed to assess the status of total city employee compensation structure.

This proposed budget also includes additional funding of \$504,000 to address staffing support needs such as an Internal Controls Analyst, Housing Support Staff and Human Resource/Talent Acquisition Representatives.

### **Fostering Greater Equity**

The guiding principle of fostering greater equity requires a commitment to build equity and vibrant neighborhoods throughout Gainesville. As an iterative step in the process, this budget funds efforts to vitalize the availability and dispersion of affordable housing in Gainesville to include extending city support for a Homeless Services Contract, hiring a consultant to develop a Housing Action Plan with input from a Community Housing Summit and adding two support staff in the Housing Division to focus on development of long-term strategies to increase availability of affordable housing in Gainesville. The fiscal impact of this priority to the FY 19 budget is \$484,000.

### **Planning for a Better Future**

Planning for a better future is perhaps the most aspiration of our guiding principles in that its intent is to shape a bright future for each and every person in Gainesville. Key to its realization is ensuring that our city’s natural, economic and cultural resources are within everyone’s reach and preserving the quality of life we enjoy today and hope for tomorrow. From this orientation, three FY 2019 priorities emerge. They are: 1) Vitalize the future of our community by providing enhanced youth programs and services; 2) Establish a Department of Mobility and a Vision Zero Program; and, 3) Establish a Zero Waste Program modeled on best practices from around the country.

*How can I  
empower you?*

CITYOFGAINESVILLE.ORG

In this proposed budget, several youth initiatives including the Reichert House, Phoenix Neighborhood, and Wallace Foundation coordination are funded at \$175,000. The future restructuring of the City's Public Works Department will augment Gainesville's transportation resources with the formation of the Department of Mobility. This new focused effort to improve transit-related services will include RTS, parking, transportation planning, traffic operations as well as pedestrian and bike initiatives. Vision Zero, a plan to end traffic deaths and injuries on our streets, will additionally be housed there. Just over \$355,000 is included in the recommended budget in support of this priority. Lastly, in a joint City of Gainesville/Alachua County effort to design a waste management system for the city that reduces, diverts and recycles our waste, \$155,000 is provided in the recommended budget to fund a Sustainability Manager, hire a consultant to develop a Zero Waste Strategic Plan, and to perform a Waste Composition Study.

### **Becoming a Community Model**

This guiding principle provides the creative space for the outside-of-the-box thinking that is required for the spark of ingenuity and partnership to thrive in Gainesville. Gainesville can be a city known for breakthrough ideas that enhance the lives of local and global citizens. It is achievable through fostering cross-disciplinary connections among educators, business leaders, citizens, civic entities and more. Ingenuity, experimentation and partnership inform the two FY 19 budget priorities under this guiding principle. They are: 1) To become known for widely dispersed accessibility to broadband and wireless internet, and 2) To foster a lasting cross-disciplinary partnership with the University of Florida.

Present broadband and connectivity options in the City of Gainesville are potentially insufficient. In response to this problem, city staff have developed, issued, and are now reviewing responses to an Invitation to Negotiate (ITN) proposal to explore pathways for making broadband faster, cheaper, and more accessible. Additionally, the city is in discussion with the University of Florida regarding the expansion of the UF's Eduroam Wi-Fi network into priority areas. As part of this expansion residents would also be able to access free Wi-Fi in specific zones. This budget proposes \$74,000 to fund bandwidth costs associated with the UF Wi-Fi network, work related to the Broadband ITN, and a percentage of time that a projected Director of Technology position would dedicate to broadband and connectivity projects.

The first step taken toward fostering a lasting cross-disciplinary partnership with the University of Florida was taken at the annual State of the City address on February 14, 2017. Mayor Poe and UF President Kent Fuchs signed a Memorandum of Understanding (MOU) to formalize a collaborative partnership that supports implementing our respective strategic plans.

Both plans align around a vision of Gainesville defining and becoming the *New American City*. Working together is critical to successfully envisioning and planning creative new ways to solve problems.

This work continues through collaborative planning with UF to leverage more than \$300,000 in research grants enabling the UF Campus and greater Gainesville community to serve as a living laboratory to address real-world problems in the local community. Partnership with the Bob Graham Center at UF to develop a fellowship program model for selecting the university's top talent and immersing them into local government has yielded exceptional results. The inaugural cohort of four fellows is concluding a year of dedicated service as a design team providing unique skills in areas of digital services, research and prototyping, communications and engagement, and visual design. A new cohort has been selected to begin work in August 2018.

Other collaborations include the city's participation in the national non-profit, Cities of Service coalition, to provide support and resources for leveraging volunteers to solve community issues, as well as active engagement with the Smart Cities Lab, which is a peer-to-peer network of cities working collectively to solve common problems. Gainesville's participation includes the City Manager's appointment to the Smart Cities Advisory Board, the Autonomous Vehicle Shuttle Project (also known as the Autobus), and the Smart Lighting efforts citywide to create enhanced lighting and generate energy savings.

To continue this progress, the FY 19 budget recommendation provides \$153,800 to support planning for shared use of space at the Catalyst Building, including installation of a smart cities lab; hiring a Civic Collaboration Specialist to support the City/UF partnership governance, and build-out of a volunteer corps network; continuity in leveraging Fellows as a design team; continuing work on array of partnership projects such as the autonomous shuttle, Community Resource Paramedic pilot program, and more.

Other noteworthy investments in the FY 19 budget include those made in upgrades and improvements to our technology such as our website and broadcast system, body worn cameras for law enforcement, and LED streetlight upgrades with smart lighting controls to name a few. We launched plans to renovate City Hall, commission a city-wide ADA study, provide additional staffing and operational support for facilities maintenance, Depot and Forest Park as well investing in 352 Arts programs.

While we make these investments, it is worth noting this budget holds the line against any increases in Millage Rate, Fire Assessment Fee or any fees for service. The budget does include additional revenue of \$2.7 million attributable to increased Utility Tax proceeds as a result of the GREC purchase in November of 2017.

These investments represent down payments, on the future prosperity of this community and are form a fiscally sound foundation for a flourishing, vibrant and healthy Gainesville community. Like any investment, these priorities require competent stewardship and agile leadership as we consider the fiscal uncertainties of the future. While we cannot know the future, we can help to shape it by the things we invest in today: Our people, our assets and our community. Warren Buffet said it's easier to look back than to look into the future because the "rearview mirror is always clearer than the

*How can I  
empower you?*

windshield.” Our future depends on our ability to look forward, past the windshield and see the best route to build and journey on, together with common purpose.

Thank you for your thoughtful consideration of the proposed Fiscal Year 2019 Budget. I welcome the opportunity to continue working with you to successfully lead the City of Gainesville through its intentional progression to become an iconic *New American City*.

Sincerely,

Anthony Lyons, City Manager  
City of Gainesville, Florida

(Chicago, Illinois)--Government Finance Officers Association is pleased to announce that **City of Gainesville, Florida**, has received GFOA's Distinguished Budget Presentation Award for its budget.

The award represents a significant achievement by the entity. It reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, the entity had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

Budget documents must be rated "proficient" in all four categories, and in the fourteen mandatory criteria within those categories, to receive the award.

When a Distinguished Budget Presentation Award is granted to an entity, a Certificate of Recognition for Budget Presentation is also presented to the individual(s) or department designated as being primarily responsible for having achieved the award. This has been presented to **Budget & Finance Department**.

There are over 1,600 participants in the Budget Awards Program. The most recent Budget Award recipients, along with their corresponding budget documents, are posted quarterly on GFOA's website. Award recipients have pioneered efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.

*Government Finance Officers Association is a major professional association servicing the needs of more than 19,000 appointed and elected local, state, and provincial-level government officials and other finance practitioners. It provides top quality publications, training programs, services, and products designed to enhance the skills and performance of those responsible for government finance policy and management. The association is headquartered in Chicago, Illinois, with offices in Washington D.C.*

All Funds  
Summary of Revenues

---

On the following pages is a discussion regarding the total revenue sources and total expenses for all funds within the City of Gainesville. The first section contains information regarding where each dollar comes from and where these dollars are shown.

---

## All Funds Summary of Revenues

---

The FY19 proposed total sources for the City of Gainesville is \$379,797,105. The largest portion is from Miscellaneous Revenue (38%) which includes interest earnings and gain and loss on investments, rental of City buildings and assets and premium reimbursements. The majority of interest earnings and gain and loss on investment is found within the City's Fiduciary and Proprietary Funds. The Fiduciary Funds are used to fund the City's retirement systems and other post-employment benefit trust funds and the Proprietary Funds are used to account for the City's Enterprise and Internal Service funds.

The second largest source of revenue is transfers (\$77.4 million in FY19). The majority of these transfers can be attributed to the transfer made from Gainesville Regional Utilities to the General Fund (\$38.3 million in FY19), which is a proxy for the cost to GRU to do business in Gainesville if it was not municipally owned.

Taxes are the third largest revenue source for the City (\$59.5 million in FY19), with the majority received in the General Fund (\$50 million). Property taxes make up about 60% of the total taxes in the General Fund with the remainder being Utility Taxes (\$13.8 million), Communications Services Taxes (\$4.0 million), Business Tax (\$ 840,000), Local Option Gas Tax (\$ 1.1 million) and Hazmat Gross Receipts Tax (\$ 155,000).

Charges for Services account for 13% of all revenue sources for the City. The bulk of these revenues are found within our enterprise funds for fees paid by users for solid waste, stormwater, building inspection and transit services, along with fees associated with the golf course. Other charges for services can be found in the General Fund in alignment with our indirect cost plan, fees for recreational services, traffic engineering & signal services and outside contracts; such as the contract with Alachua County School Board for School Resource Officers, the contract with North Florida Medical Regional Hospital for police officers and the contracts with Gainesville Regional Airport Authority to pay for security and fire services.

Intergovernmental revenues make up about 7% all of sources received by the City. This revenue source includes funds received by Federal, State and local agencies for grant awards for specific activities, including CDBG and HOME funds, Regional Transit System grants and FDOT grants. Another large portion of this revenue source is the State Revenue Sharing program and Local Government Half Cent Sales Tax. The remainder of these funds are collected from traffic signal maintenance agreements and contributions from other entities.

Internal service fees provide about 4% of total sources across all funds, entirely housed within the internal services funds. These funds include our fleet replacement and management programs as well as the City's self-insurance funds.

Permits, Fees and Assessments make up only 3% of the total revenue collected by the City, which 60% of the total can be attributed to the Fire Assessment fee following an increase to the rate per factored fire unit in FY18. The majority of the remaining permits, fees and assessments are associated with building permit fees collected in the Florida Building Code Enforcement Fund (25%).

Fines and forfeitures make up less than 1% of total sources for the City. The General Fund contains most of these sources through court fines, code enforcement penalties, parking fines and false alarm penalties.

The following pages contain a description of the City's major revenue sources including the underlying assumptions for the revenue estimates and significant revenue trends.

---

## All Funds Revenues - Utility Transfer

---

The Utility Transfer is the General Fund's single largest revenue source, comprising approximately 30% of total revenues within the General Fund. The ten year trend in this revenue is detailed below:

In 2014 a new transfer methodology was developed which would be consistent with the philosophy of providing a proxy for what an investor-owned utility would pay, assisting the utility in maintaining a competitive rate structure, and generating for General Government the resources necessary to maintain service delivery levels. The new formula created a base equal to the FY14 GFT level that would have been produced prior to FY11, provided a fixed growth of this base by 1.5% per year and the property tax revenue that would accrue to the City of Gainesville from the biomass plant would be deducted from the GFT amounts. This agreement is effective for FY15-FY19 and will be renegotiated prior to the FY20 budget. An adjustment has been made to the GFT following the 2017 purchase of the biomass plant by GRU, which removes the property from the tax rolls and removes the property tax credit to the GFT. As a result, the GFT increased in FY19 and the property tax revenue decreases by an equal amount, approximately \$1.4M in each year.

## All Funds Revenues - Property Tax

Property tax has traditionally provided a consistent source of revenue and has been a staple of Florida municipalities' revenue composition. Both the volume and the stability of this revenue source have been affected by legislative action and the economic downturn in recent years, converting this into a much less predictable component of local government revenue.

After an extraordinary absolute decline in our taxable property value in FY11, the tax base fell again in FY12, from \$5.61 billion to \$5.41 billion, a decline of \$200 million or 3.6%. The base continued to drop in FY13 for the third straight year, this time by 4.44% to \$5.17 billion. In FY14, the City had a slight uptick of 0.2% in taxable property value. FY15 saw the first significant growth in property value of 9.07%. There was a steady increase of 2.3% in FY16 and the FY17 budget represents a 4.33% increase over FY16. The FY18 value provided by the Alachua County Property Appraiser's office is 8.6% greater than the FY17 value and the FY19 plan value is 6.3% greater than the FY18 value. This inflationary factor used for FY19 was based on information published from the state of Florida's ad valorem estimating conference by Florida county. Taxable value numbers for FY18 had a larger than expected increase of 8.8%. The growth is primarily composed of appreciation in value of existing properties, with \$122 million in new construction and \$406 million in valuation growth.

The increase in property tax revenue in FY18 includes \$1.4 million from the adopted increase in the millage rate from 4.5079 to 4.7474, \$1.8 million due to the increase in total taxable property values and \$0.6 million generated by new construction. Additionally, the biomass plant was purchased by GRU in November 2017, removing it from the property tax rolls for FY19 and beyond. This decreases the property tax revenue to the city by approximately \$1.4M, which is offset by an increase to the GFT of an equal amount.

---

## All Funds Revenues - Utility Tax

---

Utility tax revenues are generated through taxes levied on electric, water, and natural gas utility customers who reside within the City's corporate limits. Utility tax revenues are a function of three variables; number of customers, consumption per customer, and price. FY14 through FY17, the Utility has initiated efforts to address rate challenges in part through reductions to their operating and maintenance expense levels. These reductions, which flow through base rates, have in turn negatively impacted utility tax receipts in the General Fund. Electric rate changes have the most significant impact on this revenue source. Due to the purchase of the biomass plant by GRU and an increase in base electric rates mid-FY18, the amount of utility tax charged will increase by approximately \$2.7M in FY19. Utility tax will increase for a portion of FY18, but this was not anticipated during budget development, was not included in the FY18 budget, and therefore, is not reflected in the graph.

---

## All Funds Revenues - Half Cent Sales Tax

---

Half cent sales tax revenue and state revenue sharing are both funded by sales taxes collected by the State and allocated to local governments on a formula basis. Half cent sales tax is based on taxes collected within Alachua County while state revenue sharing is based on taxes collected state-wide. We are anticipating growth in these combined sources for FY18 and FY19 of approximately 6.7% and 4.1%, respectively.

Based on this estimated growth, the following graph demonstrates projected half cent sales tax revenues for the FY18 - FY19 budget process.

---

## All Funds Revenues - Communications Services Tax

---

This revenue source is one of the General Fund's least predictable revenue streams. Several factors affect these receipts. One is common to all locales; the fact that the use of land lines is diminishing, due both to economic factors and to the increasing popularity and functionality of cell and smart phones. The other reason is more unique to Gainesville. Being a university city, not only do a large percentage of students have cell phones rather than land lines, but the billing address (which is where the revenue flows) may be the home address of the student rather than their address here in Gainesville.

---

## All Funds Revenues - Fire Assessment

---

The fire assessment was implemented in FY 2011 and was based on a charge of \$78 per factored fire protection unit, intended to cover 50% of the cost of fire protection at the time. Fire protection units are developed based on a combination of the usage and the square footage of the structure. The cost of fire protection has increased over time since implementation of the assessment, so the adopted fee of \$78 per FFPU now only recovers approximately 42% of the cost of fire protection. The FY18 adopted budget includes a revised fire assessment of \$101 per FFPU to cover 50% of the cost of FY18 fire protection and remains at \$101 per FFPU for FY19.

## All Funds

### Revenues - RTS Contracts with University of Florida & Santa Fe College

The City's Regional Transit System (RTS) operations, as well as its financial picture, is dominated by the relationship with the University of Florida. As the chart below demonstrates, over fifty percent of RTS' FY19 operating revenues are related to services provided to the University of Florida and Santa Fe College. These contracts represent negotiated amounts based on the cost of providing bus service to students. UF and Santa Fe include a transit fee on each credit hour enrollment which provides the funding source.

---

**All Funds**  
**Revenues - Solid Waste Collection Fees**

---

Solid Waste Fund covers the cost of a third party contract for waste and recycling collection. Customers are charged based on cart size billed monthly through GRU. Solid Waste management staff is estimating a gradual growth in households served of 0.6% per year over the forecast period. Solid waste collection fees are now included in the City's policy of increasing fees by 5% every other year; therefore, the increases in even years are attributed to the fee increase.

**All Funds**  
**Revenues - Stormwater Fees**

The objective of the stormwater program is to improve Gainesville’s water quality. In order to achieve this, staff performs maintenance of basins and ditches as well as the stormwater system. Entities are billed based on their factor of Equivalent Residential Units (ERU). The table below outlines the estimates for ERU growth in FY19.

Below is the rate history and rate estimates through FY19 for the Stormwater Management Utility Fund (SMUF). From FY07 to FY11, the City Commission authorized a 25 cent per month per ERU increase in each of these years to provide funding for the completion of water quality improvement capital projects. The City Commission approved a 5% increase to fees on even years as part of the FY18 budget approval.

SMUF RATE FORECAST PER ERU			
	Capital	Operating	Total
<b>FY12</b>	<b>1.25</b>	<b>6.90</b>	<b>8.15</b>
<b>FY13</b>	<b>1.25</b>	<b>6.90</b>	<b>8.15</b>
<b>FY14</b>	<b>1.25</b>	<b>7.25</b>	<b>8.50</b>
<b>FY15</b>	<b>1.25</b>	<b>7.25</b>	<b>8.50</b>
<b>FY16</b>	<b>1.25</b>	<b>7.75</b>	<b>9.00</b>
<b>FY17</b>	<b>1.25</b>	<b>7.75</b>	<b>9.00</b>

<b>FY19</b>	<b>1.25</b>	<b>8.20</b>	<b>9.45</b>

---

## All Funds

### Revenues - Pension & OPEB Contributions and Investment Earnings

---

The City operates three defined benefit pension funds and one retiree health insurance trust fund. These pension funds have large employee and employer contributions each year. The employee contributions are set amounts which only change upon negotiations with the City's collective bargaining units excluding MAPS employees. The employer contribution is adjusted annually based on actuarial valuations performed by actuarial firms which are independent of the City.

City staff provide the actuaries with statistical information regarding current employees and retirees. City staff, advisory boards and the pension boards work with the actuaries to agree on certain assumptions regarding investment returns, payroll growth, mortality rates and rates of retirement, among others. Using this information along with current asset values, the actuaries provide the City with required contribution rates. The City has historically always contributed at the required rate and plans to continue this practice.

Investment earnings and gains are exceptionally volatile and difficult to project. These revenues are projected using a combination of historical trends and advice from the City's investment professionals.

All Funds  
Revenues - Internal Service Fund Charges for Services

The City operates three separate internal service funds which collect a significant amount of revenue to provide services to City departments as well as employees. The largest fund is the Employee Health and Accident Benefits (EHAB) Fund which is used to account for the self-insurance plan for employees' health and accident claims. The largest revenues for this fund are the contributions from the employer, employees and retirees for their premiums. These premiums are set annually by the City's Risk Management department based on historical experience and trends in claims experience.

The City's General Insurance Fund operates in a similar manner, collecting premiums from the City's funds to operate a self-insurance plan for workers' compensation, automobile, general and public official liability benefits for both General Government and GRU. The City's Risk Management department sets the premium rates based on each fund's claim history and exposure to loss.

---

All Funds  
Revenues - Internal Service Fund Charges for Services

---

The City also manages a fleet replacement and fleet management fund designed to collect funds from all City departments, including Police, Fire and the Utility for the maintenance and repair of the automobile and truck fleet, fueling costs for the fleet and to provide a funding source for the eventual replacement of those vehicles. This fund covers all City departments, including Police, Fire and the Utility. The Fleet Management department sets the rates to recover costs over time.

---

## All Funds Summary of Expenses

---

Expenses for all funds of the City are budgeted at \$345,486,116 for FY19. One of the largest use of funds can be attributed to public safety, which amounts to 28% of the all funds budget. This includes not only personal services and fringe expenses, but also operating, capital projects expenditures, debt and pension expenditures.

General government services comprises 26% of the total funding available. A significant portion of this function, 59%, is in the fiduciary funds for the payment of services related to the City's pension funds. The other sizeable areas this function covers is in the general fund for such things as legislative, executive and legal counsel. The financial and administrative functions are found in both the general fund and the debt service funds.

Funds spent on transportation across all funds amount to 15% of the total expenditure budget, with the majority of these expenses made in the Regional Transit System enterprise funds. Other projects this functional area involves are in the general fund for roadway maintenance, traffic systems and engineering and parking enforcement and in the capital project funds for improvements made to the road infrastructure and other transportation related projects.

The Physical Environment functions is about 5% of the total funds. The primary element of this function is storm and flood control through our stormwater maintenance fund and related capital projects fund.

Cultural & Recreation makes up about 4% of the total budget and this functional area runs the City's recreation centers, swimming pools and maintains park areas. Another responsibility under this area is the special and cultural events that the City runs and administers.

Economic Environment accounts for 1% of the total funds budget. The greater part of these funds go towards the Community Redevelopment Agency and the four tax increment districts to make economic and physical improvements in designated areas.

**Proposed General Fund Increment Detail**

**Adjustments to Baseline**

Changes to the baseline due to updated projections received subsequent to the FY19 approved plan include adjustments to the baseline representing about \$1.6 million due to contractual changes and previously entered into commitments. These took the City’s General Fund from a projected surplus of \$374,583 in FY19 to an adjusted surplus of \$2,020,604.

	<b>FY19</b>		
	<b>Surplus / (Deficit)</b>	<b>Revenues</b>	<b>Expenditures</b>
Beginning Baseline Revenues		124,270,681	
Beginning Baseline Expenditures			123,896,098
<b>Beginning Baseline Surplus/(Deficit)</b>	<b>374,583</b>		
 <b>Adjustments to Baseline for FY2019:</b>

### City Manager Recommended Increments and Capital Improvement Funding

The May 15, 2018 meeting included a discussion of the City Manager’s proposed increments, totaling \$1,996,200 in FY19. Approximately \$675,000 of the FY19 increments represents pilot or one-time costs. The addition of these increments decreased the proposed surplus to almost \$24,404 in FY19.

	FY19	
	Surplus / (Deficit)	Revenues      Expenditures
<b>Adjusted Baseline Surplus/ (Deficit)</b>	<b>2,020,604</b>	
<b>City Manager Recommended Increments:</b>

### Proposed Capital Funding

The proposed budget includes funding for the projects contained within the FY19 Capital Improvement Plan. Details on all funding sources are included in the detail section of this document.

USES	FY2019
Boardwalk Replacement *	\$ 25,000
Fire Station Exhaust System	10,250
Fire Station Furnishings Replacement	40,999
Fire Station Repairs and Maintenance * & **	100,000
GFR Equipment Replacement **	44,370
GFR Facilities Maintenance & Landscaping *	50,000
GFR Fire Rescue Equipment on Apparatus Replc. *	25,000
GFR Inventory Management System	20,500
GFR Mobile Data Computer System *	25,000
GPD Body Worn Cameras **	81,729
GPD IT Replacement & Support (server & backup)	30,000
GPD Laptops *	250,000
GPD Portable Radios *	195,000
GPD Taser Program	65,717
GPD Vehicle Video Cameras *	130,000
GS ADA Repairs *	25,000
GS GTEC Facility Maintenance & Repairs*	10,000
GS Unscheduled Maintenance & Repairs *	100,000
IT Infrastructure Replacement *	75,000
IT PC Equipment Replacement *	125,000
Median Repair/Improvement *	15,000
Parking Garage Maintenance and Repairs **	50,000
PRCA Park Maintenance and Repairs *	50,000
PRCA Playground Equipment Replacement *	45,000
PRCA Replacement of Diving Boards at Pools *	4,000
PW Mast Arms Painting & Maintenance *	106,553
Sidewalk Maintenance *	100,000
	\$ 1,799,118

Single asterisks indicate recurring projects which continue from year to year while double asterisks represent projects which are funded from multiple sources.

### Proposed Capital Funding from FY19 Bond Issue

Several major capital projects are included in the FY19 Proposed Budget. It is important to note that they represent almost 90% of the proposed bond funding and should be considered “placeholders” as they are likely to change pending the results of related studies funded in FY18 (City Hall Renovations, New Fire Station 9) and ongoing projects such as (LED Streetlight upgrade and Department Wide Radio Replacement). For that reason, the cost of the bond issue and associated utility savings from the streetlight LED/smart lighting conversion have not been included in the FY19 Proposed Budget numbers, but are tentatively expected to be equal and offsetting amounts.

The intent of providing this detail now even though it is preliminary and subject to change is to ensure that the plan for funding these projects with a bond issue is discussed and tentatively approved.

<b>FY19 Bond Issue Capital Projects</b>	
	FY2019
City Hall Renovations **	\$ 2,500,000
LED Streetlight Upgrade with Smart Lighting Controls	6,820,000
Brick Streets Evaluation	50,000
Department Wide Radio Replacement (TRS mobile and portable radios)	1,150,000
Body Worn Camera Initiative **	300,000
Fire Station 5 Feasibility Study	209,010
New Fire Station 9 evaluation & land acquisition**	1,500,000
GFR Equipment Replacement **	970,990
<b>Total Proposed FY19 Bond Issue with GF Repayment</b>	<b>\$ 13,500,000</b>

Single asterisks indicate recurring projects which continue from year to year while double asterisks represent projects which are funded from multiple sources.

### General Fund Reserves

Current policy calls for the City to hold 10% of General Fund revenues in unassigned fund balance. At the end of FY18, the balance is projected to be above the required level.

<b>General Fund Reserves</b>	
<b>Unassigned Fund Balance at 9/30/17</b>	\$ 16,199,506
<b>Unassigned Fund Balance at 9/30/18 (projected)</b>	\$ 12,999,506
<b>Policy Requirement for Unassigned Fund Balance</b>	\$ 12,058,908

**This page intentionally left blank**

# Appendix

**The General Fund** accounts for those resources and their uses traditionally associated with government, which are not required to be budgeted and accounted for in another fund. The General Fund is the City's only major fund.

**Gainesville Enterprise Zone Development Agency**  
**Fund 101**

**Description:** The Gainesville Enterprise Zone Development Agency (GEZDA) Fund is used to account for the objectives and purposes of the GEZDA.

**Funding Source:** The City of Gainesville initial funding to support GEZDA came from the Economic Development Special Revenue Fund.

**Legal Basis:** The City Commission adopted an ordinance creating GEZDA pursuant to FS 290.0056.

**Fund Balance:** There is no planned activity in this fund. The fund balance continues to earn interest until this funding is needed.  
  
The fund balance within this fund is restricted.

**Community Development Block Grant**

**Fund 102**

**Description:** The Community Development Block Grant (CDBG) is used to maintain unique accounting requirements for Federal funds being used to refurbish and rehabilitate deteriorated neighborhoods.

**Funding Source:** The City of Gainesville receives an allocation from HUD for local community development, housing activities and public services. A portion of these funds is set-aside for City projects. Another portion is made available to non-profit outside organizations and other public agencies through a competitive process that involves review and recommendations by the Citizens Advisory Committee for Community Development (CACCD).

**Legal Basis:** Each year the City Commission approves this allocation. Resources in this fund are restricted based on laws and regulations.

**Fund Balance:** There are no significant changes in fund balance.  
The fund balance within this fund is restricted.

**Urban Development Action Grant Fund**  
**Fund 103**

**Description:** The Urban Development Action Grant Fund is used to account for loans made to a local developer for construction of a downtown parking garage. The loan is to be repaid based on provisions of an agreement.

**Funding Source:** The City of Gainesville acquired a grant from the U.S. Department of Housing and Urban Development in 1987 to provide a loan for the construction of a parking garage. The July 1989 grant closeout agreement states that any income received after the completion of the original project shall be used only for activities eligible under Title I of the Housing and Community Development Act of 1974.

**Legal Basis:** The City Commission adopted the recommendation of the East Gainesville SPROUT Task Force to allocate the remaining UDAG revenue for Depot Park recreation facilities per agenda item #050705.

**Fund Balance:** This fund balance is earmarked per agenda item #050705 for Depot Park recreation facilities.

The fund balance within this fund is assigned.

**Cultural Affairs Fund**  
**Fund 107**

**Description:** The Cultural Affairs Fund is used to account for revenues and expenditures associated with various cultural and special event activities provided for the benefit of City residents.

**Funding Source:** Financing is provided by various charges for services and miscellaneous revenue sources.

**Legal Basis:** Each year the City Commission approves this allocation. Resources in this fund are restricted for expenditures related to special events per Resolution # 100962.

**Fund Balance:** Fund Balance in this fund is used to continue to run established programs or to start new programs. The increase in fund balance is from decreased expenditures in this fund as changes are being made.

The fund balance within this fund is committed.

**State Law Enforcement Contraband Forfeiture Fund**  
**Fund 108**

**Description:** The State Law Enforcement Contraband Forfeiture Fund is used to account for law enforcement related projects funded by the proceeds from confiscated property.

**Funding Source:** Sources in this fund are proceeds from confiscated property. Florida State Law forbids anticipation of forfeiture funds for budget purposes, which is why no budgeted expenditures are shown.

**Legal Basis:** Florida Statutes, sections 932.701 through 932.704

**Fund Balance:** The use of fund balance is restricted by Florida Statutes, section 932.701 and is approved by the City Commission on a case-by-case basis.

The fund balance within this fund is restricted.

**Police Billable Overtime Fund**  
**Fund 110**

**Description:** The Police Billable Overtime Fund is used to account for revenues and expenditures associated with billable overtime that the Police Department performs outside of their regular duties both for City events and non-City events.

**Funding Source:** Sources in this fund are from the fees the City charges outside entities for services of the Police Force off duty. Fees are set with the intent to cover variable costs including overtime pay and benefits.

**Legal Basis:** This fund was started in 2008 to track revenues and expenditures associated with this function. Resources in this fund are restricted for billable overtime expenditures per Resolution # 100962.

**Fund Balance:** The fund balance within this fund is committed.

## Community Redevelopment Agency Fund

### Fund 111

**Description:** The Community Redevelopment Agency (CRA) Fund is used to account for the operation of the Community Redevelopment Agency.

**Funding Source:** This fund is primarily funded by tax increment revenues which were created for the purpose of carrying out community redevelopment activities. CRA's Administrative Policy & Procedures for Financial, Budget & Debt Policies states that CRA's budget goal for operational expenses will not exceed 25% of the tax increment from each trust fund individually and in the aggregate.

**Legal Basis:** Chapter 163, Florida Statutes and the Community Redevelopment Agency was established by Ordinance #4074 on May 8, 1995.

**Fund Balance:** The reduction in the negative ending fund balance shows this fund is recovering from the economic downturn and loss of investments in previous years.

The fund balance within this fund is restricted.

**Street, Sidewalk and Ditch Improvement Fund**  
**Fund 113**

**Description:** The Street, Sidewalk and Ditch Improvement fund is used to account for the provisions and financing of paving and ditch improvement projects.

**Funding Source:** Financing is provided by assessments levied against property owners in a limited geographical area as improvement projects are approved.

**Legal Basis:** Florida Statutes, Chapter 170 empowers a municipality to levy and collect special assessments for this and similar public improvements.

**Fund Balance:** This fund balance will be used for future street, sidewalk and/or ditch improvements as approved by the City Commission.  
The fund balance within this fund is restricted.

**Economic Development Fund  
Fund 114**

**Description:** The Economic Development Fund is used to account for revenue and expenditures made to promote economic development. Includes operating expense and rental revenue generated by Gainesville Technology Incubator (GTEC) facility.

**Funding Source:** Sources in this fund are from GTEC facility rentals. In FY14, the GTEC facility management was transferred through contract to Santa Fe College.

**Legal Basis:** Resolution #100962, which requires that these special revenue funds may only be used to report proceeds from specific revenue sources that are restricted or committed for specified purposes.

**Fund Balance:** There are no significant changes in fund balance.

The fund balance within this fund is committed.

**Miscellaneous Grants Fund  
Fund 115**

**Description:** The Miscellaneous Grants Fund is used to account for a large number of miscellaneous gifts and grants, which are single purpose in nature and require minimal special accounting features.

**Funding Source:** Sources in this fund are from various grants; federal, state and local agencies. Appropriations do not occur until the grant has been awarded.

**Legal Basis:** Each grant received is approved by the City Commission and the budgets are not recognized until the grants are officially received.

**Fund Balance:** The change in fund balance is due to the timing of grant revenues and expenditures.  
  
The fund balance within this fund is restricted.

**Water/Wastewater Infrastructure Fund**  
**Fund 117**

**Description:** The Water/Wastewater Infrastructure Fund is used to account for surcharge collections and interest earnings which are to be expended on related infrastructure improvements for water and wastewater.

**Funding Source:** For FY14, sources in this fund were half of the collections on surcharges for water and wastewater. During FY15, the surcharges were eliminated and the remaining fund balance was allocated to appropriate projects. Starting in FY16, this program was re-established with a hundred percent of surcharge revenue being deposited into this fund.

**Legal Basis:** Resolution #160146 specifies that expenditures will be based on: 60% - Single Units/Neighborhood Extensions, 15% - Affordable Housing, 10% - Public Health, Safety, Environmental & 15% for Program Delivery.

**Fund Balance:** This increase in this fund balance is due to the re-established of the program.

The fund balance within this fund is committed.

**Downtown Redevelopment Tax Increment Fund**  
**Fund 610**

**Description:** The Downtown Redevelopment Tax Increment Fund is used to account for certain property tax increments, and interest earned on such funds, which are to be used for specific projects involving downtown redevelopments.

**Funding Source:** Sources for this fund are received from the tax increment dollars from the Downtown District.

**Legal Basis:** The City Commission adopted Resolution R-81-32 on September 21, 1981 for the Downtown Redevelopment area and Resolution 001008 on February 26, 2001 for the expansion area.

**Fund Balance:** The increase to fund balance is due to projected tax increment revenues without projected expenses in the same period.

The fund balance within this fund is restricted.

**Fifth Avenue Tax Increment Fund**  
**Fund 613**

**Description:** The Fifth Avenue Tax Increment Fund is used to account for certain property tax increments, and interest earned on such funds, which are to be used for specific projects involving redevelopment of Fifth Avenue and Pleasant Street neighborhoods.

**Funding Source:** Sources for this fund are from the 5th Ave. and Pleasant St. Tax Increment Districts.

**Legal Basis:** The City Commission adopted Resolution R-80-53 on May 19, 1980 for the Fifth Avenue Redevelopment Area and Resolution R-88-19 on June 13, 1988 for the expansion area.

**Fund Balance:** The increase to fund balance is due to projected tax increment revenues without projected expenses in the same period.  
The fund balance within this fund is restricted.

**School Crossing Guard Trust Fund**  
**Fund 617**

**Description:** The School Crossing Guard Trust Fund is used to account for the surcharge imposed on parking fines to fund the School Crossing Guard Program.

**Funding Source:** Sources for this fund are received from the surcharge imposed on parking fines.

**Legal Basis:** The City Commission approved ordinance 0-95-29 in accordance with Florida State Statute 316.60 which gives municipalities authority to impose a surcharge for this purpose.

**Fund Balance:** The change in fund balance is the intentional increase of the transfer to general fund to cover the cost of the school crossing guard program.

The fund balance within this fund is restricted.

**Arts in Public Places Trust Fund**  
**Fund 619**

**Description:** The Arts in Public Places Trust Fund is used to account for the use of funds to purchase art for new or majorly-renovated City buildings and to accumulate funds to provide art that is accessible to the public.

**Funding Source:** The revenue for this fund comes from a predetermined percentage of City construction projects. Appropriations do not occur until after this revenue has been calculated and the project has been completed.

**Legal Basis:** The City Commission adopted Ordinance #3509 on January 23, 1989.

**Fund Balance:** There are no significant changes in fund balance.

The fund balance within this fund is restricted.

**Capital Improvement Revenue Note 2009**

**Fund 236**

**Description:** This fund is used to account for the debt service requirements of the CIRN of 2009.

**Funding Source:** The debt service payment is funded from General Fund, the Solid Waste Fund and the Local Option Gas Tax (LOGT) Capital Project Fund.

**Legal Basis:** The City Commission adopted Resolution 080995 on July 2, 2009.

**Fund Balance:** The changes in fund balance reflect the variable miscellaneous costs associated with this fund. This fund balance will be monitored and if needed, transfers will be made to cover the overage.

**General Capital Projects Fund**  
**Fund 302**

**Description:** The General Capital Projects Fund is used to account for the costs of various projects.

**Funding Source:** Financing for this fund is generally provided by operating transfers from other funds of the City and interest earnings.

**Legal Basis:** Each year the City Commission approves this allocation through the Capital Improvement Plan and budget process.

**Fund Balance:** The large reduction in fund balance is a result of the completion of the multiyear Police Department Headquarters in FY2014. Fund balance includes amounts unspent but budgeted in prior years for ongoing long-term capital projects. There are both restricted and assigned fund balance within this fund.

**Proprietary Funds** (Enterprise and Internal Service) are used to account for operations:

- (a) that are financed and operate in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods/services to the general public on a continuing basis be financed or recovered primarily through user charges; or
- (b) where the governing body has decided that periodic determination of revenues earned, expense incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Solid Waste Collection Fund  
Fund 420

Description: The Solid Waste Collection Fund is used to account for the City's refuse collection program. The actual collections are performed by a private contractor.

Funding Source: The major funding source for this fund is from user fees collected from franchise fees and refuse collection fees.

Legal Basis: Each year the City Commission approves this allocation through the annual budget process.

Fund Balance: The reduction in fund balance can be attributed Zero-Waste Initiative increments.

**General Insurance Fund**  
**Fund 503**

**Description:** The General Insurance Fund is used to account for costs associated with administering a self-insurance plan for workers' compensation, automobile, general and public official liability benefits. The plan is administered externally.

**Funding Source:** As an internal service fund, sources for these funds are collected from other departments.

**Legal Basis:** Each year the City Commission approves this allocation through the annual budget process.

**Fund Balance:** The reduction of fund balance is a planned savings for insurance premiums throughout the organization.

**Employee Health & Accident Benefits (EHAB) Fund**  
**Fund 504**

**Description:** The Employees Health and Accident Benefits Fund is used to account for costs associated with administering a self-insurance plan for employees' health and accident claims. The plan is administered externally for an annually contracted amount, which is based upon claims.

**Funding Source:** Sources for this fund are collected from the City of Gainesville as an employer and from the employees who choose to participate in the different insurance plans the City offers.

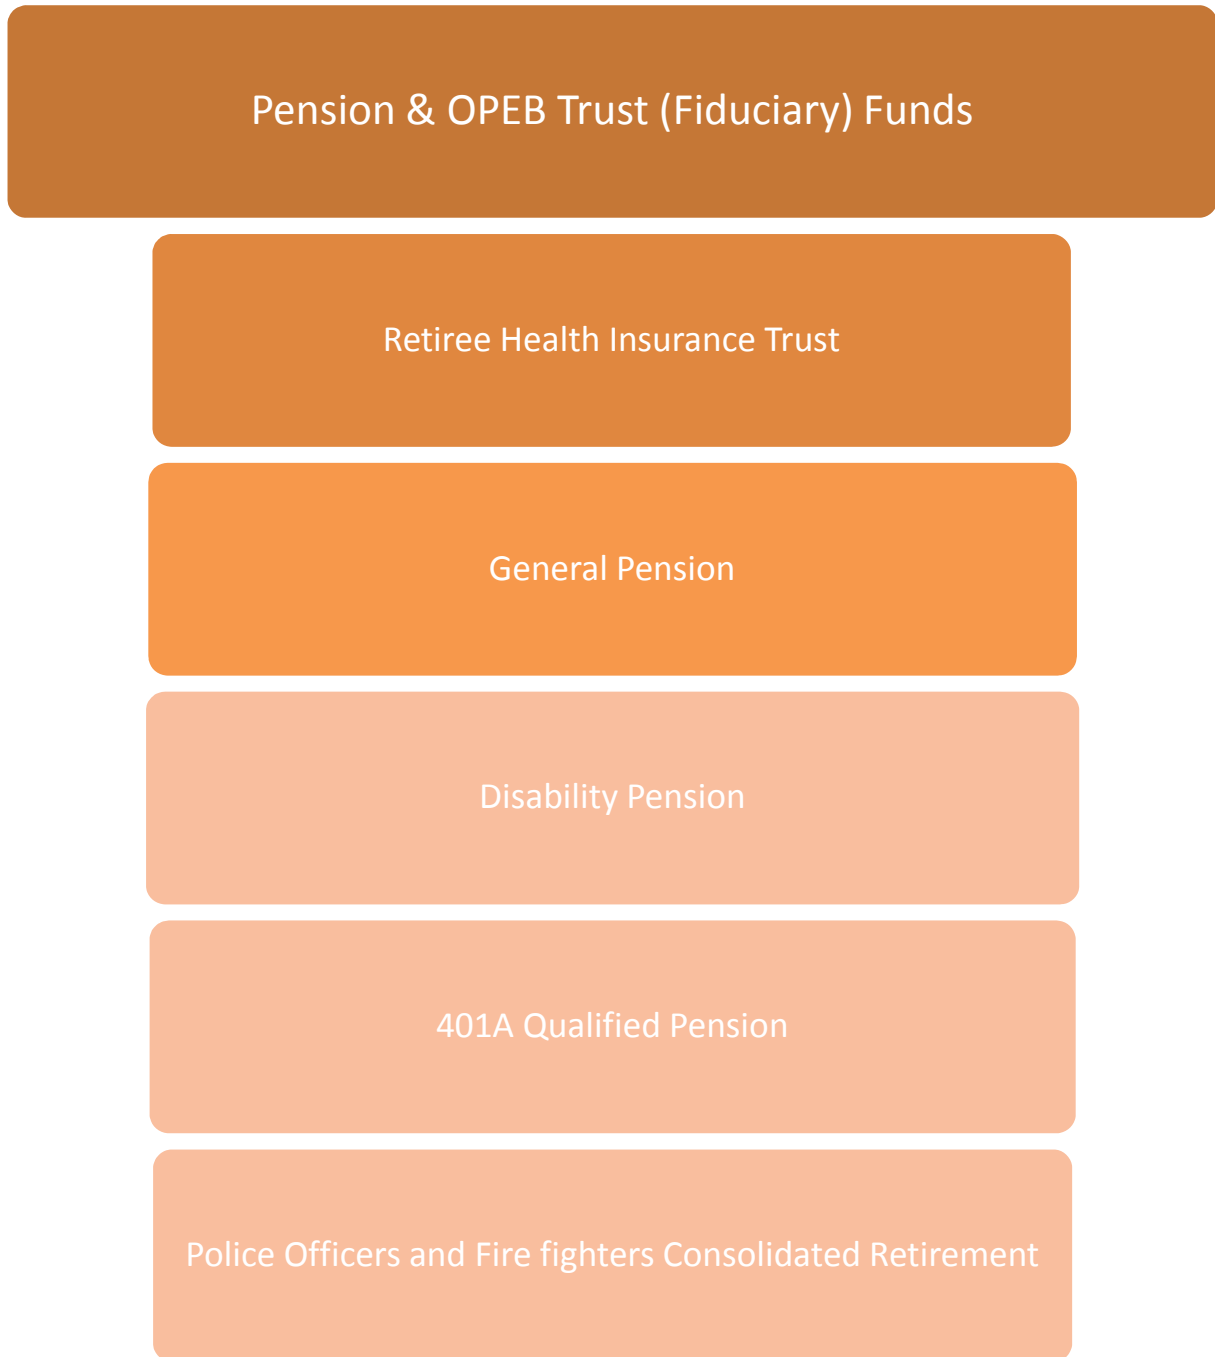

**Legal Basis:** Each year the City Commission approves this allocation through the annual budget process.

**Fund Balance:** There are no significant changes in fund balance.
