Mr. Roy Geiersbach
410 N.W. 26th Avenue
Gainesville, Florida 32609

Subject: Parking on N.W. 26th Avenue

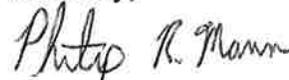

Dear Mr. Geiersbach:

I have reviewed the parking situation in front of your residence. I made the following observations:

1. On Street parking is allowed in front of your residence. There is room for approximately 2 vehicles in front of your residence.
2. You live at the end of a dead-end street. If practical, the right of way in front of your property could be vacated and converted to parking. This will allow you to park a couple of handicap accessible vans at the end of the street and still maintain access to the gate in front of your property. This option would allow you to maximize the private parking in front of your residence.

I hope this addresses your concerns. Please call upon me at 334-5074 if you need any additional information.

Sincerely,

Philip R. Mann, P.E.
Traffic Engineer II
