## History of Legislative File

Acting Body:	Date:	Action:	Sent To:	Due Date:	Return Date:	Result:
City Commission	6/11/01	Discussed				

**Action Note:** Gainesville Regional Utilities Senior Water/Wastewater Utility Engineer David Richardson and Senior Wastewater Utility System Environmental Engineer Kim Zoltek gave presentations.

NOTE: The City Commission encourages the public to contact staff with their list of concerns and questions to be brought before the EPA at the June 18th, 2001 Joint City/County Meeting. In addition, have staff to look at long term planning aspects of whether this site (near the Murphree Wellfield) might stay industrial, have staff specifically come back with some comments regarding what the current zoning is, in terms of a long term planning strategy and whether this is good for our community.

Chair Tom Bussing recognized Citizens Sara Poll and Jim Konish who spoke to the matter.
