Re: **9-17-20 City Commission Agenda Item #200319** – Appoint a City Commissioner to the Affordable Housing Advisory Committee

Please consider appointing me to the Affordable Housing Advisory Committee.

As you may know, I continue to serve as vice chair of the Transportation and Intergovernmental Relations Committee for the Florida League of Cities. Affordable housing is one of our committee's primary policy priorities and serving as a member of the Affordable Housing Advisory Committee would allow me to advocate for affordable housing on both the local and state levels.

Thank you for considering me for the appointment.
