Occupation: Bicycle shop Mechanic/Clerk

Boards Applying For:
Bicycle/Pedestrian Advisory Board
Gainesville/Alachua County Cultural
Affairs Board

Training/Experience:

I am currently employed at a bicycle sales/repair shop. I have been an active cyclist for over five years. I have participated in numerous organized biking events as a competitor and volunteer. This participation has helped me learn how to better interact with people in cycling culture. I will receive my Bachelor's Degree in Anthropology with a Minor in Sociology this December. The idea of improving cyclist/pedestrian relations and ensuring their safety is extremely interesting to me. The strong cycling culture in Gainesville is exciting and fuels my desire to make a difference for them and other pedestrians. My years attending Georgia Southern University in Statesboro, Ga. have afforded me the chance to become a more analytical, quantitative person. I have received credit hours with high marks in courses such as Group Dynamics and Self and Society. Through these classes I have observed and experienced the multi-faceted methods of human interaction.

Education:

College: Georgia Southern University
Graduated
Degree: BA in Anthropology

High School: McIntosh Senior High School
Graduated
Location: Peachtree City, Ga.

Professional Organizations:

I have been a member of NORBA (North American OffRoad Bicycling

Association) for the past year. I participated in the Anthropology club

at GSU and served on many trail maintenance crews. During my many courses at GSU I participated in no fewer than one group per semester for the last two years of my college career. These groups illustrated the structure, process, and socialization that is essential to any collective.
