SUBJECT: Ordinance No. 0-05-88

An ordinance of the City of Gainesville, Florida, amending the City of Gainesville Land Code of Ordinances, relating to fees; removing fees to Appendix A from section 6-187, certificates for journeymen; section 14.5-63, application for license; application fee, consent by applicant (adult performance and escort services); section 14.5-67, annual license fee for adult performance; section 14.5-69, name change for an adult performance or escort service business; section 14.5-93, application fee and application for escort license fee; section 14.5-96, annual license fee; section 23-105, registration required for communications facilities or other wire line occupants of public rights-of-way; section 27-80, franchise fees; and section 28-5, duration of franchise, annual reports, fees; amending Appendix A to include fees stated in the above-referenced sections of Code and to increase fees in Appendix A by approximately 5% (rounded to the next quarter) except fees related to the category of utilities, home occupational permit, and fire rescue and the subcategories of special building inspection and trespass towing fees; amending section 23-105, repealing obsolete sections of Code relating to fees; providing directions to the codifier; providing a severability clause; providing a repealing clause; and providing an effective date.

Recommendation: The City Commission adopt the proposed ordinance.

The City Commission, at its meeting of June 27, 2005, authorized the City Attorney to draft and the Clerk of the Commission to advertise an ordinance to remove embedded fees from the text of the Code of Ordinances and place all fees in Appendix A. This change will increase efficiency for the City staff and citizens when ascertaining City fees.

Additionally at the July 13, 2005 and August 15, 2005 budget workshops, the City Commission approved a fee increase of 5.0%. The intent of the proposed fee increase is to adjust fees that have not been increased since fiscal year 2004 in order to reflect the increased costs of providing the associated services. Fees that are not subject to this increase include those that were established or updated in fiscal year 2005, including building special inspections, fire rescue, home occupation permits, and trespass towing. Utilities-related fees are not amended in this ordinance. With the approval of the City Manager, and for ease in administering the collection of fees in the field, staff rounded all fee increases to the next quarter value.

This ordinance requires two readings. If approved on first reading the second and final reading will be September 26, 2005.
