Please make sure Ed, other UAB members, and City Commissioners get this.

As Chair of the UAB, I strongly recommend that all UAB members be a party to the confidentiality agreement with GREC. It is our charge to independently evaluate and make recommendations to the Gainesville City Commission on issues regarding GRU. The potential buyout of GREC is about a big an issue that will ever come before us and we must be able to vet this issue while it is in negotiation, even if we must do so individually with commissioners and Mr. Bielarski. This will allow us the time necessary to evaluate this game changing event effectively and make an informed recommendation to the Gainesville City Commission.

I'll make sure this discussion is on the agenda in our next meeting. I've ask Robin to forward this not only to UAB members, but to Mr. Bielarski and each Gainesville City Commissioner. Please remember that no reply should be made to this email by UAB members. We'll have the discussion at our next meeting.

Darin Cook
UAB Chair
