The following are answers/clarifications to questions received at the mandatory pre-bid conference:

3. Question: Section 4.05 of the specifications states that the owner will not be responsible for GRU in terms of contract time delay yet GRU's work schedule shows work to be performed for longer than the contract duration. Is it expected that GRU will push the contract into liquidated damages?

Answer: GRU Electric has agreed to modify their utility work schedule. The updated utility work schedule will be sent out in the next addendum. Please see an email, below, from GRU Electric.

GRU will inspect and accept the lighting conduit and handholes that the roadway contractor will be installing by the 240th day –

Please have the Contractor contact GRU Electric Inspections (Eugene Green) at 352 339 0340 at least **two business days in advance** of particular sections of conduit (before back-filled!) for it to be inspected.

Thanks,

4. Question: What permits are expected to be obtained and what is the cost of these permits? i.e. electrical permit, MOT permit, etc...

Answer: A MOT/Right of Way permit must be obtained through the City of Gainesville Public Works Department. There is no fee for this permit.

The Contractor shall notify the Department of Transportation Maintenance Office 48 hours in advance of starting any work on the drainage connection and the connection to SW 34<sup>th</sup> Street. There is no fee for this notification.

A CGP Notice of Intent (NOI) (DEP Form 62-621.300(4)(b)) must be submitted online using Interactive Notice of Intent (iNOI) or by paper copy to the NPDES Stormwater Notices Center to obtain permit coverage. This is a large construction activity and the associated permit cost is \$400.

SJRWMD - the roadway contractor will submit a "Construction Commencement Notice", Form 62-330.350(1). There is no fee for this notification.

A building permit (from the Department of Doing) is not anticipated for the roadway contractor.

GRU Electric will be facilitating the electrical connections on this project. The roadway lighting will be GRU rental lights.

5. Question: In section 14.02 the specifications cover testing. However, the specification is a little ambiguous. Can you please tell us what testing the contractor is expected to perform?

Answer: Please refer to the governing standards and specifications as described on the cover sheets of the plan sets. Please see section 105 of FDOT's Standard Specifications for a description of the quality control plan requirements;

GOVERNING STANDARDS AND SPECIFICATIONS:

*City of Gainesville, 2015 Engineering Design and Construction Manual (EDCM)*

*Florida Department of Transportation, 2017-18 Design Standards and revised Index Drawings as appended herein, and January 2018 Standard Specifications for Road and Bridge Construction, as amended by Contract Documents*

*For EDCM click on the "Engineering Design and Construction Manual" link at the following web site:*

6. Question: Will two separate MOT plans be required, one for 40<sup>th</sup> and one for 47<sup>th</sup> or will one MOT plan cover both projects?

Answer: One MOT plan, which incorporates guidance from the Temporary Traffic Control Plans sheets 42-43 of the SW 40<sup>th</sup> Blvd Extension Roadway Plan set and Temporary Traffic Control Plans sheet 13 of the SW 47<sup>th</sup> Avenue Trail Plan Set, will be accepted if the work is to occur simultaneously.

7. Question: What work is covered by the pay item, "Miscellaneous Demolition"? I did not see this covered in the specifications.

Answer: Please refer to FDOT Item # 0110 1 2. This item is described as follows:

**110-1 Description.**

Clear and grub within the areas shown in the Plans. Remove and dispose of all trees, stumps, roots and other such protruding objects, buildings, structures, appurtenances, existing flexible asphalt pavement, and other facilities necessary to prepare the area for the proposed construction. Remove and dispose of all product and debris not required to be salvaged or not required to complete the construction.

*Perform miscellaneous work necessary for the complete preparation of the overall project site as specified in 110-10.*

*110-10.2 Leveling Terrain: Within the areas between the limits of construction and the outer limits of clearing and grubbing, fill all holes and other depressions, and cut down all mounds and ridges. Make the area of a sufficient uniform contour so that the Department's subsequent mowing and cutting operations are not hindered by irregularity of terrain. Perform this work regardless of whether the irregularities were the result of construction operations or existed originally.*

Question: Can you please tell us what all is covered under pay item 145-2; Geosynthetic Reinforced Foundations?

Answer: Please refer to the Stabilized Path Detail on Sheet 11:

**NOTES:**

1. STONE LAYER SHALL CONFORM TO THE FOLLOWING.
  - A. CLEAN, NON-PLASTIC AGGREGATE, FREE FROM DELETERIOUS OR FOREIGN MATTER, MANUFACTURED FROM CRUSHED ROCK OR RECLAIMED PORTLAND CEMENT CONCRETE (LIMESTONE/LIMEROCK NOT ALLOWED).
  - B. LA ABRASION PER FOOT STANDARD SPECIFICATIONS SECTION 901.
  - C. GRADATION OF STONE TO CONFORM TO FOOT STANDARD SPECIFICATIONS SECTION 901.

**STABILIZED PATH DETAIL**

NTS

**145-1 Description.**

This Section specifies the construction requirements for geosynthetics used in: geosynthetic reinforced soil slopes, and geosynthetic reinforced foundations constructed on soft in-situ soils. Furnish and place geosynthetics and any associated facing material or drainage blankets.

**145-2 Responsibility.**

Construct the geosynthetic reinforced feature, including materials, method, and installation based on information provided in the Contract Documents and the geosynthetic supplier's recommendations. Submit shop drawings in accordance with Section 5 showing the details and distribution of the selected geosynthetics that meet the design shown in the Plans. Alternate designs optimizing the selected geosynthetic materials may be submitted. For alternate designs, submit complete design calculations and details which include: plan view, elevation view, and details in accordance with the Contract Documents. These shall show the extent, number of layers of geosynthetic reinforcement, minimum properties of each geosynthetic reinforcement layer, vertical spacing of geosynthetic reinforcement, orientation of geosynthetic facing details, details at special structures or obstructions, typical construction sequence, and top and bottom elevations of the geosynthetic reinforcement. Calculations shall be submitted to substantiate the design meets the requirements of Chapter 31 of the PPM and in accordance with the Contract Plans. As a minimum these shall clearly show the derivation of reinforcement requirements (i.e., type, spacing, length, etc.) and determination of all design parameters and factors. All plans and calculations are to be signed and sealed by a Professional Engineer registered in the State of Florida.

RE: **Florida Safety Contractors, Inc.**

To Whom it May Concern:

This is to advise you that our office has been providing Bid, Performance, and Payment Bonds for Florida Safety Contractors, Inc. for the past twelve years. Their surety is The Guarantee Company of North America USA which carries an A.M. Best Rating of A (Excellent) VIII and is listed in the Department of the Treasury's Federal Register.

Based upon normal and standard underwriting criteria at the time of the request, we should be in a position to provide Performance and Payment Bonds in the amount of \$25,000,000 single job limit and \$75,000,000 aggregate work program. Their current available bonding capacity is \$45,000,000. We obviously reserve the right to review final contractual documents, and bond forms prior to final commitment to issue bonds. We cannot assume liability to any third party, including you, if we do not execute said bonds

Florida Safety Contractors, Inc. is an excellent contractor and we hold them in highest regard. We feel extremely confident in our contractor and encourage you to offer them an opportunity to execute any upcoming projects.

This letter is not an assumption of liability, nor is it a bid or performance and payment bond. It is issued only as a bonding reference requested by our respected client.

If you should have any questions, please do not hesitate to give me a call.

Sincerely,

Kevin Wojtowicz  
Producer

Requester's name and address (optional)

## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

## Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
- If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
