DISCUSSION OF PENDING REFERRALS

[210129.](#)

Solid Waste Ordinance Updates (B)

Explanation: The Zero Waste Subcommittee has been meeting to discuss various policies related to the reduction, reuse, and recycling of solid waste. Based on this input, community builders have drafted changes to the City's Code of Ordinances to address the commercial, multifamily, special events, and food waste categories.

On July 21, 2021, the Zero Waste Subcommittee heard a presentation from community builders on proposed changes to the City's ordinance and provided direction on additional changes. The Committee also directed community builders to coordinate a "Town Hall" meeting where neighbors and stakeholders can provide input to possible changes to the Solid Waste Ordinance.

On July 31, 2021, the Zero Waste Subcommittee held a Town Hall to discuss proposed ordinance changes and get input from the community. The Subcommittee requested that Community Builders from the Solid Waste Division and the City Attorney's Office return with an update in a month.

On August 31, 2021, Community Builders presented an update on the ordinance work to date. This included a discussion on penalties for not complying with the ordinance. Additionally, the plastic bag and polystyrene components were discussed.

On October 26, Community Builders indicated they would provide an update at each Subcommittee meeting for review and feedback.

At this meeting, the discussion will focus on the Food Waste, Food Diversion and General Ordinance components based on feedback from the November 9, 2021 meeting.

Strategic Connection

This item is connected to Goal 2: Sustainable Community a normal priority.

Fiscal Note: There is no fiscal impact associated with this item.

RECOMMENDATION *The Zero Waste Subcommittee: 1) hear update; and 2) provide input as necessary.*

Food Waste Reduction and Recovery Initiative (B)

Explanation: On November 9, 2021, Community Builder's from the City's Office of Strategic Initiatives, together with representatives from The Repurpose Project and Zero Waste Gainesville, gave a presentation on Food Waste Reduction and Recovery Initiatives underway in our community. Part of the discussion included potential distribution of edible food barriers to humans aligning with our highest priority of food waste diversion.

Mean Database will present information on how their efforts to reduce hunger will assist in the implementation of proposed ordinance language.

Strategic Connection

This item is connected to Goal 1: Equitable Community as a normal priority and Goal 2: Sustainable Community as a high priority.

Fiscal Note: There is no fiscal impact associated with this information presentation.

RECOMMENDATION *The Zero Waste Subcommittee: 1) hear presentation; and 2) provide comment and feedback.*
